The Panel has fifteen voting members appointed by the NOAA Administrator in accordance with 33 U.S.C. 892c. Members are selected on a standardized basis, in accordance with applicable Department of Commerce guidance. In addition, there are four non-voting members that serve on the Panel: The Co-Directors of the NOAA-University of New Hampshire Joint Hydrographic Center/Center for Coastal and Ocean Mapping, and the Directors of NOAA’s Office of National Geodetic Survey and NOAA’s Center for Operational Oceanographic Products and Services. The Director, NOAA Office of Coast Survey, serves as the Designated Federal Official (DFO).

This solicitation is to obtain candidate applications for five (5) voting member vacancies on the Panel as of January 1, 2014. Additional appointments may be made to fill vacancies left by any members who choose to resign during 2014. Be advised that some voting members whose terms expire January 1, 2014, may be reappointed for another full term if eligible.

Voting members of the Panel serve a four-year term, except that vacancy appointments are for the remainder of the unexpired term of the vacancy. Members serve at the discretion of the Administrator and are subject to government ethics standards. Any individual appointed to a partial or full term may be reappointed for one additional full term. A voting member may serve until his or her successor has taken office. The Panel selects one voting member to serve as the Chair and another to serve as the Vice Chair. The Vice Chair acts as Chair in the absence or incapacity of the Chair but will not automatically become the Chair if the Chair resigns. Meetings occur at least twice a year, and at the call of the Chair or upon the request of a majority of the voting members or of the Administrator. Voting members receive compensation at a rate established by the Administrator, not to exceed the maximum daily rate payable under section 5376 of title 5, United States Code, when engaged in performing duties for the Panel. Members are reimbursed for actual and reasonable expenses incurred in performing such duties.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce is announcing a thirty day public comment period for the Wells, Maine National Estuarine Research Reserve Management Plan revision.
Reserve Management Plan revision. Pursuant to 15 CFR Section 921.33(c), the revised plan meets the reserve’s requirements for compliance. The Wells Reserve Management Plan revision will replace the plan approved in 2007.

The revised management plan outlines the administrative structure; the research & monitoring, education, training, and stewardship goals of the reserve; and the plans for future land acquisition and facility development to support reserve operations.

The Wells, Maine National Estuarine Research Reserve takes an integrated approach to management, linking research, education, training and stewardship functions to address high priority issues including the impact of climate change of coastal ecosystems and communities, development pressures, population growth, land-use change, habitat fragmentation, and water quality degradation. Since the last management plan, the reserve implemented its core programs and expanded its monitoring infrastructure to include Sentinel Site protocols; enhanced its facilities, including new Visitor Center exhibits and interpretive trail signs; constructed an environmental chamber for year-round research; and furthered land conservation in the reserve’s targeted watersheds.

The revised management plan will serve as the guiding document for the 2,250 acre Wells National Estuarine Research Reserve for the next five years. The Wells National Estuarine Research Reserve Management Plan revision can be viewed at www.wellsreserve.org. Comments can be provided to Paul Dest, Reserve Director at dest@wellsnerr.org.
