Foreign Trade Zones Board

[B–23–2013]

Foreign-Trade Zone 93—Raleigh-Durham, North Carolina; Notification of Proposed Production Activity; Southern Lithoplate, Inc. (Aluminum Printing Plates); Youngsville, North Carolina

The Triangle J Council of Governments grantee of FTZ 93, submitted a notification of proposed production activity on behalf of Southern Lithoplate, Inc. (SLP), located in Youngsville, North Carolina. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on March 18, 2013.

The SLP facility is located within Site 5 of FTZ 93. The facility is used for the production of aluminum offset printing plates for the printing industry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt SLP from customs duty payments on the foreign status components used in export production. On its domestic sales, SLP would be able to choose the duty rates during customs entry procedures that apply to aluminum printing plates (duty-free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: aluminum coils (duty rate 3%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is May 1, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz.

Preliminary Results.3 On October 17, 2012, the Department received a case brief from Leggett and Platt, Inc. (“Petitioner”).4 No other case or rebuttal briefs were filed by interested parties. On December 7, 2012, the Department partially extended the time limit for these final results by 30 days.5 On February 6, 2013, the Department fully extended the time limit for these final results by an additional 30 days to March 18, 2013.6

Scope of the Order
The merchandise subject to the order is uncovered innerspring units.7 The product is currently classified under subheading 9404.29.9010 and has also been classified under subheadings 9404.10.0000, 7326.20.0070, 7320.20.5010, 7320.90.5010, or 7326.20.0071 of the Harmonized Tariff Schedule of the United States (“HTSUS”). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.8

Analysis of Comments Received
All issues raised in the case brief by Petitioner are addressed in the Issues and Decision Memorandum, which is incorporated herein by reference. A list of the issues which parties raised, and to which we respond in the Issues and Decision Memorandum, is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/iad/. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results
The Department has made changes with respect to its treatment of Tai Wa Hong and its affiliates. Specifically, we determine as facts available that we should collapse Tai Wa Hong with two other companies, Tai Wa Commercial & Industrial (Macau) Co. Ltd. (“Tai Wa Commercial”) and Macau Commercial & Industrial Spring Mattress Manufacturer (“Macau Commercial”), and that we should treat this group of companies as a single entity (i.e., the Tai Wa Hong Group).

Use of Facts Available and Adverse Facts Available
As stated in the Preliminary Results, Tai Wa Hong failed to cooperate to the best of its ability in providing requested information, failed to provide the information in a timely manner and in the form requested, and significantly impeded this proceeding.9 Accordingly, pursuant to sections 776(a)(2)(A), (B), and (C) and section 776(b) of the Tariff Act of 1930, as amended (“Act”) we find it appropriate to assign total adverse facts available (“AFA”) to Tai Wa Hong.10 Moreover, as facts available, the Department finds it appropriate to regard Tai Wa Hong as affiliated with Tai Wa Commercial and Macau Commercial, to collapse these three companies, and to treat these companies as a single entity, the Tai Wa Hong Group. Therefore, the Department has assigned the total AFA rate of 234.51% to the Tai Wa Hong Group. Because the Tai Wa Hong Group is located in Macau, it is a third country reseller. Accordingly, this rate only applies to the Tai Wa Hong Group’s PRC-origin merchandise.11

Assessment
Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific (or custom) ad valorem duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales.12 In accordance with 19 CFR 351.106(c)(2), we will instruct CBP to liquidate, without regard to antidumping duties, all entries of subject merchandise during the POR for which the importer-specific assessment rate is zero or de minimis.

Cash Deposit Requirements
The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporter listed above, the cash deposit rate will be 234.51 percent for its PRC-origin merchandise; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will be 776.51 percent.

Certain Circular Welded Non-Alloy Steel Pipe from Mexico: Notice of Amended Final Results of Antidumping Duty Administrative Review Pursuant to Settlement
AGENCY: Import Administration, International Trade Administration, Department of Commerce.
DATES: Effective Date: March 22, 2013.
FOR FURTHER INFORMATION CONTACT: Mark Flessner or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6312 and (202) 482–0649, respectively.
SUPPLEMENTARY INFORMATION:
Background
On April 9, 2010, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico. The period of review (POR) is November 1, 2007, through October 31, 2008.1
In the Final Results, the Department assigned to Mueller Comercial de Mexico, S. de R.L. de C.V. (Mueller), an exporter of certain circular welded non-alloy steel pipe from Mexico to the United States, an adverse facts available (AFA) rate of 48.33 percent. The application of AFA was necessitated by Mueller’s failure to cooperate with the Department and impeding this administrative review by ignoring multiple requests for information.
Following the publication of the final results, Mueller filed a lawsuit with the United States Court of International Trade (CIT) challenging the Department’s final results of administrative review.2 The Court remanded this matter to the Department ordering that the Department “shall reconsider its determination not to apply the "all others" rate to a non-cooperating respondent. In the Final Results of Redetermination Pursuant to Court Remand, for the reasons set forth in the review, the Department found the “all others” rate was not sufficient to deter non-compliance by Mueller.”3
The United States and Mueller have now entered into an agreement to settle this dispute. The Court issued its Order of Judgment by Stipulation on February 27, 2013. Pursuant to the Court’s Order of Judgment by Stipulation, the Department will order liquidation of the unliquidated entries of certain circular welded non-alloy steel pipe from Mexico, produced and/or exported by Mueller Comercial de Mexico, S. de R.L. de C.V., and entered or withdrawn from warehouse, for consumption in the United States, from November 1, 2007 through October 31, 2008, at the rate of 40.475 percent agreed to by the parties.
We are issuing this determination and publishing these final results of antidumping duty administrative review pursuant to settlement and notice in accordance with 19 U.S.C. 1516a(e).
Dated: March 14, 2013.

Polyester Staple Fiber From Taiwan: Preliminary Results of Antidumping Duty Administrative Review; 2011–2012
AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on polyester staple fiber (PSF) from Taiwan. The period of review (POR) is May 1, 2011, through April 30, 2012. The review covers two producers/exporters of the subject merchandise, Far Eastern New Century Corporation (FENC) and Nan Ya Plastics Corporation (Nan Ya). We preliminarily find that FENC has not
