[Docket Number USCG–2012–0970]

RIN 1625–AA00, AA08

#### Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays Within the Fifth Coast Guard District

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to revise the list of special local regulations and safety zones established for recurring marine events and fireworks displays at various locations within the geographic boundary of the Fifth Coast Guard District. This rulemaking proposes to revise Coast Guard regulations by adding 15 new annual recurring marine events, fireworks displays and revising event date(s) and coordinates for 31 previously established locations within the geographic boundary of the Fifth Coast Guard District. This proposed rule would also delete 21 previously listed marine events, fireworks displays and corresponding regulated areas that no longer occur. These regulations would apply to all events listed in the table attached to the regulation, and include events such as regattas, power boat races, marine parades, swimming races and fireworks displays. Special local regulations and safety zones are being proposed to provide for the safety of life on navigable waters during these events, reduce the Coast Guard's administrative workload and expedite public notification of events. Entry into or movement within these proposed regulated areas during the enforcement periods is prohibited without approval of the appropriate Captain of the Port.

**DATES:** Comments and related material must be received by the Coast Guard on or before April 1, 2013.

**ADDRESSES:** You may submit comments identified by docket number using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202–493–2251.

(3) *Mail or Delivery:* Docket

Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for further instructions on submitting comments. To avoid duplication, please use only one of these three methods.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Dennis M. Sens, Prevention Division, Fifth Coast Guard District, (757) 398–6204,

#### **A. Public Participation and Request for Comments**

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

##### **1. Submitting Comments**

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a

mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number [USCG–2012–0970] in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8 1/2 by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

##### **2. Viewing Comments and Documents**

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG–2012–0970) in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

##### **3. Privacy Act**

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

##### **4. Public Meeting**

We do not now plan to hold a public meeting. But you may submit a request for one, using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

**B. Regulatory History and Information**

The special local regulations at 33 CFR 100.501 were amended in the January 19, 2012, issue of the **Federal Register** (77 FR 2632). The purpose of the rulemaking was to revise the TABLE to 33 CFR 100.501 by adding new annual recurring marine events, modifying event date(s) for previously established locations within the geographic boundary of the Fifth Coast Guard District; and delete previously listed marine events and corresponding regulated areas that no longer occur.

The safety zones at 33 CFR 165.506 were amended in the March 23, 2012, issue of the **Federal Register** (77 FR 16932). The Coast Guard revised the list of permanent safety zones in the TABLE to 33 CFR 165.506, for recurring fireworks displays, by adding new locations, deleting previously established locations and modifying previously established locations within the geographic boundary of the Fifth Coast Guard District.

**C. Basis and Purpose**

The Coast Guard proposes to revise the list of permanent special local

regulations at 33 CFR 100.501 and safety zones at 33 CFR 165.506, established for recurring marine events and fireworks displays at various locations within the geographic boundary of the Fifth Coast Guard District. The Fifth Coast Guard District is comprised of the land areas and U.S. navigable waters adjacent to North Carolina, Virginia, District of Columbia, Maryland, Delaware and portions of Pennsylvania and New Jersey. For a detailed description of the geographical area of the district and each Coast Guard Sector—Captain of the Port Zone, please see 33 CFR 3.25.

*Special Local Regulations*

Under 33 CFR 100.35, the Coast Guard District Commander has authority to promulgate certain special local regulations deemed necessary to ensure the safety of life on the navigable waters immediately before, during, and immediately after an approved regatta or marine parade. Currently there are 59 special local regulations that are established and enforced at various periods throughout the year that are held on an annual basis. This proposed rule will decrease the total number of

special local regulations to 51 locations for marine events within the boundary of the Fifth Coast Guard District. This regulation currently includes events such as sailing regattas, power boat races, swim races, holiday parades, crew and other paddle craft races. The Coast Guard proposes to revise the list of special local regulations at 33 CFR 100.501, established for various marine events, by adding 7 new annual recurring events and revising 13 previously established locations within the geographic boundary of the Fifth Coast Guard District. This rule also deletes 15 previously listed marine events and corresponding regulated areas that are no longer occurring.

