that the activity will be conducted consistent with the Memorandum of Agreement. In the absence of certification from the State Archaeologist or if no State permit is required, a person may secure a sanctuary general permit directly from NOAA to conduct a prohibited activity if the activity is conducted in accordance with a Federal permit. Even though this proposed rule may result in a few additional permit applications, due to the overall larger area under management, this rulemaking would not appreciably change the average annual number of respondents on a national level or the reporting burden for this information requirement. Therefore, NOAA has determined that the proposed regulations do not necessitate a modification to its information collection approval by the Office of Management and Budget under the Paperwork Reduction Act.

Comments regarding this burden estimate, or any other aspect of this data collection, including suggestions for reducing the burden, may be sent to NOAA (see ADDRESSES) and to OMB by email to OIRA_submission@omb.eop.gov or fax to (202) 395–7285. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information is approved by OMB.

G. National Historic Preservation Act

The National Historic Preservation Act of 1966 (NHPA; Pub. L. 89–665; 16 U.S.C. 470 et seq.) is intended to preserve historical and archaeological sites in the United States of America. The act created the National Register of Historic Places, the list of National Historic Landmarks, and the State Historic Preservation Officers, Section 106 of the NHPA requires Federal agencies to take into account the effects of their undertakings on historic properties, and afford the Advisory Council on Historic Preservation (AICHP) a reasonable opportunity to comment. The historic preservation review process mandated by Section 106 is outlined in regulations issued by AICHP (36 CFR part 800). The Michigan State Historic Preservation Office, which implements section 106 of the NHPA, is located in the Michigan State Housing Development Authority. NOAA has and continues to consult with the State Historic Preservation Officer on matters related to Section 106 of the NHPA. A programmatic agreement will be developed if the expansion of the sanctuary is finalized and if it is determined to be necessary.

V. Request for Comments

NOAA requests comments on this proposed rule for 60 days after publication of this notice.

List of Subjects in 15 CFR Part 922

Administrative practice and procedure, Coastal zone, Fishing gear, Marine resources, Natural resources, Penalties, Recreation and recreation areas, Wildlife.

(Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)

Dated: June 6, 2013.

Holly A. Bamford,
Assistant Administrator, National Ocean Service National Oceanic and Atmospheric Administration.

Accordingly, for the reasons set forth above, NOAA proposes amending part 922, title 15 of the Code of Federal Regulations as follows:

PART 922 SUBPART R—THUNDER BAY NATIONAL MARINE SANCTUARY AND UNDERWATER PRESERVE

1. The authority citation for part 922 continues to read as follows:

Authority: 16 U.S.C. 1431 et seq.

2. Revise § 922.190 to read as follows:

§ 922.190 Boundary.

The Thunder Bay National Marine Sanctuary and Underwater Preserve (Sanctuary) consists of an area of approximately 4,300 square miles (11,137 square kilometers) of waters of Lake Huron and the submerged lands thereunder, over, around, and under the underwater cultural resources in Thunder Bay. The eastern boundary of the sanctuary begins at the intersection of the southern Alcona County boundary and the U.S./Canada international boundary (Point 1). The eastern boundary follows the international boundary passing through Points 2–6 until it intersects with the 45°50′ N line of latitude at Point 7. The northern boundary follows the line of latitude 45°50′ N westward until it intersects the 84°20′ W line of longitude at Point 8. The western boundary extends south along the 84°20′ W line of longitude towards Point 9 until it intersects the ordinary high water mark at Cordwood Point. From there, the western boundary follows the ordinary high water mark as defined by Point 325, Great Lakes Submerged Lands, of P.A. 451(1994), as amended, until it intersects the southern Alcona County boundary between Point 10 and Point 11. The table in Appendix A of this Subpart provides several useful coordinates along the boundary of the sanctuary.

