**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs by parties are addressed in the accompanying Final Issues and Decision Memorandum. A list of the issues which parties raised is attached to this notice as Appendix I. The Final Issues and Decision Memorandum is a public document and is on file in the Central Records Unit (CRU), Room 7046 of the main Department of Commerce building, as well as electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the CRU. In addition, a complete version of the Final Issues and Decision Memorandum can be accessed directly on the internet at http://www.trade.gov/ia/. The signed i&D Memo and electronic versions of the Final Issues and Decision Memorandum are identical in content.

**Final Partial Rescission**

In the *Preliminary Results*, the Department preliminarily rescinded the review with respect to WeilCom, Shunhe, and Tongsheng. Subsequent to the *Preliminary Results*, the Department did not receive any comments or information which indicated that these companies should be reviewed. Therefore, pursuant to 19 CFR 351.213 (d)(1) and 19 CFR 351.213 (d)(3), we are rescinding the administrative review with respect to these three companies.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain revisions to the margin calculations for New-Tec.  

**Separate Rates Determination**

In our *Preliminary Results*, we determined that New-Tec met the criteria for separate rate status. We have not received any information since issuance of the *Preliminary Results* that provides a basis for reconsidering this preliminary determination. Therefore, the Department continues to find that New-Tec meets the criteria for a separate rate.

**Final Results of the Review**

The Department has determined that the following final dumping margins exist for the period December 1, 2010, through November 30, 2011:

<tr>
<th>Manufacturer/exporter</th>

**Assessment**

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. The Department recently announced a refinement to its assessment practice in non-market economy (NME) cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the NME-wide rate.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for New-Tec, which has a separate rate, will be that established in the final results of this review; (2) for any previously reviewed or investigated PRC and non-PRC exporter not listed above that received a separate rate in a previous segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity (i.e., 383.60 percent); and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied the non-PRC exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Administrative Protective Order**

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

**Disclosure**

The Department will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b). We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.
