SUPPLEMENTARY INFORMATION: In this notice, “we,” “us” and “our” refer to the Architectural and Transportation Barriers Compliance Board (Access Board).

In February 2013, we published a notice of intent to establish an advisory committee to make recommendations to the Board on matters associated with revising and updating our accessibility guidelines issued pursuant to the Americans with Disabilities Act for transportation vehicles that operate on fixed guideway systems (e.g., rapid rail, light rail, commuter rail, intercity rail, and high speed rail). See 78 FR 10581 (February 14, 2013).

For the reasons stated in the notice of intent, we have determined that establishing the Rail Vehicles Access Advisory Committee (committee) is necessary and in the public interest. We have appointed the following 23 organizations as members to the Committee:

- Alstom Transportation
- American Council of the Blind
- Association of Programs for Rural Independent Living
- Bombardier Transportation
- California Department of Transportation, Division of Rail
- Center for Inclusive Design and Environmental Access
- Community Transportation Association of America
- Disability Rights Education & Defense Fund
- Hearing Access Program
- International Centre for Accessible Transportation
- Maryland Transit Administration
- Metra & Northeast Illinois Regional Commuter Railroad Corporation
- National Association of the Deaf
- National Association of Railroad Passengers
- National Council on Independent Living
- National Disability Rights Network
- National Railroad Passenger Corporation (Amtrak)
- Parsons Brinckerhoff
- RailPlan International
- Ricon Corporation
- South West Transit Association
- Talgo, Inc.
- United Spinal Association

The Federal Railroad Administration will serve as an ex officio member.

We regret being unable to accommodate all requests for membership on the committee. It was

necessary to limit membership to maintain balance among members representing different interests such as transportation vehicle manufacturers, transportation providers which operate fixed guideway systems, disability organizations, and other stakeholder organizations affected by the guidelines. The committee membership identified above provides representation for the interests affected by the issues to be discussed.

Additional committee members may be added to achieve balance of points of view among committee membership. Additional committee members may only be added during the first meeting of the committee. A three-quarters vote of the committee and concurrence by the Chairperson of the Access Board is required.

A notice of the first meeting dates will be published in the **Federal Register** after consulting with the committee members. Decisions with respect to future meetings will be made at the first meeting and from time to time thereafter. Meetings will be held at the Access Board’s offices, 1331 F Street NW., Suite 800, Washington, DC 20004.

Committee meetings will be open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have opportunities to address the committee on issues of interest to them during public comment periods scheduled on each day of the meeting. Members of groups or individuals who are not members of the committee may also have the opportunity to participate in subcommittees of the committee if subcommittees are formed.

The meetings will be accessible to persons with disabilities. An assistive listening system, Communication Access Realtime Translation (CART), and sign language interpreters will be provided. Persons attending the meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/about/policies/fragrance.htm for more information).

Approval and Promulgation of Air Quality Implementation Plans; Illinois; Air Quality Standards Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Illinois State Implementation Plan (SIP) to reflect current national ambient air quality standards (NAAQS) for ozone, lead, and particulate matter. EPA is proposing to approve a revision to add new incorporations by reference associated with current ozone, lead, and particulate matter NAAQS into the Illinois SIP. EPA is also proposing to approve revisions that amend typographical errors in the Illinois SIP.

DATES: Comments must be received on or before June 24, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–OAR–2012–0540, by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.
2. *Email*: blakley.pamela@epa.gov.
3. *Fax*: (312) 692–2450.

SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

Promulgation of State Implementation Plan Revisions; Infrastructure Requirements for the 1997 and 2006 PM_{2.5} National Ambient Air Quality Standards; Prevention of Significant Deterioration Requirements for PM_{2.5} Increments and Major and Minor Source Baseline Dates; Colorado

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the State Implementation Plan (SIP) submissions from the State of Colorado to demonstrate that the SIP meets the infrastructure requirements of the Clean Air Act (CAA) for the National Ambient Air Quality Standards (NAAQS) promulgated for particulate matter less than or equal to 2.5 micrometers (µm) in

diameter (PM_{2.5}) on July 18, 1997 and on October 17, 2006. The CAA requires that each state, after a new or revised NAAQS is promulgated, review their SIP to ensure that they meet the requirements of the "infrastructure elements" necessary to implement the new or revised NAAQS. Colorado submitted certifications of its infrastructure SIP for the 1997 and the 2006 PM_{2.5} NAAQS on April 4, 2008 and on June 4, 2010, respectively. Colorado also submitted revisions to Regulation 3 of the Air Quality Control Commission permitting requirements for the Prevention of Significant Deterioration (PSD) program on May 11, 2012 and May 13, 2013 that incorporate the required elements of the 2008 PM_{2.5} Implementation Rule and the 2010 PM_{2.5} Increment Rule. EPA proposes to approve portions of these two SIP revisions that bring Colorado's PSD regulations up to date for regulated pollutants. EPA does not propose to act on the portions of the submission for the 2006 PM_{2.5} NAAQS that are intended to meet requirements related to interstate transport of air pollution. EPA will act on the remainder of the submissions in a separate action.

DATES: Written comments must be received on or before June 24, 2013.

Instructions: Direct your comments to Docket ID No. EPA-R08-OAR-2009-0810. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless

the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA, without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>. For additional instructions on submitting comments, go to section I, General Information, of the **SUPPLEMENTARY INFORMATION** section of this document.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Air Program, Environmental Protection Agency (EPA), Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129.
