stated that we had determined, under 21 CFR 25.32(m), that this action “is of a type that does not individually or cumulatively have a significant effect on the human environment” such that neither an environmental assessment nor an environmental impact statement is required. We have not received any new information or comments that would affect our previous determination.

VII. Paperwork Reduction Act of 1995

This final rule contains no collection of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

VIII. Objections

If you will be adversely affected by one or more provisions of this regulation, you may file with the Division of Dockets Management (see ADDRESSES) either electronic or written objections. You must separately number each objection, and within each numbered objection you must specify with particularity the provision(s) to which you object, and the grounds for your objection. Within each numbered objection, you must specifically state whether you are requesting a hearing on the particular provision that you specify in that numbered objection. If you do not request a hearing for any particular objection, you waive the right to a hearing on that objection. If you request a hearing, your objection must include a detailed description and analysis of the specific factual information you intend to present in support of the objection in the event that a hearing is held. If you do not include such a description and analysis for any particular objection, you waive the right to a hearing on the objection.

It is only necessary to send one set of documents. Identify documents with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at http://www.regulations.gov.

   Assistant Commissioner for Policy.

SUPPLEMENTARY INFORMATION: The Event Director for the New Bern Mumfest, with approval from the North Carolina Department of Transportation, owner of the drawbridge, has requested a temporary deviation from the current operating regulations set out in 33 CFR 117.843(a) to accommodate safe passage for pedestrians and vehicles during Mumfest.

The US 70/Alfred C. Cunningham Bridge across the Trent River, mile 0.0, a double bascule lift Bridge, in New Bern, NC, has a vertical clearance in the closed position of 14 feet, above mean high water. Under the normal operating schedule, the US 70/Alfred C. Cunningham Bridge would open on signal during this timeframe. However, under this temporary deviation, the drawbridge will only be allowed to open every two hours, on the hour, starting at 9 a.m. and continuing until 7 p.m. on Saturday, October 12, and 9 a.m. to 5 p.m. on Sunday, October 13, 2013 to accommodate the New Bern Mumfest. From 9 a.m. on Saturday, October 12, until 9 a.m. Sunday, October 13, 2013, the drawbridge will open on signal.

Vessels able to pass under the closed span may do so. Mariners are advised to proceed with caution. The Coast Guard will inform users of the waterway through our Local and Broadcast Notices to Mariners of the limited operating schedule for the drawbridge so that vessels can arrange their transits to minimize any impacts caused by the temporary deviation. There are no alternate routes for vessels and the bridge will be able to open in the event of an emergency.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

A. Regulatory History and Information

On April 29, 2013, we published a notice of proposed rulemaking (NPRM) entitled Safety Zone; Fairfield Estates Fireworks Display, Atlantic Ocean, Sagaponack, NY in the Federal Register (78 FR 25008). No public comments were received. There were no requests received for a public meeting and due to the fact that no significant issues were identified the Coast Guard determined that no public meetings were needed.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register because it is impracticable and contrary to the public interest. Upon creating a regulation for this event, there was insufficient time to both undertake an NPRM and provide for a 30 day delayed effective date. The Coast Guard allowed public comment by publishing an NPRM, however, there is insufficient time before the event to also allow for a 30 day delayed effective date. Any delay in the effective period could increase the risk for event participants and other waterway users.

B. Basis and Purpose

The legal basis for this temporary rule is 33 U.S.C. 1231; 46 U.S.C. Chapters 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6 and 160.5; Public Law 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1 which collectively authorize the Coast Guard to define regulatory safety zones.

This temporary regulation is necessary to ensure the safety of vessels and spectators from hazards associated with fireworks display.

C. Discussion of Comments, Changes and the Final Rule

No comments were received and no changes have been made to the final rule.

This rule will be enforced from 8:30 p.m. to 10:30 p.m. on August 1 and 2, 2013. If there is no weather delay and the event occurs on August 1, 2013, enforcement on August 2, 2013, may be cancelled by the Captain of the Port.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The Coast Guard determined that this rulemaking will not be a significant regulatory action for the following reasons: The regulated area will be of limited duration, the area covers only a small portion of the navigable waterways and waterway users may transit around the area. Also, mariners may request permission from the COTP Sector Long Island Sound or the designated representative to transit the zone.

Advanced public notifications will also be made to the local maritime community through the Local Notice to Mariners as well as Broadcast Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received zero comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

The owners or operators of vessels intending to enter, transit, anchor or moor within the regulated area during the effective period. The temporary safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: The regulated area will be of limited size and of short
