DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2013–0001; Airspace Docket No. 12–ASO–45]

Amendment of Class E Airspace; Live Oak, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace in the Live Oak, FL area, as new Standard Instrument Approach Procedures (SIAPs) have been developed at Suwannee County Airport. Airspace reconfiguration is necessary for the continued safety and management of instrument flight rules (IFR) operations within the Live Oak, FL, airspace area. This action also updates the geographic coordinates of Suwannee Hospital Emergency Heliport and Suwannee County Airport.

DATES: Effective 0901 UTC, August 22, 2013. The Director of the Federal Register approves this incorporation by reference in accordance with 14 CFR 71.1 as follows:

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

History

On April 30, 2013, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to amend Class E airspace at Live Oak, FL (78 FR 6258) Docket No. FAA–2013–0001. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Subsequent to publication, the FAA found an error in the geographic coordinates of Suwannee County Airport, and the point in space coordinates for Suwannee Hospital Emergency Heliport, and corrects both. Except for editorial changes, and the changes noted above, this rule is the same as published in the NPRM.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9W dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface within a 7-mile radius at Suwannee County Airport, Live Oak, FL. New Standard Instrument Approach Procedures have been developed for the airport for the continued safety and management of IFR operations within the Live Oak, FL, airspace area. The geographic coordinates for Suwannee Hospital Emergency Heliport are adjusted from “lat. 30°17′29″ N., long. 83°0′24″ W.” to “lat. 30°17′29″ N., long. 83°0′14″ W.”; and for Suwannee County Airport from “lat. 30°18′0″ N., long. 83°0′29″ W.”, to “lat. 30°18′0″ N., long. 83°0′28″ N.”, to coincide with the FAA’s aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace in the Live Oak, FL, area.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures,” paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

1. The authority citation for Part 71 continues to read as follows:

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9W, Airspace Designations and Reporting Points, dated August 8, 2012, effective September 15, 2012, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

ASO FL E5 Live Oak, FL [Amended]

Suwannee County Airport, FL (Lat. 30°18′01″ N., long. 83°0′26″ W.) Suwannee Hospital Emergency Heliport Point in space coordinates (Lat. 30°17′29″ N., long. 83°0′14″ W.) That airspace extending upward from 700 feet above the surface within a 7-mile radius of Suwannee County Airport, and within a 6-mile radius of the point in space (Lat. 30°17′29″ N., long. 83°0′14″ W.) serving Suwannee Hospital Emergency Heliport.

Issued in College Park, Georgia, on June 19, 2013.

Barry A. Knight,
Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.
