Rural Utilities Service

Supplemental Final Environmental Impact Statement for the Restart of Healy Power Plant Unit #2

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Availability of a Supplemental Final Environmental Impact Statement.

SUMMARY: The U.S. Department of Agriculture, Rural Utilities Service (RUS), has issued a Supplemental Final Environmental Impact Statement (SFEIS) for the restart of Healy Power Plant's Unit #2 in Healy, Alaska. The (SFEIS) supplements a Final Environmental Impact Statement (FEIS), completed by the Department of Energy (DOE) in 1993 to evaluate potential impacts to the human environment from DOE's proposal to partially fund construction of Unit #2 of the Healy Power Plant to demonstrate emissions control technologies. In 1994, the DOE published a Record of Decision (ROD) for their FEIS in the **Federal Register**, Volume 59, Issue 54 (March 21, 1994). In 1997, Healy Unit #2 was constructed as a major modification to the existing Healy Power Plant's Unit #1, using funding from DOE and the Alaska Industrial Development and Export Authority (AIDEA). Healy Unit #1 is a 25 megawatt (MW) coal-fired boiler that has been owned and operated by Golden Valley Electric Association (GVEA) since 1967. Healy Unit #2 is a 50 MW coal-fired steam generator owned by AIDEA, which underwent test operation for two years as part of DOE's project. Unit #2 has been in warm layup since late 1999. The SFEIS updates information in DOE's FEIS and considers impacts of restarting Unit #2 for commercial operation. The SFEIS is available for a 30-day public review and comment period. Subsequent to the comment period RUS may issue a ROD.

DATES: Written comments on this Notice must be received on or before July 10, 2013.

FOR FURTHER INFORMATION CONTACT: Deirdre M. Remley, Environmental Protection Specialist, RUS, Water and Environmental Programs, Engineering and Environmental Staff, 1400

Independence Avenue SW., Stop 1571, Washington, DC 20250-1571, Telephone: (202) 720-9640 or email: deirdre.remley@wdc.usda.gov. The SFEIS is available online at <http://www.rurdev.usda.gov/UWP-eis4.htm> or you may contact Ms. Remley for a hard copy.

SUPPLEMENTARY INFORMATION: RUS makes loans and loan guarantees to finance new infrastructure and upgrades to existing facilities in the areas of electricity, telecommunications, and water and wastewater in rural areas that qualify for federal assistance. During the 1994 USDA reorganization, the former Rural Electrification Administration (REA) utility programs were consolidated under RUS. The RUS Electric Program is authorized to make loans and loan guarantees that finance electric distribution, transmission, and generation facilities, including construction, system improvements, and replacements required to furnish and improve electric service in rural areas. RUS's predecessor, REA, was a cooperating agency on DOE's FEIS, because it had administrative actions related to its lien interests in GVEA holdings.

GVEA is a not-for-profit cooperative formed in 1946 with financing from REA to provide electric service to rural communities in interior Alaska. Because GVEA is an RUS borrower, RUS holds liens on GVEA assets, and GVEA is eligible for RUS financing to construct or improve its distribution, transmission, and generation facilities. AIDEA provides support for the Alaska Energy Authority whose mission is to reduce the cost of energy in Alaska. AIDEA partially funded construction of Unit #2, and currently owns this power generation facility that is built adjacent to and interconnected with GVEA's Unit #1 at the Healy Power Plant.

Unit #2 has been costly for both AIDEA and GVEA to maintain without income from commercial generation to offset the costs of keeping the facility in warm layup. AIDEA wishes to sell Unit #2 to GVEA, and GVEA wishes to purchase the facility and bring it into commercial production to reduce GVEA's reliance on oil-fired generation by providing a lower cost option for meeting power demand within its service territory.

As part of the restart of Unit #2, GVEA proposes to install additional emission controls to both Unit #1 and Unit #2 and to operate Unit #2 for the remainder of the plant's operational life. GVEA plans to request administrative and financial assistance from RUS to facilitate its purchase of Unit #2 and improvements

to the Healy Power Plant, which include the installation of additional emission control equipment.

The SFEIS updated the DOE FEIS by documenting changes in the affected environment, regulatory requirements, and environmental consequences related to the commercial operation of Unit #2, which have occurred since the FEIS was published in 1993. RUS's SFEIS incorporates the DOE FEIS by reference. Both the FEIS and the SFEIS are available at <http://www.rurdev.usda.gov/UWP-eis4.htm>.

Dated: April 25, 2013.

Nivin Elgohary,

Assistant Administrator, Electric Programs, USDA, Rural Utilities Service.

BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-57-2013]

Foreign-Trade Zone (FTZ) 21—Dorchester County, South Carolina; Notification of Proposed Production Activity; AGFA Materials Corporation (Photographic Film Cutting); Goose Creek, South Carolina

The South Carolina State Ports Authority, grantee of FTZ 21, submitted a notification of proposed production activity to the FTZ Board on behalf of AGFA Materials Corporation (AGFA), located in Goose Creek, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 17, 2013.

The AGFA facility is located within Site 16 of FTZ 21. The facility is used for the cutting of photographic film to specific sizes or master rolls for medical images, aerial photography, and non-destructive testing. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products listed in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt AGFA from customs duty payments on the foreign status film used in export production. On its domestic sales, AGFA would be able to choose the duty rates during customs entry procedures that apply to its finished cut film (3.7%) and associated scrap and waste (free) for the foreign-status film (3.7%). Customs duties also could

possibly be deferred or reduced on foreign status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 22, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov (202) 482-1367.

Dated: June 4, 2013.

Andrew McGilvray,
Executive Secretary.

International Trade Administration

[A-570-901]

Certain Lined Paper Products From the People's Republic of China: Preliminary Results and Rescission in Part of Antidumping Duty Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on certain lined paper products ("CLPP") from the People's Republic of China ("PRC"). The period of review ("POR") is September 1, 2011, through August 31, 2012. Of the three companies requested for review, the Department has preliminarily determined that Leo's Quality Products Co., Ltd./Denmax Plastic Stationery Factory ("Leo's/Denmax") did not cooperate and will be treated as part of the PRC-wide entity; Shanghai Lian Li Paper Products Co., Ltd. ("Lian Li") made no shipments of subject merchandise during the POR and will retain its separate rate status; and Hwa Fuh Plastics Co., Ltd./Li Teng Plastics (Shenzhen) Co., Ltd. ("Hwa Fuh/Li Teng") could not be contacted so review of this company will be rescinded.

DATES: *Effective Date:* June 10, 2013.

FOR FURTHER INFORMATION CONTACT:

Cindy Robinson or Eric B. Greynolds, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone (202) 482-3797 or (202) 482-6071, respectively.

Scope of the Order

The merchandise subject by the *CLPP Order* is certain lined paper products.¹ The products are currently classified under the following Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 4811.90.9035, 4811.90.9080, 4820.30.0040, 4810.22.5044, 4811.90.9050, 4811.90.9090, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2050, 4820.10.2060, and 4820.10.4000. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description in the *CLPP Order*² remains dispositive.³

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). In making our findings, we have relied, in part, on facts available, and because Leo's/Denmax did not act to the best of its ability to respond to the Department's requests for information, we have drawn an adverse inference in selecting from among the facts otherwise available. In addition, we assigned a dumping margin to the separate rate recipients based on Departmental practice which is described in the "Separate Rates" section below.

For a full description of the methodology underlying our conclusions, see "Preliminary Decision Memorandum," dated concurrently with these preliminary results and

¹ See *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Lined Paper Products from the People's Republic of China; Notice of Antidumping Duty Orders: Certain Lined Paper Products from India, Indonesia, and the People's Republic of China; and Notice of Countervailing Duty Orders: Certain Lined Paper Products from India and Indonesia*, 71 FR 56949 (September 28, 2006) ("*CLPP Order*").

² *Id.*

³ For a complete description of the scope of the order, see "Decision Memorandum for Preliminary Results of 2011-2012 Antidumping Duty Administrative Review: Certain Lined Paper Products from the People's Republic of China" ("Preliminary Decision Memorandum") from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with these preliminary results.

hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and it is available to all parties in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Finding of No Sales Made During the POR

Due to Lian Li's timely certification of non-shipment of subject merchandise to the United States during the POR, and our analysis of U.S. Customs and Border Protection ("CBP") information, the Department preliminarily determines that Lian Li had no sales of subject merchandise during the POR. In addition, the Department finds that consistent with its recently announced refinement to its assessment practice in non-market economy ("NME") cases,⁴ it is not appropriate to rescind the review with respect to Lian Li, but, rather, to complete the review with respect to Lian Li and issue appropriate instructions to CBP based on the final results of the review.

Intent To Rescind the Review, in Part

With respect to Hwa Fuh/Li Teng, the Department was unable to deliver the initial questionnaire to Hwa Fu/Li Teng using the address provided by petitioner⁵ in its 2011-2012 administrative review request letter.⁶ Therefore, the Department intends to rescind the review with respect to Hwa Fuh/Li Teng, in accordance with our practice, from which we see no reason to deviate here.⁷

⁴ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011) and the "Assessment Rates" section below.

⁵ Petitioner is the Association of American School Lined Paper Suppliers ("AASPS") and its individual members: Norcom Inc., Top Flight, Inc. and ACCO Brands USA LLC (collectively, "petitioner").

⁶ See Preliminary Decision Memorandum for details.
