miles over GTW’s South Bend Subdivision between GTW’s connection with WCL (formerly EJ&E) at or near milepost 36.1 in Griffith and milepost 43.3 in Spring Lake, Ind.

The purpose of the trackage rights is to enable WCL to perform rail movements east of the GTW–WCL connection beyond Griffith to the nearest location where a typical train can be held without blocking local grade crossings.

The transaction is scheduled to be consummated on July 17, 2013, the effective date of the exemption (30 days after the exemption is filed).

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk & Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980).

This notice is filed under 49 CFR 1180.2(d)(7). If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Stay petitions must be filed by July 10, 2013 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35220 (Sub-No. 1), must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001.
