whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

• Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
• Send an email to rule comments@sec.gov. Please include File Number SR-C2–2013–016 on the subject line.

Paper Comments

• Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–C2–2013–016. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE., Washington, DC 20549–1090, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make publicly available. All submissions should refer to File Number SR–C2–2013–016 and should be submitted on or before May 15, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.15

Kevin M. O’Neill,
Deputy Secretary.

[Public Notice 8289]

Call for Expert Reviewers to the U.S. Government Review of the 2013 Revised Supplementary Methods and Good Practice Guidance Arising From the Kyoto Protocol

SUMMARY: The United States Global Change Research Program, in cooperation with the Department of State, request expert review of the Second Order Draft of the 2013 Revised Supplementary Methods and Good Practice Guidance Arising from the Kyoto Protocol (the KP Supplement).

The United Nations Environment Programme (UNEP) and the World Meteorological Organization (WMO) established the IPCC in 1988. In accordance with its mandate and as reaffirmed in various decisions by the Panel, the major activity of the IPCC is to prepare comprehensive and up-to-date assessments of policy-relevant scientific, technical, and socioeconomic information for understanding the scientific basis of climate change, potential impacts, and options for mitigation and adaptation. Among the IPCC’s products is a series of guidance documents for the preparation of national greenhouse gas inventories, which provide guidance to periodic submissions by Parties to the U.N. Framework Convention on Climate Change (UNFCCC). These reports are developed in accordance with procedures for preparation and review of IPCC documents, which can be found at the following Web sites:

http://www.ipcc.ch/organization/organization_review.shtml#UEY0_LqSe7x8
http://ipcc.ch/organization/organization_procedures.shtml

The UNFCCC Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) at its seventh session (CMP7), held in December 2011 in Durban, South Africa, invited the IPCC to review and, if necessary, update supplementary methodologies for estimating anthropogenic greenhouse gas emissions by sources and removals by sinks resulting from land use, land-use change and forestry (LULUCF) activities under Article 3, paragraphs 3 and 4, of the Kyoto Protocol (KP), related to the annex to 2/CMP.7, on the basis of, inter alia, Chapter 4 of IPCC’s 2003 Good Practice Guidance for Land Use, Land-Use Change and Forestry (GPG–LULUCF). At its 35th plenary session held in Geneva, Switzerland, in June 2012, the IPCC asked its Task Force on National Greenhouse Gas Inventories (TFI) to review and update its supplementary guidance on greenhouse gas emissions and removals from land use, land use change and forestry (LULUCF) for reporting under the Kyoto Protocol.

The need to review and update Chapter 4 of the GPG–LULUCF arises for two reasons. Firstly, the methodologies contained in Chapter 4 provide the link between IPCC’s general greenhouse gas inventory guidance, and reporting requirements under the KP. CMP7 agreed rules for LULUCF for the second commitment period under the KP which differ in some respects significantly from the rules agreed for the first commitment period, implying the need to update. Secondly, since Chapter 4 was intended to be used with the latest IPCC LULUCF guidance updating is needed to take account of the decision of the CMP to use the 2006 IPCC Guidelines for the purposes of the second commitment period under the KP. The new rules referred to and agreed by CMP7 on LULUCF contain, amongst other things, new provisions on forest management, emissions and removals associated with natural disturbances in forests, harvested wood products, and wetland drainage and rewetting, which are not covered in the existing Chapter 4.

It is worth noting that the KP Supplement is specific to provisions of the Kyoto Protocol and the United States will, therefore, not be obligated to use these supplementary methods.

As part of the U.S. Government Review of the Second Order Draft of the KP Supplement, the U.S. Government is soliciting comments from experts in relevant fields of expertise (The Terms of Reference, Work Plan and Table of Contents for the TFI contribution can be viewed here: http://www.ipcc-nggip.iges.or.jp/home/docs/1206_TermsOfReference.pdf).

Beginning on 22 April 2013, experts may register and access the Second Order Draft of the report to contribute to the U.S. Government review at: review.globalchange.gov. To be considered for inclusion in the U.S. Government submission, comments must be received by 23 May 2013. The
United States Global Change Research Program will coordinate collection and compilation of U.S. expert comments to develop a consolidated U.S. Government submission, which will be provided to the IPCC by 2 June 2013. Instructions for review and submission of comments are available at: review.globalchange.gov.

Experts may choose to provide comments directly through the IPCC’s Expert Review process, which occurs in parallel with the U.S. Government Review. More information on the IPCC’s comment process can be found at http://www.ipcc.ch/activities/activities.shtml and http://www.ipcc-nggip.iges.or.jp/forms/wetlandsreview_registration.html. To avoid duplication, comments submitted for consideration as part of the U.S. Government Review should not also be sent to the IPCC Secretariat through the Expert Review process (and vice versa). Comments to the U.S. government review should be submitted using the web-based system at: review.globalchange.gov.

This certification will be published in the Federal Register.

Dated: April 17, 2013.

Trigg Talley,
Director, Office of Global Change, Department of State.

Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits

Notice of Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits Filed Under Subpart B (formerly Subpart Q) during the Week Ending April 13, 2013. The following Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits were filed under Subpart B (formerly Subpart Q) of the Department of Transportation’s Procedural Regulations (See 14 CFR 301.201 et seq.). The due date for Answers, Conforming Applications, or Motions to Modify Scope are set forth below for each application. Following the Answer period DOT may process the application by expedited procedures. Such procedures may consist of the adoption of a show-cause order, a tentative order, or in appropriate cases a final order without further proceedings.

Date Filed: April 11, 2013.

Due Date for Answers, Conforming Applications, or Motion to Modify Scope: May 2, 2013.

Description: Application of Hawaiian Airlines, Inc. requesting a certificate of public convenience and necessity and an exemption to provide scheduled combination service between the United States and China and that Hawaiian be designated to the Government of China to provide such service.

Date Filed: April 11, 2013.

Due Date for Answers, Conforming Applications, or Motion to Modify Scope: May 2, 2013.

Description: Application of Aeronexus Corporate (PTY) Ltd (“Aeronexus”) requesting a foreign air carrier permit to conduct charter foreign air transportation of persons, property and mail: (1) Between any point or points behind South Africa, via any point or points in South Africa, and via intermediate points to any point or points in the United States or beyond; (2) between any point or points in the United States and any point or points in South Africa; (3) other charters pursuant to the prior approval requirements; and (4) transportation authorized by any additional charter rights that may be made available to South African carriers in the future. Aeronexus also requests an exemption to the extent necessary to enable it to provide the service described above pending issuance of its foreign air carrier permit and such other relief as the Department may deem necessary or appropriate.

Barbara J. Hairston,
 Acting Program Manager, Docket Operations, Federal Register Liaison.
