Michael E. Righter

Mr. Righter is a 38 year-old driver in Pennsylvania. Mr. Righter has a diagnosis of seizure disorder, and his last seizure was in March of 1987. He has remained seizure free since that time. He takes anti-seizure medication with the dosage and frequency remaining the same for over 20 years. If granted the exemption, he would like to drive a Class B truck with air brakes.

Mr. Righter has no entries in CDLIS or MCMIS within the last 3 years.

Douglas S. Slagel

Mr. Slagel is a 48 year-old CMV driver in Ohio. Mr. Slagel has a diagnosis of seizure disorder, and his last seizure was in 1977. He has remained seizure free since that time. He takes anti-seizure medication with the dosage and frequency remaining the same for over 20 years. If granted the exemption, he would like to drive a Class B truck with air brakes. His physician is supportive of Mr. Slagel receiving his exemption. Mr. Slagel has 2 entries in CDLIS for speeding, not involving a CMV, and no entries in MCMIS within the last 3 years.

D. Comments

In response to the notice, FMCSA received two comments. The one comment specific to these applicants is addressed here. Comments that relate specifically to applicants other than the ones covered in this notice will be addressed in a subsequent notice of denial of application.

Public Support for Applicants and the Exemptions

Jennifer Lail comments that her husband Michael Lail had a seizure as a child when he “collided with another kid on the playground” and has suffered no seizures since. She states that driving is his passion and that he has been driving a truck for the same company since 1988.

E. Basis for Exemption

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the epilepsy/seizure standard in 49 CFR 391.41(b)(8) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. Without the exemption, applicants will continue to be restricted to intrastate driving. With the exemption, applicants can drive in interstate commerce. Thus, the Agency’s analysis focuses on whether an equal or greater level of safety is likely to be achieved by permitting each of these drivers to drive in interstate commerce as opposed to restricting him to driving in intrastate commerce.

Conclusion

The Agency is granting exemptions from the epilepsy standard, 49 CFR 391.41(b)(8), to nine individuals based on a thorough evaluation of each driver’s qualifications, safety experience, and medical condition. Safety analysis of information relating to these nine applicants meets the burden of showing that granting the exemptions would achieve a level of safety that is equivalent to or greater than the level that would be achieved without the exemption. By granting the exemptions, the interstate CMV industry will gain nine highly trained and experienced drivers. In accordance with 49 U.S.C. 31315(b)(1), each exemption will be valid for 2 years, with annual recertification required unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

FMCSA exempts the following 9 drivers for a period of 2 years with annual medical certification required: Steven Gordon (MT); Kevin Jandreau (ME); Jason Kirkham (WI); William Lago (MA); Michael Lail (NC); Verbon Latta (AL); Jeffrey Moore (NY); Michael Righter (PA); and Douglas Slagel (OH) from the prohibition of CMV operations by persons with a clinical diagnosis of epilepsy or seizures. If the exemption is still in effect at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2013–0107]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemption, request for comments.

SUMMARY: FMCSA announces receipt of applications from 9 individuals for an exemption from the prohibition against persons with a clinical diagnosis of epilepsy or any other condition which is likely to cause a loss of consciousness or any loss of ability to operate a commercial motor vehicle (CMV) from operating CMVs in interstate commerce. The regulation and the associated advisory criteria published in the Code of Federal Regulations as the “Instructions for Performing and Recording Physical Examinations” have resulted in numerous drivers being prohibited from operating CMVs in interstate commerce based on the fact that they have had one or more seizures and are taking anti-seizure medication, rather than an individual analysis of their circumstances by a qualified medical examiner. If granted, the exemptions would enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs for 2 years in interstate commerce.

DATES: Comments must be received on or before August 12, 2013.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA–2013–0107 using any of the following methods:

• Federal eRulemaking Portal: Go to http://www.regulations.gov, follow the on-line instructions for submitting comments.

• Mail: Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC, 20590–0001.

• Hand Delivery: West Building Grid Floor, Room W12–140, Washington, DC 20590–0001.

Each submission must include the Agency name and the docket ID for this Notice. Note that DOT posts all comments received without change to http://www.regulations.gov, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to http://www.regulations.gov at any time or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Follow the heading below.
anti-seizure medication, the decision whether that person’s condition is likely to cause the loss of consciousness or loss of ability to control a CMV should be made on an individual basis by the medical examiner in consultation with the treating physician. Before certification is considered, it is suggested that a 6-month waiting period elapse from the time of the episode. Following the waiting period, it is suggested that the individual have a complete neurological examination. If the results of the examination are negative and anti-seizure medication is not required, then the driver may be qualified.

