Occupational Safety and Health Administration

[Docket No. OSHA-2007-0042]

TUV Rheinland of North America, Inc.; Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: This notice announces the Occupational Safety and Health Administration’s final decision expanding the recognition of TUV Rheinland of North America, Inc., as a Nationally Recognized Testing Laboratory under 29 CFR 1910.7.

DATES: The expansion of recognition becomes effective on March 26, 2013.

FOR FURTHER INFORMATION CONTACT: David W. Johnson, Director, Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3655, Washington, DC 20210, or phone (202) 693-1973.

SUPPLEMENTARY INFORMATION:

Notice of Final Decision

The Occupational Safety and Health Administration (“OSHA” or “Agency”) hereby gives notice of the expansion of recognition of TUV Rheinland of North America, Inc. (“TUV”), as a Nationally Recognized Testing Laboratory (“NRTL”). TUV’s expansion covers the

addition of a new site and the use one additional test standard. OSHA’s current scope of recognition for TUV is available at the following informational Web page: <http://www.osha.gov/dts/otpca/nrtl/tuv.html>.

OSHA recognition of an NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from our Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUV submitted an application, dated February 24, 2006 (see Exhibit 1, TUV Application, as cited in the preliminary

notice), to expand its recognition to include one additional site, located at 2324 Ridgepoint Drive, Suite E, Austin, Texas 78754, and one additional test standard. In response to OSHA’s requests for clarification, TUV amended its application to provide additional technical details, and then provided further details in a later update (Ex. 2: TUV Amended Application dated 8/22/2007 and 2/10/2009, as cited in the preliminary notice). The NRTL Program staff determined that the additional test standard is an “appropriate test standard” within the meaning of 29 CFR 1910.7(c). In connection with this request, OSHA performed an on-site review of TUV’s NRTL testing facility in August 2010 and recommended expansion of TUV’s recognition to include the one additional facility listed above, and recommended expansion of TUV’s recognition to include the one additional test standards listed below (Ex. 2).

OSHA published the preliminary notice announcing TUV’s expansion application in the **Federal Register** on July 24, 2012 (77 FR 43370). The Agency requested comments by August 8, 2012, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant TUV’s expansion application.

You may obtain or review copies of all public documents pertaining to the TUV application by contacting the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-2625, Washington, DC 20210. Docket No. OSHA-2007-0042 contains all materials in the record concerning TUV’s recognition.
