This action also affirms information contained in the interim rule concerning Executive Orders 12866 and 12988, and the E-Gov Act (44 U.S.C. 101).

After consideration of all relevant material presented, it is found that finalizing the interim rule, without change, as published in the Federal Register (77 FR 72683, December 6, 2012) will tend to effectuate the declared policy of the Act.

BILLING CODE 3410–02–P
There are three pear processing plants in the production area, all located in Washington. All three pear processors would be considered large entities under the SBA’s definition of small businesses.

This rule continues in effect the action that decreased the assessment rate established for the Committee and collected from handlers for the 2012–2013 and subsequent fiscal periods from $7.73 to $7.00 per ton of processed pears handled. The Committee also unanimously recommended 2012–2013 expenditures of $842,137. The assessment rate of $7.00 is $0.73 lower than the rate previously in effect.

The quantity of assessable summer/fall processed pears for the 2012–2013 fiscal period is estimated at 120,000 tons. Thus, the $7.00 rate should provide $840,000 in assessment income.

Income derived from summer/fall processed pear handler assessments, monetary reserve, interest, and other income will be adequate to cover the budgeted expenses. The Committee recommended the assessment rate decrease because the 2012–2013 summer/fall processed pear promotion budget was reduced.

This rule continues in effect the action that decreased the assessment obligation imposed on handlers. Assessments are applied uniformly on all handlers and some of the costs may be passed on to producers. However, decreasing the assessment rate reduces the burden on handlers and may reduce the burden on producers.

In addition, the Committee’s meeting was widely publicized throughout the Oregon-Washington pear industry. All interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the May 30, 2012, meeting was a public meeting and all entities, both large and small, were able to express views on this issue.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the order’s information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581–0189, Generic Fruit Crops. No changes in those requirements as a result of this action are anticipated. Should any changes become necessary, they would be submitted to OMB for approval.

This action imposes no additional reporting or recordkeeping requirements on either small or large Oregon-Washington processed pear handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

Comments on the interim rule were required to be received on or before February 4, 2013. No comments were received. Therefore, for the reasons given in the interim rule, we are adopting the interim rule as a final rule, without change.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 140

RIN 3038–AE04

Delegation of Authority To Disclose Confidential Information to a Contract Market, Registered Futures Association or Self-Regulatory Organization

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commission is revising its regulations to add to its delegation of authority to staff respecting the disclosure of information to self-regulatory organizations newly established in the Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and not previously enumerated in the relevant regulations.

DATES: This rulemaking is effective on April 11, 2013.

FOR FURTHER INFORMATION CONTACT: Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581; David Van Wagner, Chief Counsel, Division of Market Oversight, telephone (202) 418–5481 and email dvanwagner@cftc.gov; and Robert Wasserman, Chief Counsel, Division of Clearing and Risk, telephone (202) 418–5092 and email rwasserman@cftc.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Section 8a(6) of the Commodity Exchange Act (“CEA”), 7 U.S.C. 12a(6), authorizes the Commission to communicate to the proper committee of any registered entity the “full facts concerning any transaction or market operation, including the names of parties thereto, which in the judgment of the Commission disrupts or tends to disrupt any market or is otherwise harmful or against the best interests of producers, consumers, or investors, or which is necessary or appropriate to effectuate the purposes of [the CEA].” The term “registered entity” has been defined to include boards of trade designated as contract markets, derivatives clearing organizations, swap execution facilities, swap data repositories, and certain electronic facilities on which a contract determined by the Commission to be a significant price discovery contract is executed or traded.

The definition of “registered entity” in the CEA was amended by the Dodd-Frank Act, which was enacted on July 21, 2010. Two new categories of registered entity were established: Swap execution facilities (“SEFs”) and swap data repositories (“SDRs”), which have self-regulatory roles in the swaps markets established in the CEA and its implementing regulations. Additionally, the core principles for derivatives clearing organizations (“DCOs”) were revised to expand the scope of a DCO’s self-regulatory responsibilities, in particular with respect to risk management. Commission regulations implementing the core principles require, for example, monitoring by the DCO of the large trader reports of its
