

provisions for the proposed Southern Access Extension Project. Enbridge Illinois states that the Project is a 165 mile pipeline designed to transport both light and heavy crude petroleum from Flanagan, Illinois to the pipeline hub at Patoka, Illinois, and asks that the Commission act expeditiously on the Petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). [Project No. 14496-000]

Archon Energy 1, Inc. Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On February 11, 2013, the Archon Energy 1, Inc., filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Upper Alamo River Hydroelectric Project (Upper Alamo River Hydroelectric Project or project) to be located on the Alamo River, near the cities of Calipatria, Brawley, and Holtville in Imperial County, California. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of six river drop developments. Each of the proposed in-stream installations would consist of the following: (1) a VLH 4000 turbo-generator; (2) a 10-by-10-foot electrical shack; and (3) appurtenant facilities. The proposed project would have a total installed capacity of 3 megawatts and generate an estimated average annual energy production of 21 gigawatt-hours.

Archon Energy 1, Inc.; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On February 11, 2013, the Archon Energy 1, Inc., filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Lower Alamo & New Rivers Hydroelectric Project (Lower Alamo & New Rivers Hydroelectric Project or project) to be located on the Alamo River and New River, near the cities of Calipatria and Brawley, Imperial County, California. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of four river drop developments:

- The Alamo River Drop 2, New River Drop 2, and New River Drop 3 developments would consist of the

following: (1) a VLH 4000 turbo-generator; (2) a 10-by-10 foot electrical control shack; and (3) appurtenant facilities.

- The Alamo River Drop 3–3A development would consist of the following: (1) a gated water intake canal located upstream of the 3A weir; (2) a 30-foot-wide concrete diversion canal approximately 1,300 feet in length; (3) a 50-by-40-foot powerhouse enclosing one Kaplan turbine and generator; and (4) appurtenant facilities.

The proposed project would have a total installed capacity of 2.9 megawatts and generate an estimated average annual energy production of 23.65 gigawatt-hours.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications

listed are grouped chronologically, in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