3. Revise Appendix A to Subpart R of Part 922 to read as follows:

Appendix A to Subpart R of Part 922—Thunder Bay National Marine Sanctuary and Underwater Preserve Boundary Coordinates

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 934

[SATS No. ND–052–FOR; Docket ID OSM–2012–0021; S1D1S SS08011000 SX066A000 67F 134S180110; S2D2S SS08011000 SX066A00 33F 13XSS01520]

North Dakota Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; reopening of public comment period and opportunity for public hearing.

SUMMARY: We are announcing receipt of North Dakota’s response to the Office of Surface Mining Reclamation and Enforcement’s (OSM) March 13, 2013, issue letter pertaining to a previously proposed amendment to the North Dakota regulatory program (hereinafter, the “North Dakota program”) under the Surface Mining Control and Reclamation Act of 1977 (“SMCRA” or “the Act”). North Dakota intends to revise its program to be consistent with the corresponding Federal regulations, add a new subsection to an existing rule with general requirements on the format of electronic applications, and make a minor correction to a provision pertaining to a separate rule which was amended to no longer require renewal of a permit once lands in that permit are
no longer being mined or used in the support of mining. This document gives the times and locations that the North Dakota program and proposed amendment to that program are available for your inspection, the comment period during which you may submit written comments on the amendment, and the procedures that we will follow for the public hearing, if one is requested.

DATES: The comment period for the proposed rule published January 29, 2013 (78 FR 6062), is reopened. We will accept written comments on this amendment until 4 p.m., m.d.t. July 1, 2013. If requested, we will hold a public hearing on the amendment on July 1, 2013. We will accept requests to speak until 4 p.m., m.d.t. on July 1, 2013.

ADDRESSES: You may submit comments by either of the following two methods:
- **Federal eRulemaking Portal:** www.regulations.gov. This proposed rule has been assigned Docket ID: OSM–2012–0021–0001. If you would like to submit comments through the Federal eRulemaking Portal, go to www.regulations.gov and follow the instructions.
- **Mail/Hand Delivery/Courier:** Jeffrey Fleischman, Director, Casper Field Office, Office of Surface Mining Reclamation and Enforcement, Dick Cheney Federal Building, POB 11018, 150 East B Street, Casper, Wyoming 82601–1018. For detailed instructions on submitting comments and additional comments and clarification on the rulemaking process, see the “III. Public Comment Procedures” section of this document.

In addition to viewing the docket and obtaining copies of documents at www.regulations.gov, you may review copies of the North Dakota program, this amendment, a listing of any public hearings, and all written comments received in response to this document at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. You may also receive one free copy of the amendment by contacting OSM’s Casper Field Office.

Jeffrey Fleischman, Director, Casper Field Office, Office of Surface Mining Reclamation and Enforcement, Dick Cheney Federal Building, PO Box 11018, 150 East B Street, Casper, Wyoming 82601–1018, (307) 261–6555, jfleischman@osmre.gov.

James Deutsch, Director, Reclamation Division, North Dakota Public Service Commission, 30 East Boulevard, Dept. 408, Bismarck, North Dakota 58505–0480, (701) 328–2251, jdeutsch@nd.gov.

FOR FURTHER INFORMATION CONTACT: Jeffrey Fleischman, Telephone: (307) 261–6555. Internet: jfleischman@osmre.gov.

SUPPLEMENTARY INFORMATION:
I. Background on the North Dakota Program
II. Description of the Proposed Amendment
III. Public Comment Procedures
IV. Procedural Determinations

I. Background on the North Dakota Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act. . . . and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the North Dakota program on December 15, 1980. You can find background information on the North Dakota program, including the Secretary’s findings, the disposition of comments, and conditions of approval of the North Dakota program in the December 15, 1980 Federal Register (45 FR 82214). You can also find later actions concerning North Dakota’s program and program amendments at 30 CFR 934.15, 934.16, and 934.30.