In those individual cases where a driver had a seizure or an episode of loss of consciousness that resulted from a known medical condition (e.g., drug reaction, high temperature, acute infectious disease, dehydration, or acute metabolic disturbance), certification should be deferred until the driver has fully recovered from that condition, has no existing residual complications, and is not taking anti-seizure medication. Drivers who have a history of epilepsy/ seizures, off anti-seizure medication and seizure-free for 10 years, may be qualified to operate a CMV in interstate commerce. Interstate drivers with a history of a single unprovoked seizure may be qualified to operate a CMV in interstate commerce if seizure-free and off anti-seizure medication for a 5-year period or more.

Summary of Applications

Selene Anderson

Ms. Anderson is a 58 year-old driver in Tennessee. She suffered seizures as a child and has been seizure-free since 1968. She takes anti-seizure medication with the dosage and frequency remaining the same for over 2 years.

Christopher Bird

Mr. Bird is a 29 year-old driver in Ohio. He has a diagnosis of epilepsy and has remained seizure-free for over 15 years. He takes anti-seizure medication with the dosage and frequency remaining the same for over 5 years. His physician is supportive of Mr. Bird receiving an exemption.

Fletcher Dortch

Mr. Dortch is a 58 year-old driver in Maryland. He had a single seizure in 2007. He takes anti-seizure medication with the dosage and frequency remaining the same for over 5 years. His physician is supportive of Mr. Dortch receiving an exemption.

Michael Kramer

Mr. Kramer is a 46 year-old driver in Kansas. He had a seizure due to a brain tumor which was removed in 2009. He has remained seizure-free since that time. He does not require anti-seizure medication. His physician is supportive of Mr. Kramer receiving an exemption.

Edward Nissenbaum

Mr. Nissenbaum is a 61 year-old driver in Pennsylvania. He had a seizure in 1999. He takes anti-seizure medication with the dosage and frequency remaining the same since that time. His physician is supportive of Mr. Nissenbaum receiving an exemption.

Stanislav Spielvogel

Mr. Spielvogel is a 55 year-old driver in Connecticut. He has a diagnosis of epilepsy and has remained seizure-free for over 20 years. He takes anti-seizure medication with the dosage and frequency remaining the same since 2006. His physician is supportive of Mr. Spielvogel receiving an exemption.

Stephen Stawinsky

Mr. Stawinsky is a 54 year-old driver in Pennsylvania. He had a seizure in 1995 and has been seizure-free for over 20 years. He takes anti-seizure medication with the dosage and frequency remaining the same since 2006. His physician is supportive of Mr. Stawinsky receiving an exemption.

Lyle Trimm

Mr. Trimm is a 55 year-old driver in New Jersey. He had a seizure in 2007 and has been seizure-free for 6 years. He takes anti-seizure medication with the dosage and frequency remaining the same since that time.

George Webb

Mr. Webb is a 71 year-old driver in Massachusetts. He has a history of seizure disorder and has remained seizure-free for over 24 years. He takes anti-seizure medication with the dosage and frequency remaining the same since that time. His physician is supportive of Mr. Webb receiving an exemption.

Request for Comments

In accordance with 49 U.S.C. 31315 and 31136(e), FMCSA requests public comment from all interested persons on the exemption applications described in this notice.

We will consider all comments received before the close of business on the closing date indicated earlier in the notice.

Federal Railroad Administration

[Docket Number FRA–2013–0058]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated May 28, 2013, Commerce City (City), CO, and the Railroad Controls LP (RCL) have jointly petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 222, Use of Locomotive Horns at Public Highway-Rail Grade Crossings. FRA assigned the petition Docket Number FRA–2013–0058.

The City and RCL, jointly referred to as “Petitioners,” are seeking a waiver from the requirements of 49 CFR part 222, Appendix E, Paragraph 5, which provides that a wayside horn system must sound at a minimum of 15 seconds prior to the train’s arrival at the crossing and while the lead locomotive is traversing the crossing. Specifically, the Petitioners request that the wayside horn installed at the East 60th Avenue highway-rail grade crossing (USDOT #057190R) not be required to continue to sound while the lead locomotive is traversing the crossing when the train is traveling less than 15 mph.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- Web site: http://www.regulations.gov. Follow the online instructions for submitting comments.
- Hand Delivery: 1200 New Jersey Avenue SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by August 26, 2013 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

[Docket Number FRA–2013–0048]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations, this document provides the public notice that by a document dated April 7, 2013, the Massachusetts Central Railroad Corporation (MCER) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 21103(a)(4). FRA assigned the petition Docket Number FRA–2013–0048.

In its petition, MCER seeks relief from 49 U.S.C. 21103(a)(4) which, in part, requires a train employee to receive 48 hours off duty after initiating an on-duty period, for 6 consecutive days.

Specifically, MCER seeks a waiver to allow a train employee to initiate an on-duty period for 6 consecutive days followed by 24 hours off duty. In support of its request, MCER submitted documents demonstrating employee work schedules.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590.
