SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Patent and Trademark Office (USPTO) seeks to launch “MyUSPTO,” an optional customer portal that will serve as a central point for access to online system interfaces and submission of information to the USPTO. Customers will have the opportunity to create online accounts through USPTO.gov that will collect information for a variety of programmatic purposes. MyUSPTO will initially serve as an authoritative source for customer contact and correspondence information (such as current addresses, official email addresses, and telephone numbers) and will eventually allow customers to create a portfolio of information that can be retained and used for other business transactions with the USPTO. In the future, MyUSPTO will also provide a unified interface with convenient access to other USPTO systems, such as electronic fee payments.

With MyUSPTO, the agency seeks to establish the option for customers to obtain a single login that can be used to access USPTO’s online systems, reducing the need to maintain multiple user names for different activities or reenter information such as correspondence addresses for every authorized transaction.

Guidance from the Office of Management and Budget (OMB) memorandum “Social Media, Web-Based Interactive Technologies, and the Paperwork Reduction Act” dated April 7, 2010, states that self-identifying information for the creation of user accounts or profiles is not subject to the Paperwork Reduction Act (PRA) under certain conditions. However, the PRA does apply “when agencies use online accounts to collect information for programmatic purposes.” Since the customer accounts will provide an option for users to submit information for programmatic purposes, the USPTO is seeking approval to collect this information under the PRA. This new collection is expected to enhance but not influence any existing or future information requirements for business before the Office.

II. Method of Collection

Electronic.

III. Data

OMB Number: 0651–00xx.

Form Number(s): None.

Type of Review: New collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 10,000 responses per year. The USPTO estimates that approximately 20% of these responses will be from small entities.

Estimated Total Annual Respondent Burden Hours: 1,150 hours.

Estimated Total Annual Respondent Cost Burden: $283,475. The USPTO expects that the information in this collection will be prepared by attorneys and paraprofessionals. Using the estimate hourly rates of $371 for attorneys and $122 for paraprofessionals, the USPTO expects that the average hourly rate for respondents to this collection will be $246.50. Therefore, the USPTO estimates that the total respondent cost burden for submitting the information in this collection will be approximately $283,475 per year.