The Coast Guard proposes to revise regulations at 33 CFR 100.501 by adding 7 new marine event locations to the permanent special local regulations listed in this section. The new special local regulations are listed in the following table, including reference by section as printed in the Table to § 100.501.

No.	Table to § 100.501 section	Location
1 .....	a.14 .....	Intra Coastal Waterway, Ocean City, NJ.
2 .....	a.15 .....	Intra Coastal Waterway, Atlantic City, NJ.
3 .....	b.3 .....	Spa Creek and Annapolis Harbor, MD.
4 .....	b.15 .....	Potomac River, MD (near US-301 bridge).
5 .....	b.16 .....	Potomac River, MD (near National Hbr. Marina).
6 .....	b.20 .....	Patuxent River, Solomons, MD.
7 .....	d.5 .....	Lake Gaston, Littleton, NC.

The Coast Guard proposes to revise regulations at 33 CFR 100.501 by modifying 13 existing regulated areas.

This revision involves changes to event date(s) and coordinates as indicated in the next table. The revised special local

regulations are listed in the following table, including reference by section as printed in the Table to § 100.501.

No.	Table to § 100.501 section	Location	Revision
1 .....	a.2 .....	Delaware River, Delaware City, DE .....	date.

November—4th or last Saturday	Holidays in the City, Norfolk Festevents, Ltd.	Specified waters of Elizabeth River and its southern and eastern branches in the vicinity of Norfolk and Portsmouth, Virginia.

In the past, the Coast Guard regulated marine events by creating individual special local regulations on a case by case basis. Most of these events required only the establishment of a regulated area and assignment of a patrol commander to ensure safety. Issuing individual, annual special local regulations has imposed a significant administrative burden on the Coast Guard.

Additionally, for the majority of these events, the Coast Guard does not receive notification of the marine event, or important details of the event are not finalized by event organizers, with sufficient time to publish a notice of proposed rulemaking and final rule before the event date. The Coast Guard must therefore issue temporary final rules that sometimes are completed only days before the event. This results in delayed notification to the public, potentially placing the public and event participants at risk.

This proposed rule would significantly relieve the administrative burden on the Coast Guard, and at the same time allow the sponsor of the event and the Coast Guard to notify the public of these events in a timely manner. The public would be provided with notice of events through the table attached to this regulation. This table lists each recurring marine event that

may be regulated by the Coast Guard, and indicates the sponsor, as well as the date(s) and location of the event.

Because the dates and locations of these events may change slightly from year to year, the specific information on each event, including the exact dates, specific areas, and description of the regulated area, would be provided to the public through a Local Notice to Mariners published before the event, as well as through Broadcast Notice to Mariners. This table would also be updated by the Coast Guard periodically to add new recurring events, update listed events to ensure accurate information is provided and remove events that no longer occur.

Based on the nature of marine events, large number of participants and spectators, and event locations, the Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of participant injury or death resulting from near or actual contact with non-participant vessels traversing through the regulated areas. In order to protect the safety of all waterway users including event participants and spectators, this proposed rule would establish special local regulations for the time and location of each marine event.

This proposed rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port, or designated Coast Guard Patrol Commander. The designated "Patrol Commander" includes Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port to act on their behalf. On-scene patrol commander may be augmented by local, State or Federal officials authorized to act in support of the Coast Guard.

#### *Safety Zones*

Under 33 CFR 165.23, the Coast Guard District Commander has authority to promulgate certain safety zones deemed necessary to ensure the safety of life on the navigable waters immediately before, during, and immediately after an approved fireworks displays. In this rule the Coast Guard proposes to revise the list of permanent safety zones at 33 CFR 165.506, established for fireworks displays at various locations within the geographic boundary of the Fifth Coast Guard District. For a description of the geographical area of the Fifth District and subordinate Coast Guard Sectors—Captain of the Port Zones, please see 33

