30 days after the close of every calendar quarter to the Division of Payment Management, HHS at: http://www.dgm.psc.gov. It is recommended that you also send a copy of your FFR (SF–425) report to your Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to your organization.

Grantees are responsible and accountable for accurate information being reported on all required reports: The Progress Reports and Federal Financial Report.

C. Federal Subaward Reporting System (FSRS)

This award may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR part 170. The Transparency Act requires the OMB to establish a single searchable database, accessible to the public, with information on financial assistance awards made by Federal agencies. The Transparency Act also includes a requirement for recipients of Federal grants to report information about first-tier subawards and executive compensation under Federal assistance awards.

IHS has implemented a Term of Award into all IHS Standard Terms and Conditions, NoAs and funding announcements regarding the FSRS reporting requirement. This IHS Term of Award is applicable to all IHS grant and cooperative agreements issued on or after October 1, 2010, with a $25,000 subaward obligation dollar threshold met for any specific reporting period. Additionally, all new (discretionary) IHS awards where the project period is made up of more than one budget period and where: (1) The project period start date was October 1, 2010 or after and (2) the primary awardee will have a $25,000 subaward obligation dollar threshold during any specific reporting period will be required to address the FSRS reporting. For the full IHS award term implementing this requirement and additional award applicability information, visit the Grants Management Grants Policy Web site at: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

Telecommunication for the hearing impaired is available at: TTY (301) 443–6394.

VII. Agency Contacts

1. Questions on the programmatic issues may be directed to: Ms. Patricia Spotted Horse, Program Analyst, Office of Direct Service and Contracting Tribes, Indian Health Service, 801 Thompson Avenue, Suite 220, Rockville, MD 20852–1609, Telephone: (301) 443–1104, Fax: (301) 443–4666, Email: Patricia.SpottedHorse@ihs.gov.

2. Questions on grants management and fiscal matters may be directed to: Mr. Pallop Charoenvoottitan, Grants Management Specialist, Division of Grants Management, Office of Management Services, Indian Health Service, 801 Thompson Avenue, TMP Suite 360, Rockville, MD 20852–1609, Telephone: (301) 443–5204, Fax: (301) 443–9602, Email: Pallop.Charoenvoottitan@ihs.gov.

3. Questions on systems matters may be directed to: Mr. Paul Gettys, Grant Systems Coordinator, 801 Thompson Avenue, TMP Suite 360, Rockville, MD 20852, Phone: 301–443–2114; or the DGM main line 301–443–5204, Fax: 301–443–9602, E-Mail: Paul.Gettys@ihs.gov.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

Yvette Roubideaux,
Director, Indian Health Service.

Submission for OMB Review; 30-Day Comment Request: Women’s Health Initiative Observational Study

Summary: Under the provisions of section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Heart, Lung, and Blood Institute (NHLBI), 0020 the National Institutes of Health, has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the Federal Register on February 5, 2013 on pages 8152–8153 and allowed 60-days for public comment. One comment was received and an appropriate response was made. The purpose of this notice is to allow an additional 30 days for public comment. The NHLBI, National Institutes of Health, may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to: The Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202–395–6974, Attention: NIH Desk Officer.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

For Further Information Contact: To obtain a copy of the data collection plans and instruments, or request more information on the proposed project contact: Shari Eason Ludlam, Project Officer, Women’s Health Initiative Program Office, 6701 Rockledge Drive, 2 Rockledge Center, Room 9188, MSC 7913, Bethesda, MD 20892–7936, or call (301) 402–2900 or Email your request, including your address to: ludlams@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Women’s Health Initiative Observational Study.

Revision—OMB No. 0925–0414, Expiration Date: 07/31/2013. National Heart, Lung, and Blood Institute (NHLBI), National Institutes of Health (NIH).

Need and Use of Information Collection: This study will be used by the NIH to evaluate risk factors for chronic disease among older women by developing and following a large cohort of postmenopausal women and relating subsequent disease development to baseline assessments of historical, physical, psychosocial, and physiologic characteristics. In addition, the observational study will complement the clinical trial (which has received clinical exemption) and provide additional information on the common causes of frailty, disability and death for postmenopausal women, namely, coronary heart disease, breast and
colorectal cancer, and osteoporotic fractures. Continuation of follow-up years for ascertainment of medical history update forms will provide essential data for outcomes assessment for this population of aging women. OMB approval is requested for 3 years. There are no costs to respondents other than their time, which is estimated at $308,218 for all respondents. The total estimated annualized burden hours are 14,022.
