#### SUPPLEMENTARY INFORMATION:

##### I. Background

In the **Federal Register** of January 16, 2013 (78 FR 3646), we published a proposed rule entitled "Current Good Manufacturing Practice and Hazard Analysis and Risk-Based Preventive Controls for Human Food" with a 120-day comment period on the provisions of the proposed rule and a 30-day comment period on the information collection provisions that are subject to review by OMB under the PRA (44 U.S.C. 3501-3520).

OMB and FDA previously received requests for a 90-day extension of the comment period for the information collection provisions of the proposed rule. We considered the requests and extended the comment period for the information collection for 90 days to make the comment period for the information collection provisions the same as that for the proposed rule—i.e., until May 16, 2013 (**Federal Register** of February 19, 2013, 78 FR 11611). FDA continued to receive comments requesting an extension of the comment period on the proposed rule. Each request conveyed concern that the 120-day comment period did not allow sufficient time to develop a meaningful or thoughtful response to the proposed rule. FDA considered the requests and granted a 120-day extension of the comment period for the proposed rule

and for the information collection provisions—i.e., until September 16, 2013 (**Federal Register** of April 26, 2013, 78 FR 24691). In the **Federal Register** of July 29, 2013 (78 FR 45729 and 78 FR 45781) we published two proposed rules entitled, “Foreign Supplier Verification Programs for Importers of Food for Humans and Animals” (Docket No. FDA–2011–N–0143) and “Accreditation of Third-Party Auditors/Certification Bodies to Conduct Food Safety Audits and to Issue Certifications” (Docket No. FDA–2011–N–0146) with a 120-day comment period. These two proposals are related to the proposed rule “Current Good Manufacturing Practice and Hazard Analysis and Risk-Based Preventive Controls for Human Food.” Therefore, FDA is granted a 60-day final extension of the comment period for the “Current Good Manufacturing Practice and Hazard Analysis and Risk-Based Preventive Controls for Human Food” proposed rule to allow interested person an opportunity to consider the interrelationships between the proposals. We also are extending the comment period for the information collection provisions for 60 days to continue to make the comment period for the information collection provisions the same as the comment period for the provisions of the proposed rule. To clarify, FDA is requesting comment on all issues raised by the proposed rule.
