Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Carrie Hubard or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

The applicant requests a permit to study killer whales of the endangered Eastern North Pacific Southern Resident stock in waters of Washington, including the San Juan Islands and Puget Sound. The objective of the research is to use noninvasive physiological and genetic measures to examine the impacts of the three major threats to this stock: (1) Reduced prey ability; (2) excessive exposures to environmental contaminants; and (3) disturbance from private and commercial vessel traffic. The primary research method is the collection of opportunistic fecal samples, which would be scooped from the water column and then analyzed for genetics, hormones, and contaminants. Each year, the entire population of Southern Resident killer whales (currently estimated at 87 individuals) would be
