EXPORT-IMPORT BANK

Economic Impact Policy

This notice is to inform the public that the Export-Import Bank of the United States has received an application for a \$99 million comprehensive loan guarantee to support the export of approximately \$110.4 million worth of aluminum beverage cans and ends manufacturing equipment to China. The U.S. exports will enable the Chinese company to produce approximately 2.8 billion aluminum cans per year. In addition, the foreign buyer will expand its existing annual ends production capacities by 2.6 billion ends for 2-piece cans, and by 1.3 billion ends for 3-piece cans.

Available information indicates that this new foreign aluminum cans and ends production will be entirely sold and consumed in China. Interested parties may submit comments on this transaction by email to economic.impact@exim.gov or by mail to 811 Vermont Avenue NW., Room 442, Washington, DC 20571, within 14 days of the date this notice appears in the **Federal Register**.

Angela Mariana Freyre,

Senior Vice President and General Counsel.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Project LAUNCH Cross-Site Evaluation.

OMB No.: 0970–0373.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services, is collecting data as part of a cross-site evaluation of a Substance Abuse and Mental Health Services Administration (SAMHSA) initiative called Project LAUNCH (Linking Actions for Unmet Needs in Children's Health). Project LAUNCH promotes the healthy development and wellness of children ages birth to eight years. A total of 35 Project LAUNCH grantees are funded to improve coordination among child-serving systems, build infrastructure, and improve methods for providing services. Grantees implement a range of public health strategies to support young child wellness in a designated locality.

Grants were awarded in four cohorts. Three of these cohorts will end on a rolling basis over the next three years and one cohort of grantees was recently awarded and will end in five years.

Data for the cross-site evaluation of Project LAUNCH will be collected through: (1) Interviews conducted either via telephone or during site-visits to Project LAUNCH grantees, (2) semi-annual reports that will be submitted

electronically on a web-based data reporting system, and (3) outcome data tables included in grantee specific end-of-year evaluation reports.

During either telephone interviews or the site visits, researchers will conduct interviews with Project LAUNCH service providers and collaborators in states/tribes and local communities of focus. Interviewers will ask program administrators questions about all Project LAUNCH activities, including: Infrastructure development; collaboration and coordination among partner agencies, organizations, and service providers; and development, implementation, and refinement of service strategies.

As part of the proposed data collection, Project LAUNCH staff will be asked to submit semi-annual electronic reports on state/tribal and local systems development and on services that children and families receive. The electronic data reports also will collect data about other Project LAUNCH-funded service enhancements, such as trainings, Project LAUNCH systems change activities, and changes in provider settings and practice. Information provided in these reports will be aggregated on a quarterly basis, and reported semi-annually.

As a final part of the proposed data collection, the cross-site evaluation will utilize outcome data provided by grantee evaluators as part of their end-of-year evaluation reports to the SAMHSA. Information provided in these reports is aggregated.

Respondents: State/Tribal Child Wellness Coordinator, Local Child Wellness Coordinator, Chair of the State/Tribal Child Wellness Council (during site visit only), Chair of the Community Child Wellness Council, and Local Service Providers/ Stakeholders.