CFR 3.25. Currently there are 74 permanent safety zones established for fireworks displays within the geographic boundaries of the Fifth Coast Guard District. This rule will increase the total number of permanent safety zones to 76 locations for fireworks displays within the boundary of the Fifth Coast Guard District. The Coast

Guard proposes to revise the list of permanent safety zones at 33 CFR 165.506, established for fireworks displays, by adding 8 new locations, modifying 18 previously established locations and deleting 6 previously established locations within the geographic boundary of the Fifth Coast Guard District

This rule proposes to add 8 new safety zone locations to the permanent safety zones listed in 33 CFR 165.506. The new safety zones are listed in the following table, including reference by section as printed in the Table to § 165.506.

No.	Table to § 165.506 section	Location
1 .....	b.4 .....	Potomac River, Charles County, Newburg, MD.
2 .....	c.19 .....	James River, Richmond, VA.
3 .....	c.20 .....	Rappahannock River, Tappahannock, VA.
4 .....	c.21 .....	Cape Charles Harbor, Cape Charles, VA.
5 .....	c.22 .....	Pagan River, Smithfield, VA.
6 .....	c.23 .....	Sandbridge Shores, Virginia Beach, VA.
7 .....	c.24 .....	Chesapeake Bay, Virginia Beach, VA.
8 .....	d.14 .....	Pantego Creek, Bellhaven, NC.

The Coast Guard proposes to revise regulations at 33 CFR 165.506 by modifying 18 existing permanent safety

zone locations. The revision involves changes to event date(s) and coordinates as indicated in the following table,

including reference by section as printed in the Table to § 165.506.

No.	Table to § 165.506 section	Location	Revision
1 .....	a.2 .....	Indian River Bay, DE .....	coordinates.

4 .....	b.1 .....	Washington Channel, Upper Potomac River, Washington, DC .....	coordinates.
5 .....	b.2 .....	Severn River & Spa Creek, Annapolis, MD .....	coordinates.
6 .....	b.5 .....	NW Harbor (East Channel), Patapsco River, MD .....	coordinates.
7 .....	b.12 .....	Fairview Beach, Potomac River, Charles County, MD .....	coordinates.
8 .....	b.15 .....	National Harbor, Potomac River, MD .....	date.
9 .....	b.16 .....	Susquehanna River, Havre de Grace, MD .....	date & coordinates.
10 .....	b.18 .....	Tred Avon River, Oxford, MD .....	date.
11 .....	b.20 .....	Upper Potomac River, Washington, DC .....	date & coordinates.
12 .....	b.22 .....	Potomac River, Cherry Hill, VA .....	dates & coordinates.
13 .....	d.1 .....	Morehead City Harbor Channel, NC .....	date.
14 .....	d.2 .....	Cape Fear River, Wilmington, NC .....	date.
15 .....	d.3 .....	Green Creek & Smith Creek, Oriental, NC .....	date.
16 .....	d.4 .....	Pasquotank River, Elizabeth, City, NC .....	coordinates.
17 .....	d.5 .....	Currituck Sound, Corolla, NC .....	date & coordinates.
18 .....	d.7 .....	Pamlico River, Washington, NC .....	date & coordinates.

The Coast Guard proposes to amend regulations at 33 CFR 165.506 by

disestablishing the following 6 permanent safety zones.

Date	Fireworks display location	Regulated area
July 4th, December 31st .....	Patapsco River, (Middle Branch) Baltimore, MD.	Specified waters of Patapsco River, Middle Branch, near Hanover Street (SR-2) Bridge, Baltimore, Maryland.
July 4th .....	Chester River, Kent Island Narrows, MD ...	Specified waters of Chester River north of Kent Island Narrows (US-50/301) Bridge, Maryland.
July 4th .....	Chincoteague Channel, Chincoteague, VA	Specified waters of Chincoteague Channel southwest of Chincoteague Swing Bridge, Chincoteague, Virginia.
July 9th .....	Chesapeake Bay, Hampton, VA .....	Specified waters of Chesapeake Bay near Buckroe Beach, Hampton, Virginia.
May—2nd Saturday, September—1st Saturday and Sunday, December—1st Saturday.	Appomattox River, Hopewell, VA .....	Specified waters of Appomattox River near Hopewell, Virginia.
July 4th .....	James River, Williamsburg, VA .....	Specified waters of James River near Kingsmill Resort, Williamsburg, Virginia.

