Changes Since the Preliminary Results

We revised our preliminary margin calculations for Golden Dragon and Nacobre to use the home market sales data they reported in their post-preliminary submissions to the Department. We made no other changes to the calculation of Golden Dragon’s and Nacobre’s weighted-average dumping margins in these final results.

Period of Review

The period of review is May 1, 2011, through October 31, 2011, for Golden Dragon and November 22, 2010, through October 31, 2011, for Nacobre.

Final Results of the Review

As a result of our review, we determine that sales of the subject merchandise have not been made at prices below normal value for the period May 1, 2011, and October 31, 2011, for Golden Dragon and November 22, 2010, through October 31, 2011, for Nacobre.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise and deposits of estimated duties, where applicable, in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

Pursuant to the Final Modification for Reviews;\(^6\) because the respondents’ weighted-average dumping margins are zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.\(^7\)

The Department clarified its “automatic assessment” regulation on May 6, 2003.\(^8\) This clarification will apply to entries of subject merchandise during the POR produced by Golden Dragon and Nacobre for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of seamless refined copper pipe and tube from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for Golden Dragon and Nacobre will be equal to the weighted-average dumping margins established in the final results of this administrative review (i.e., zero percent); (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 26.03 percent, the all-others rate established in the Amended Final and Order. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act. Dated: June 5, 2013.

Paul Piquado,
Assistant Secretary for Import Administration.
