BROADCASTING BOARD OF GOVERNORS

Sunshine Act Meeting

DATE AND TIME: Wednesday, April 24, 2013; 3:30 p.m.–3:45 p.m. EDT.

SUBJECT: Notice of Meeting of the Broadcasting Board of Governors.

SUMMARY: The Broadcasting Board of Governors (BBG) will be meeting telephonically at the time and location listed above. The meeting will be a continuation of the April 11, 2013 meeting, which was adjourned due to lack of a quorum. The BBG will receive and consider a report from the Governance Committee regarding the compliance progress with the recommendations in the Office of Inspector General’s inspection report of the BBG, as well as a BBG Board staffing plan. The BBG will receive and consider a progress report from the Strategy and Budget Committee, including the 2013 language service review process and the BBG strategic plan update. A complete audio recording and a verbatim transcript of the meeting will promptly be made available for public observation on the BBG’s public Web site at www.bbg.gov. Information regarding this meeting, including any updates or adjustments to its starting time, can also be found on the Agency’s public Web site.

CONTACT PERSON FOR MORE INFORMATION: Persons interested in obtaining more information should contact Paul Kollmer-Dorsey, Deputy General Counsel.

DEPARTMENT OF COMMERCE

Bureau of the Census

Proposed Information Collection; Comment Request; Generic Clearance for Questionnaire Pretesting Research

AGENCY: Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before June 21, 2013.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Theresa J. DeMaio, U.S. Census Bureau, Room 5K–319, 4600 Silver Hill Road, Washington, DC 20233–9150, (301) 763–4894 (or via the Internet at theresa.j.demaio@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request an extension of the current OMB approval to conduct a variety of small-scale questionnaire pretesting activities under this generic clearance. A block of hours will be dedicated to these activities for each of the next three years. OMB will be informed in writing of the purpose and scope of each of these activities, as well as the time frame and number of burden hours used. The number of hours used will not exceed the number set aside for this purpose.

This research program will be used by the Census Bureau and survey sponsors to improve questionnaires and procedures, reduce respondent burden, and ultimately increase the quality of data collected in the Census Bureau censuses and surveys. The clearance will be used to conduct pretesting of decennial, demographic, and economic census and survey questionnaires prior to fielding them. Pretesting activities will involve one of the following methods of identifying measurement problems with the questionnaire or survey procedure: Cognitive interviews, focus groups, respondent debriefing, behavior coding of respondent/interviewer interaction, and split panel tests.

II. Method of Collection

Any of the following methods may be used: Mail, telephone, face-to-face, paper-and-pencil, CATI, CAPI, Internet, or IVR.

III. Data

OMB Number: 0607–0725.
Form Number: Various.
Type of Review: Regular submission.
Affected Public: Individuals or Households, Farms, Business or other for-profit.
Estimated Number of Respondents: 16,500.
Estimated Time per Response: 1 hour.
Estimated Total Annual Burden Hours: 16,500.
Estimated Total Annual Cost: There is no cost to respondent, except for their time to complete the questionnaire.

Respondent’s Obligation: Voluntary.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including house and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 17, 2013.

Glenna Mickelson,
Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

Proposed Information Collection; Comment Request; Delivery Verification Procedure for Imports

AGENCY: Bureau of Industry and Security.
I. Abstract

Foreign governments, on occasions, require U.S. importers of strategic commodities to furnish their foreign supplier with a U.S. Delivery Verification Certificate validating that the commodities shipped to the U.S. were, in fact, received. This procedure increases the effectiveness of controls on the international trade of strategic commodities.

II. Method of Collection

Submitted electronically or on paper.

III. Data

OMB Control Number: 0694–0016.
Form Number(s): BIS–647P.
Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 100.
Estimated Time per Response: 31 minutes.
Estimated Total Annual Burden Hours: 56.
Estimated Total Annual Cost to Public: $0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

National Institute of Standards and Technology

[Docket No.: 130212127–3127–01]

Proposed Establishment of a Federally Funded Research and Development Center-First Notice

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST), Department of Commerce, intends to sponsor a Federally Funded Research and Development Center (FFRDC) to accelerate the concept of cybersecurity tools and capabilities, including integrated cybersecurity tools and technologies. This is the first of three notices which must be published over a 90-day period in order to advise the public of the agency’s intention to sponsor an FFRDC.

DATES: Written comments must be received by 5:00 p.m. Eastern time on July 22, 2013.

ADDRESSES: Comments on this notice must be received by Keith Bubar, Contracting Officer, National Institute of Standards and Technology, 100 Bureau Drive, Mailstop 1640, Gaithersburg, MD 20899, including by email to Mr. Bubar at keith.bubar@nist.gov.

FOR FURTHER INFORMATION CONTACT: Keith Bubar via email at Keith.Bubar@nist.gov or telephone 301.975.8329.

SUPPLEMENTARY INFORMATION: The National Cybersecurity Center of Excellence (NCCoE), hosted by NIST, is a public-private collaboration for accelerating the widespread adoption of integrated cybersecurity tools and technologies. The NCCoE will bring together experts from industry, government, and academia under one roof to develop practical, interoperable cybersecurity approaches that address the real world needs of complex Information Technology (IT) systems. By accelerating dissemination and use of these integrated tools and technologies for protecting IT assets, the NCCoE will enhance trust in U.S. IT communications, data, and storage systems, lower risk for companies and individuals in the use of IT systems, and encourage development of innovative, job-creating cybersecurity products and services.

NIST has identified the need to support the NCCoE’s mission through the establishment of an FFRDC. In evaluating the need for the FFRDC, NIST determined that no existing FFRDC or contract vehicles provide the scope of services NIST requires. The proposed NCCoE FFRDC will have three primary purposes: (1) Research, Development, Engineering, and Technical support; (2) Program/Project Management, to include but not limited to expert advice and guidance in the areas of program and project management focused on increasing the effectiveness and efficiency of cybersecurity applications, prototyping, demonstrations, and technical activities; and (3) Facilities Management. The proposed NCCoE FFRDC may also be utilized by non-sponsors.

The FFRDC will be established under the authority of 48 CFR 35.017. The NCCoE FFRDC Contractor will be available to provide a wide range of support including, but not limited to:

- Research, Development, Engineering and Technical Support:
  - Establish relationships with private sector organizations to use private sector resources to accomplish tasks that are integral to the operations and mission of the NCCoE.
  - Research and develop frameworks and implementation strategies for inducing industry to invest in and expedite adoption of effective cybersecurity controls and mechanisms on an enterprise-wide scale; and in collaboration with Federal and local governments, deliver planning and documentation support needed to transfer technologies developed by Federal cybersecurity organizations and the NCCoE to production, integration,