The Coast Guard typically receives numerous applications for fireworks

displays in these general areas. Previously, a temporary safety zone was

established on an emergency basis for each display. This limited the

opportunity for public comment. Establishing permanent safety zones through notice and comment rulemaking provides the public the opportunity to comment on the safety zone locations, size, and length of time the zones will be enforced.

Each year organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The Coast Guard would publish notices in the **Federal Register** if an event sponsor reported a substantive change to the listed event venue or date. In the case of inclement weather the event usually will be conducted on the day following the date listed in the Table to § 165.506. Coast Guard Captains of the Port would give notice of the enforcement of each safety zone by all appropriate means to provide the widest dissemination of notice among the affected segments of the public. This would include publication in the Local Notice to Mariners and Marine Information Broadcasts. Marine information and facsimile broadcasts may also be made for these events, beginning 24 to 48 hours before the event. Fireworks barges or launch sites on land used in the locations stated in this rulemaking would also display a sign labeled “FIREWORKS—DANGER—STAY AWAY”. The sign would be affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land and in close proximity to the shoreline facing the water. This sign provides on scene notice that the safety zone is or will be enforced on that day. The sign will be diamond shaped, 4 foot by 4 foot with a 3-inch orange retro-reflective border. The word “DANGER” shall be 10-inch black block letters centered on the sign with the words “FIREWORKS” and “STAY AWAY” in 6 inch black block letters placed above and below the word “DANGER” respectively on a white background. There would also be a Coast Guard patrol vessel on scene 30 minutes before the display is scheduled to start until 30 minutes after its completion to enforce the safety zone.

The enforcement period for these proposed safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this timeframe

if authorized by the Captain of the Port or designated Coast Guard patrol personnel on scene, as provided for in 33 CFR 165.23.

This rule is being proposed to provide for the safety of life on navigable waters during the events and to give the marine community the opportunity to comment on the proposed zone locations, size, and length of time the zones will be active.

#### **D. Discussion of Proposed Rule**

This proposed rule would apply to each event listed in the attached tables to this rule. Events listed in the tables are events that recur annually in the Fifth Coast Guard District. The tables provide the event name and sponsor, as well as an approximate date and location of the event.

For each event listed in the table, an event patrol, with a Patrol Commander in charge, may be assigned. The Patrol Commander may control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas would be required to immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both. The Coast Guard Patrol Commander may terminate the event, or the operation of any vessel participating in the event, at any time it is deemed necessary for the protection of life or property. Only event sponsors, designated participants, and official patrol vessels would be allowed to enter a regulated area. All persons and vessels not registered with the event sponsor as participants or official patrol vessels are considered spectators. Spectators may not enter the regulated area and may be confined to a designated spectator area to view the event. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators would be required to pass directly through the regulated area at safe speed and without loitering.

#### **E. Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and executive orders.

##### *1. Regulatory Planning and Review*

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving

Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. This finding is based on the short amount of time that vessels would be restricted from regulated areas, and the small size of these areas that are typically positioned away from high vessel traffic zones. Vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the proposed regulated areas. Advance notifications would also be made to the local maritime community by issuing Local Notice to Mariners, Marine information and facsimile broadcasts so mariners can adjust their plans accordingly. Notifications to the public for most events will usually be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced 1 to 3 times per year.

##### *2. Impact on Small Entities*

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities some of which may be small entities: The owners and operators of vessels intending to transit or anchor in the proposed regulated areas during the times these zones are enforced.

