the needs of the resident are addressed and met 24 hours per day.

(E) A provision that the LTC facility immediately notifies the hospice about the following:

(1) A significant change in the resident’s physical, mental, social, or emotional status.

(2) Clinical complications that suggest a need to alter the plan of care.

(3) A need to transfer the resident from the facility for any condition.

(4) The resident’s death.

(F) A provision stating that the hospice assumes responsibility for determining the appropriate course of hospice care, including the determination to change the level of services provided.

(G) An agreement that it is the LTC facility’s responsibility to furnish 24-hour room and board care, meet the resident’s personal care and nursing needs in coordination with the hospice representative, and ensure that the level of care provided is appropriately based on the individual resident’s needs.

(H) A delineation of the hospice’s responsibilities, including but not limited to, providing medical direction and management of the patient; nursing; counseling (including spiritual, dietary, and bereavement); social work; providing medical supplies, durable medical equipment, and drugs necessary for the palliation of pain and symptoms associated with the terminal illness and related conditions; and all other hospice services that are necessary for the care of the resident’s terminal illness and related conditions.

(I) A provision that when the LTC facility personnel are responsible for the administration of prescribed therapies, including those therapies determined appropriate by the hospice and delineated in the hospice plan of care, the LTC facility personnel may administer the therapies where permitted by State law and as specified by the LTC facility.

(J) A provision stating that the LTC facility must report all alleged violations involving mistreatment, neglect, or verbal, mental, sexual, and physical abuse, including injuries of unknown source, and misappropriation of patient property by hospice personnel, to the hospice administrator immediately when the LTC facility becomes aware of the alleged violation.

(K) A delineation of the responsibilities of the hospice and the LTC facility to provide bereavement services to LTC facility staff.

(3) Each LTC facility arranging for the provision of hospice care under a written agreement must designate a member of the facility’s interdisciplinary team who is responsible for working with hospice representatives to coordinate care to the resident provided by the LTC facility staff and hospice staff. The interdisciplinary team member must have a clinical background, function within their State scope of practice act, and have the ability to assess the resident or have access to someone that has the skills and capabilities to assess the resident. The designated interdisciplinary team member is responsible for the following:

(i) Collaborating with hospice representatives and coordinating LTC facility staff participation in the hospice care planning process for those residents receiving these services.

(ii) Communicating with hospice representatives and other healthcare providers participating in the provision of care for the terminal illness, related conditions, and other conditions, to ensure quality of care for the patient and family.

(iii) Ensuring that the LTC facility communicates with the hospice medical director, the patient’s attending physician, and other practitioners participating in the provision of care to the patient as needed to coordinate the hospice care with the medical care provided by other physicians.

(iv) Obtaining the following information from the hospice:

(A) The most recent hospice plan of care specific to each patient.

(B) Hospice election form.

(C) Physician certification and recertification of the terminal illness specific to each patient.

(D) Names and contact information for hospice personnel involved in hospice care of each patient.

(E) Instructions on how to access the hospice’s 24-hour on-call system.

(F) Hospice medication information specific to each patient.

(G) Hospice physician and attending physician (if any) orders specific to each patient.

(v) Ensuring that the LTC facility staff provides orientation in the policies and procedures of the facility, including patient rights, appropriate forms, and record keeping requirements, to hospice staff furnishing care to LTC residents.

(4) Each LTC facility providing hospice care under a written agreement must ensure that each resident’s written plan of care includes both the most recent hospice plan of care and a description of the services furnished by the LTC facility to attain or maintain the resident’s highest practicable physical, mental, and psychosocial well-being, as required at §483.25.

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval on May 29, 2013, for the information collection requirements contained in the Commission’s rules at 47 CFR 54.640(b) and 54.679.

Under 5 CFR part 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act, that does not display a current, valid OMB Control Number. The OMB Control Number is 3060–0824.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060–0824.
OMB Approval Date: May 29, 2013.
OMB Expiration Date: November 30, 2015.

Title: Service Provider Identification Number and Contact Form.
Form Number: FCC Form 498.
Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit and not-for-profit institutions.
Number of Respondents: 5,000 respondents.
Estimated Time per Response: 1.5 hours.
Frequency of Response: On occasion reporting requirements and third party disclosure requirements.
Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in 47 U.S.C. 151–154 and 254 the Communications Act of 1934, as amended.
Total Annual Burden: 7,500 hours.
Total Annual Cost: N/A.
Privacy Impact Assessment: N/A.
Nature and Extent of Confidentiality: The Commission notes that the Universal Service Administrative Company (USAC) who administers the universal service program must preserve the confidentiality of all data obtained from respondents and contributors to the universal service programs, must not use the data except for purposes of administering the universal service programs, and must not disclose data in company-specific form unless directed to do so by the Commission. With respect to the FCC Form 498, USAC shall publish each participant’s name, Service Provider Identification Number (SPIN), and contact information via USAC’s Web site. All other information, including financial institution account numbers or routing information, shall remain confidential.
Needs and Uses: The Commission has received OMB approval to the non-substantive revisions of this information collection.

One of the functions of USAC is to provide a means for the billing, collection and disbursement of funds for the universal service support mechanisms.

On October 1998, the OMB first approved FCC Form 498, the “Service Provider Information Form” to enable USAC to collect service provider name and address, telephone number, Federal Employer Identification Number (EIN), contact names, contact telephone numbers, and remittance information.

FCC Form 498 enables participants to request a SPIN and provides the official record for participation in the universal service support mechanisms. The remittance information provided by participants on FCC Form 498 enables USAC to make payments to participants in the universal service support mechanisms.

The following non-substantive revisions were made to the FCC Form 498: Page 1, replaced “FRN Number” with “FCC Registration Number (CORES ID)”; the same revisions were made to page 5 of the Instructions; Page 8, line 122, the Rural Health Care Program offset indicator was separated from the Schools and Libraries offset indicator, page 10 of the Instructions was revised to remove the mandatory offset requirement and page 14 of the Instructions was revised to add the separate offset indicator for the Rural Health Care Program; Page 8, line 23, added a certification for service providers (vendors) participating in the Healthcare Connect Fund, the same certification was added to page 14 of the Instructions; and Page 18 of the Instructions was revised to include a definition for “officer.”

The information collected on the FCC Form 498 is used by USAC to disburse federal universal service support consistent with the specifications of eligible participants in the universal service programs. FCC Form 498 submissions also provide USAC with updated contact information so that USAC can contact universal service fund participants when necessary. Without such information, USAC would not be able to distribute support to the proper entities and this would prevent the Commission from fulfilling its statutory responsibilities under the Act to preserve and advance universal service.

Federal Communications Commission.

Marlene H. Dorach,
Secretary.
