### Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific. *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

In making these findings, we have relied, in part, on facts available and, because the Government of the PRC did not act to the best of its ability to respond to the Department's requests for information, we have drawn an adverse inference in selecting from among the facts otherwise available. *See* sections 776(a) and (b) of the Act. For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Determination Memorandum.

For a full description of the methodology underlying the Department's conclusions, *see* Preliminary Decision Memorandum.

### Preliminary Results of the Review

As a result of this review, we preliminarily determine a net countervailable subsidy rate of 13.67 percent *ad valorem* for the RZBC Companies, for the period January 1, 2011, through December 31, 2011.

### Disclosure and Public Comment

The Department will disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results.<sup>1</sup> Due to the anticipated timing of the release of post-preliminary analysis memoranda, interested parties may submit written comments (case briefs) for this administrative review no later than one week after the issuance of the last post-preliminary analysis memorandum, and rebuttal comments (rebuttal briefs) within five days after the time limit for filing case briefs.<sup>2</sup> Pursuant to 19 CFR 351.309(d)(2), rebuttal briefs must be limited to issues raised in the case

briefs. Parties who submit arguments are requested to submit with the argument: (1) Statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce within 30 days after the date of publication of this notice.<sup>3</sup> Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing, which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined.<sup>4</sup> Parties should confirm by telephone the date, time, and location of the hearing.

Parties are reminded that briefs and hearing requests are to be filed electronically using IA ACCESS and that electronically filed documents must be received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by parties in their comments, within 120 days after issuance of these preliminary results.

### Assessment Rates

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

### Cash Deposit Instructions

The Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above. For all non-reviewed firms, we will instruct CBP to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

This administrative review and notice are in accordance with sections

751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: June 3, 2013.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

### Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is

specific. *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

In making these preliminary findings, we are relying, in part, on facts available because the Government of the PRC did not act to the best of its ability to respond to the Department's requests for information. Further, we are drawing an adverse inference in selecting from among the facts otherwise available. *See* sections 776(a) and (b) of the Act. For further information, *see* "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

Additionally, we are relying on facts available for three companies<sup>5</sup> because they withheld requested information did not act to the best of their ability to respond to the Department's quantity and value questionnaire. To calculate the *ad valorem* rate for these companies, we have drawn an adverse inference in selecting from among the facts otherwise available.<sup>6</sup> For derivation of the adverse facts available rate, *see* "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

For a full description of the methodology underlying all of the Department's conclusions, *see* Preliminary Decision Memorandum.

### Rate for Non-Selected Companies Under Review

There are 49 companies for which a review was requested and not rescinded, but were not selected as mandatory respondents. We are assigning to those companies an average of the subsidy rates calculated for the mandatory respondents for 2010 and 2011, respectively. For further information on the calculation of the non-selected rate, *see* "Preliminary *Ad Valorem* Rate for Non-Selected Companies under Review" in the Preliminary Decision Memorandum.

### Preliminary Results of the Review

As a result of this review, we preliminarily determine the listed net subsidy rates for 2010 and 2011:

<sup>5</sup> Foshan Yong Li Jian Alu. Ltd., North China Aluminum Co., Ltd., and Taishan City Kam Kiu Aluminum Extrusion Co., Ltd.

#### I. Abstract

This request is for extension of a current information collection.

On May 30, 2007, NMFS published a final rule (72 FR 29891) implementing a requirement under the CPS FMP to report any interactions that may occur between a CPS vessel and/or fishing gear and sea otters.

Specifically, these reporting requirements are:

1. If a southern sea otter is entangled in a net, regardless of whether the animal is injured or killed, such an occurrence must be reported within 24 hours to the Regional Administrator, NMFS Southwest Region.

2. While fishing for CPS, vessel operators must record all observations of otter interactions (defined as otters within encircled nets or coming into contact with nets or vessels, including but not limited to entanglement) with their purse seine net(s) or vessel(s). With the exception of an entanglement, which will be initially reported as described in No. 1 above, all other observations must be reported within 20 days to the Regional Administrator.

When contacting NMFS after an interaction, fishermen are required to provide information regarding the location, specifically latitude and longitude, of the interaction and a description of the interaction itself. Descriptive information of the interaction should include: Whether or not the otters were seen inside or outside the net; if inside the net, had the net been completely encircled; did contact occur with net or vessel; the number of otters present; duration of interaction; otter's behavior during interaction; and, measures taken to avoid interaction.
