which they are not required to quote, which may increase liquidity in their appointed classes.\textsuperscript{16}

The Exchange’s proposal to exclude Intra-day Adds from Market-Makers’ continuous electronic quoting obligations on the day during which such series are added for trading would not affect Market-Makers’ other obligations. For example, Market-Makers will still be required to engage in activities that constitute a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, including (1) to compete with other Market-Makers to improve markets in all series of options classes comprising their appointments; (2) to make markets that, absent changed market conditions, will be honored in accordance with firm quote rules; and (3) to update market quotations in response to changed market conditions in their appointed options classes and to assure that any market quote they cause to be disseminated is accurate.\textsuperscript{17} In addition, the proposed rule change would not excuse a Market-Maker from its obligation to submit a single quote or to maintain continuous quotes in one or more series of a class to which the Market-Maker is appointed when called upon by an Exchange official if, in the judgment of such official, it is necessary to do so in the interest of maintaining a fair and orderly market.\textsuperscript{18}

The Commission notes that the Exchange indicates that Market-Makers would be required to shut down and restart their systems, or make costly systems changes, in order to quote Intra-day Adds. A requirement for Market-Makers to maintain continuous electronic quotes in Intra-day Adds, which represents a minor part of Market-Makers’ overall obligations, may not justify the system resources, or the disruption to trading, the Exchange states would be necessary to accommodate quoting in Intra-day Adds. Accordingly, the Commission believes that the Exchange’s proposal concerning Intra-day Adds would remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

**IV. Conclusion**

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,\textsuperscript{19} that the proposed rule change (SR-C2-2013-008), as modified by Amendment No. 1, is approved. For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.\textsuperscript{20}

Kevin M. O’Neill,
Deputy Secretary.
