between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

6. Protest Activities
The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act
The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property
This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform
This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children
We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or safety that might disproportionately affect children.

11. Indian Tribal Governments
This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects
This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards
This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment
We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction. Under figure 2–1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

A. Regulatory History and Information

On March 29, 2013, The Coast Guard published a notice of proposed rulemaking entitled Safety Triathlon; Milwaukee Harbor; Milwaukee, WI in the Federal Register (2013–07281). We did not receive any comments in response to the proposed rule. No public meeting was requested and none was held.

B. Basis and Purpose

The Olympic and Sprint Distance National Championships are scheduled to take place in Milwaukee, Wisconsin in August of 2013 and 2014. These events are expected to attract 4000 participants each year. Participants will compete in a swim—as part of a triathlon competition—across both the Lakeshore inlet and the Discovery World Marina within Milwaukee Harbor. The swim portion of the National Championship is anticipated to occur on August 10 and 11, 2013, and on August 9 and 10, 2014. The Captain of the Port, Lake Michigan, has determined that the likelihood of transiting watercraft during the swim competition involving a large number of competitors presents a significant risk of serious injuries or fatalities.

C. Discussion of Comments, Changes and the Final Rule

The Captain of the Port, Lake Michigan, has determined that a safety zone is necessary to mitigate the aforementioned safety risks. Thus, this rule establishes a safety zone that encompasses all waters of Milwaukee Harbor, including Lakeshore inlet and Discovery World Marina, west of a line across the entrance to the Discovery World Marina connecting 43°02′15.1″ N, 087°53′37.4″ W and 43°01′44.2″ N, 087°53′44.6″ W (NAD 83).

This rule will establish a safety zone within Milwaukee Harbor for the 2013 and 2014 calendar years. This rule will be effective from August 1, 2013, until August 30, 2014. Additionally, the Coast Guard anticipates that this safety zone will be enforced from 6:30 a.m. until 11 a.m. on August 10 and 11, 2013. This 2013 enforcement schedule may change, and in the event of a change, the Captain of the Port, Lake Michigan, will establish an updated enforcement schedule with a Notice of Enforcement. Likewise, the Captain of the Port, Lake Michigan, will establish the 2014 enforcement schedule via a Notice of Enforcement.

The Captain of the Port Lake Michigan will use all appropriate means to notify the public when the safety zone established by this rule will be enforced. Consistent with 33 CFR 165.7(e), such means may include, among other things, publication in the Federal Register, Broadcast Notice to Mariners, Local Notice to Mariners, or, upon request, by facsimile (fax).

Entry into, transiting, or anchoring within these safety zones during the period of enforcement is prohibited unless authorized by the Captain of the Port, Lake Michigan, or his or her designated on-scene representative. The Captain of the Port, Lake Michigan, or his or her designated on-scene representative may be contacted via VHF Channel 16.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of