These proposed regulated areas and safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and spectators. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally, blanket permission to enter, remain in, or transit through these regulated areas will be given except during the period that the Coast Guard patrol vessel is present. Before the enforcement period, we will issue maritime advisories widely.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

### 4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or

more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

### 8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

### 9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

### 10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This proposed rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

### 11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National

Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This proposed rule involves implementation of regulations within 33 CFR part 100 that apply to organized marine events on the navigable waters of the United States that may have potential for negative impact on the safety or other interest of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. This section of the rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are not required for this section of the rule.

This proposed rule involves implementation of regulations at 33 CFR part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are launched from or immediately adjacent to navigable waters of the United States. The category of activities includes fireworks launched from barges or near the shoreline that generally rely on the use of navigable waters as a safety buffer. This section of the rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

### List of Subjects

#### 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

#### 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to

**Proposed Priority—National Institute  
on Disability and Rehabilitation  
Research—Rehabilitation Research  
and Training Center****AGENCY:** Office of Special Education and  
Rehabilitative Services, Department of  
Education.**ACTION:** Proposed priority.

**SUMMARY:** The Assistant Secretary for Special Education and Rehabilitative Services proposes a priority for the Rehabilitation Research and Training Center (RRTC) Program administered by the National Institute on Disability and Rehabilitation Research (NIDRR). Specifically, this notice proposes a priority for an RRTC on Community Living and Participation for Individuals with Psychiatric Disabilities. The Assistant Secretary may use this priority for competitions in fiscal year (FY) 2013 and later years. We take this action to focus research attention on an area of national need. We intend the priority to contribute to improved community living and participation for individuals with psychiatric disabilities.

**DATES:** We must receive your comments on or before April 1, 2013.**ADDRESSES:** Address all comments about this notice to Marlene Spencer, U.S. Department of Education, 400 Maryland Avenue SW., room 5133, Potomac Center Plaza (PCP), Washington, DC 20202-2700.If you prefer to send your comments by email, use the following address: [marlene.spencer@ed.gov](mailto:marlene.spencer@ed.gov). You must include the phrase "Proposed Priority

for Community Living and Participation for Individuals with Psychiatric Disabilities" in the subject line of your electronic message.

**FOR FURTHER INFORMATION CONTACT:**

Marlene Spencer. Telephone: (202) 245-7532 or by email:

[marlene.spencer@ed.gov](mailto:marlene.spencer@ed.gov).

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

**SUPPLEMENTARY INFORMATION:** This notice of proposed priority is in concert with NIDRR's Long-Range Plan (Plan). The Plan, which was published in the **Federal Register** on February 15, 2006 (71 FR 8165), can be accessed on the Internet at the following site: [www.ed.gov/about/offices/list/osers/nidrr/policy.html](http://www.ed.gov/about/offices/list/osers/nidrr/policy.html).

Through the implementation of the Plan, NIDRR seeks to: (1) Improve the quality and utility of disability and rehabilitation research; (2) foster an exchange of expertise, information, and training methods to facilitate the advancement of knowledge and understanding of the unique needs of traditionally underserved populations; (3) determine best strategies and programs to improve rehabilitation outcomes for underserved populations; (4) identify research gaps; (5) identify mechanisms for integrating research and practice; and (6) disseminate findings.

This notice proposes one priority that NIDRR intends to use for one or more competitions in FY 2013 and possibly later years. However, nothing precludes NIDRR from publishing additional priorities, if needed. Furthermore, NIDRR is under no obligation to make an award using this priority. The decision to make an award will be based on the quality of applications received and available funding.

**Invitation to Comment:** We invite you to submit comments regarding this notice. To ensure that your comments have maximum effect in developing the notice of final priority, we urge you to identify clearly the specific topic that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866 and 13563 and their overall requirement of reducing regulatory burden that might result from this proposed priority. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect all public comments about this proposed priority in room 5133, 550 12th Street SW., PCP, Washington, DC, between the hours of 8:30 a.m. and 4:00 p.m., Washington, DC time, Monday through Friday of each week except Federal holidays.

**Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record:** On request we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this notice. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

**Purpose of Program:** The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

**Rehabilitation Research and Training Centers**

The purpose of the RRTCs, which are funded through the Disability and
