process, including the 1991 Record of Decision, 2007 Record of Decision Amendment, and the 2000, 2005 and 2010 Five Year Reviews. Such community involvement activities included making site documents available to the public, publishing public notices in local newspapers, and providing public comment opportunities.

EPA’s community involvement activities associated with this deletion will consist of placing the deletionocket in the local site information repository and placing a public notice (of EPA’s intent to delete the site from the NPL) in a local newspaper of general circulation.

Determination That the Site Meets the Criteria for Deletion in the NCP

The implemented remedy achieves the degree of cleanup specified in the ROD and ROD Amendment for all pathways of exposure. All selected remedial action objectives and clean-up goals are consistent with agency policy and guidance. No further Superfund responses are needed to protect human health and the environment at the Site.

The NCP (40 CFR 300.425(e)) states that a site may be deleted from the NPL when no further response action is appropriate. EPA, in consultation with the State of California, has determined that all required response actions have been implemented, and no further response action by the responsible parties is appropriate.

V. Deletion Action

The EPA, with concurrence of the State of California through the California Regional Water Quality Control Board—San Francisco Bay Region, has determined that all appropriate response actions under CERCLA have been completed. Therefore, EPA is deleting the Site from the NPL. Because EPA considers this action to be noncontroversial and routine, EPA is taking it without prior publication. This action will be effective September 23, 2013 unless EPA receives adverse comments by August 23, 2013. If adverse comments are received within the 30-day public comment period, EPA will publish a timely withdrawal of this direct final notice of deletion before the effective date of the deletion, and it will not take effect. EPA will prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment.

List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution control, Chemicals, Hazardous waste, Hazardous substances, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: July 15, 2013.
Jane Diamond,
Director, Water Division, U.S. EPA Region 9.

For the reasons set out in this document, 40 CFR part 300 is amended as follows:

PART 300—[AMENDED]

1. The authority citation for part 300 continues to read as follows:

2. Table 1 of Appendix B to part 300 is amended by removing the entry “Sola Optical U.S.A., Inc.”, “Petaluma”. [FR Doc. 2013–17828 Filed 7–23–13; 8:45 am]
