Notice and Time Period To Enter Into Lease of Power Privilege

Reclamation will notify, in writing, all entities submitting proposals of Reclamation's decision regarding selection of the potential lessee. The selected potential lessee will have 15 months from the date of such notification to accomplish NEPA compliance, NHPA compliance, ESA compliance, and enter into a lease of power privilege for the proposed development of hydropower on the San Juan-Chama Project. The lease of power privilege will address only the sites identified in the lessee's proposal and will not provide broad development rights elsewhere on the San Juan-Chama Project. The lessee will then have up to 9 months from the date of execution of the lease to complete the designs and specifications and an additional year to begin construction. Such timeframes may be adjusted for just cause resulting from actions and/or circumstances that are beyond the control of the lessee.
