The merchandise covered by the order and subject to this review is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 7306.30.10.00, 7306.30.20.55, 7306.30.20.58, 7306.30.20.60, 7306.30.20.95, 7306.30.30.00, 7306.30.30.40, 7306.30.30.50, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.42, 7306.30.50.50, 7306.30.50.55, 7306.30.50.60, 7306.30.50.70, and 7306.30.50.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive. A full description of the scope of the order is contained in the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Circular Welded Non-Alloy Steel Pipe from Mexico,” (Preliminary Decision Memorandum), dated concurrently with this notice, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at http://iaaccess.trade.gov, and is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at http://iaaccess.trade.gov. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Background
Timely requests for administrative review of eight companies were received from parties. We rescind, in part, the administrative review with respect to these companies.

Partial Rescission of Administrative Review
All requests for review were timely withdrawn for PYTCO, Conduit, Southland, and Ternium. Therefore, we rescind, in part, the administrative review with respect to these companies.

Preliminary Determination of No Shipments
TUNA, Lamina, Mueller, and Regiopysta have each submitted claims of no shipments during the POR. None of these statements is inconsistent with the data contained in the U.S. Customs and Border Protection (CBP) Information Memorandum. No party has submitted comments with respect to either the CBP Information Memorandum or any party’s claim of no shipments. In accordance with our standard practice with claims of no shipment, the Department made additional inquiries to CBP for each of these companies. We received no information from CBP to contradict the results of our data queries and the claims made by these companies. Therefore, we preliminarily determine that TUNA, Lamina, Mueller, and Regiopysta made no shipments during the POR. For further discussion, see the Preliminary Decision Memorandum.

Consistent with our practice, the Department finds that it is not appropriate to rescind the review with respect to TUNA, Lamina, Mueller, and Regiopysta, but rather to complete the review with respect to TUNA, Lamina, Mueller, and Regiopysta, and to issue appropriate instructions to CBP based on the final results of this review.

Preliminary Results of Review
For the respondents which remain under review (TUNA, Lamina, Mueller, and Regiopysta), the Department preliminarily finds that each had no shipments of subject merchandise during the POR. Therefore, the Department has not calculated a weighted-average dumping margin for any respondent in this administrative review.

Disclosure and Public Comment
Pursuant to 19 CFR 351.309(c), interested parties may submit cases briefs not later than 120 days after the date of publication of this notice. Pursuant to section 751(a)(3)(A) of the Act.

Cash Deposit Requirements
The Department has not calculated weighted-average dumping margins for any respondent in this administrative review. Therefore, the existing cash deposit rates will continue to remain in effect.

Assessment Rates
Upon completion of the administrative review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212. The Department intends to issue appraisement instructions directly to CBP 41 days after the date of publication of the final results of this review.

As noted above, the Department has rescinded this administrative review for PYTCO, Conduit, Southland and Ternium. For those exporters and/or producers, the Department will instruct CBP to liquidate all appropriate entries as entered.

If TUNA’s, Lamina’s, Mueller’s, or Regiopysta’s weighted-average dumping margins are not zero or de minimis (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates on...
the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where either a respondent’s weighted-average dumping margin is zero or de minimis, or an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by TUNA, Lamina, Mueller, or Regiopysta for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. Further, instead of rescinding the review with respect to TUNA, Lamina, Mueller, and Regiopysta, we find it appropriate to complete the review and issue liquidation instructions to CBP concerning entries for TUNA, Lamina, Mueller, and Regiopysta following issuance of final results of review. If we continue to find that TUNA, Lamina, Mueller, and Regiopysta had no shipments of subject merchandise in the final results, we will instruct CBP to liquidate any existing entries of merchandise produced by TUNA, Lamina, Mueller, and Regiopysta, but exported by other parties at the rate for the intermediate reseller, if available, or at the all-others rate.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

---

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777f(d)(1) of the Tariff Act of 1930, as amended.

Dated: August 1, 2013.

Paul Piquado,
Assistant Secretary for Import Administration.

International Trade Administration

[A–421–811]

Purified Carboxymethylcellulose From the Netherlands: Preliminary Results of Antidumping Duty Administrative Review and Preliminary No Shipment Determination; 2011–2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on purified carboxymethylcellulose (purified CMC) from the Netherlands. The period of review (POR) is July 1, 2011, through June 30, 2012. The review covers two producers/exporters of the subject merchandise, Akzo Nobel Functional Chemicals, B.V. (Akzo Nobel) and CP Kelco, B.V. (CP Kelco).

We preliminarily determine that sales of subject merchandise by Akzo Nobel were made at less than normal value and CP Kelco had no shipments of subject merchandise during the POR. DATES: Effective Date: August 9, 2013.

FOR FURTHER INFORMATION CONTACT: John Drury or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0195 or (202) 482–3019, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by the order is all purified CMC. The merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and Customs purposes; however, the written description of the scope of the order is dispositive. A full description of the scope of the order is contained in the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, titled “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Purified Carboxymethylcellulose from the Netherlands” (Preliminary Decision Memorandum), which is issued concurrently with and hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Access to IA ACCESS is available to registered users at http://iaaccess.trade.gov and is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/ia/fpn/index.html. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department has conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price (CEP) is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. In accordance with section 773(b) of the Act, we disregarded certain sales made by Akzo Nobel in the home market which were made at below-cost prices. To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to apply the average-to-transaction method to the portion of U.S. sales which passed the Cohen’s d test and the average-to-average method to the remaining portion of U.S. sales which did not pass the Cohen’s d test in order to calculate Akzo Nobel’s weighted-average dumping margin. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.