II. Description of the Proposed Amendment

By letter dated November 14, 2012, North Dakota sent us a proposed amendment to its program (Administrative Record Document ID No. OSM–2012–0021–0002) under SMCRA (30 U.S.C. 1201 et seq.). North Dakota sent the amendment in response to a October 2, 2009 letter (Document ID OSM–2012–0021–0004) that we sent to North Dakota in accordance with 30 CFR 732.17(c), and to include the changes made at its own initiative. The full text of the program amendment is available for you to read at the locations listed above under ADDRESSES.

Specifically, North Dakota proposes to add and change a number of rules in the North Dakota Administrative Code (NDAC) Section 69–5.2. The changes regard the use of OSM’s Applicant Violator System (AVS) prior to the approval of permits, renewals, and certain revisions. The proposed rule also contains procedures for coal operators to use if they want to submit challenges to information in the AVS. These changes are being proposed to bring North Dakota’s coal program into compliance with the counterpart Federal rules regarding the AVS and ownership and control. Additionally, North Dakota is submitting a proposed rule change that adds specificity to the format requirements of electronic applications and a change which updates a provision to no longer require the renewal of a permit once surface mining is completed and only reclamation work remains.

We announced receipt of the proposed amendment in the January 29, 2013 Federal Register (78 FR 6062; Administrative Record No. OSM–2012–0021–0001), provided an opportunity for a public hearing or meeting, and invited public comment on the proposed amendment. Because no one requested a public hearing or meeting, none was held. The public comment period ended on February 28, 2013. We received a letter from the Bureau of Land Management stating that they had no comment. We did not receive any comments from the general public.

During our review of the amendment, we identified an area of concern regarding the fact that North Dakota failed to provide a counterpart rule to 30 CFR 774.12(c)(1). We notified North Dakota of our concerns on March 13, 2013 (Administrative Record No. OSM–2012–0021–0007 and OSM–2012–0021–0008). North Dakota responded in a letter dated May 10, 2013 by revising their proposed amendment language (Administrative Record No. OSM–2012–0021–0009). Specifically, North Dakota corrected a drafting error which occurred from the use of a previous version of the 30 CFR rules by modifying NDAC Section 69–05.2–10–09. The proposed modification provides State counterpart language to 30 CFR 778.11(d), which is referenced in 30 CFR 774.12(c)(1).

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the North Dakota program.

**Electronic or Written Comments**

If you submit written comments, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those
that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent Tribal or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see DATES) or sent to an address other than those listed above (see ADDRESSES) will be included in the docket for this rulemaking and considered.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at anytime. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under FOR FURTHER INFORMATION CONTACT by 4 p.m., m.d.t. on July 1, 2013. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under FOR FURTHER INFORMATION CONTACT. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold the hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at a public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under FOR FURTHER INFORMATION CONTACT. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under ADDRESSES. We will make a written summary of each meeting a part of the administrative record.

IV. Procedural Determinations

Executive Order 12866—Regulatory Planning and Review

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSM for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the Federal Register indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

List of Subjects in 30 CFR Part 934

Intergovernmental relations, Surface mining, Underground mining.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Draft No. USCG–2013–0327]

RIN 1625–AA08

Regattas and Marine Parades in the COTP Lake Michigan Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend special local regulations for annual regattas and marine parades in the Captain of the Port Lake Michigan Zone. This proposed rule is intended to provide for the safety of life and property on navigable waters immediately prior to, during, and immediately after regattas or marine parades. This proposed rule will establish restrictions upon, and control the movement of, vessels in a portion of the Captain of the Port Lake Michigan Zone.

DATES: Comments and related material must be received by the Coast Guard on or before July 15, 2013.

ADDRESSES: You may submit comments identified by docket number USCG–2013–0327 using any one of the following methods:

4. Hand Delivery: Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

To avoid duplication, please use only one of these four methods. See the “Public Participation and Request for Comments” portion of the SUPPLEMENTARY INFORMATION section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email MST1 Joseph McCollum, Prevention Department, Coast Guard, Sector Lake Michigan, Milwaukee, WI, telephone (414) 747–7148, email Joseph.P.Mccollum@uscg.mil. If you have questions on viewing or submitting material to the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.
