The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguiensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted shrimp (*Penaeus japonicus*), southern brown shrimp (*Penaeus subtilis*), southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus semisulcatus*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope. In addition, food preparations (including dusted shrimp), which are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn are also included in the scope.

Excluded from the scope are: (1) Breaded shrimp and prawns; (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled; (4) shrimp and prawns in prepared meals; (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns; and (7) certain "battered shrimp" (see below).

When dusted in accordance with the definition of dusting above, the battered shrimp product is also coated with a wet viscous layer containing egg and/or milk, and pasteurized.

The products included in the scope of this investigation are currently identified under the following HTSUS subheadings: 0306.17.00.01, 0306.17.00.04, 0306.17.00.09, 0306.17.00.12, 0306.17.00.15, 0306.17.00.18, 0306.17.00.21, 0306.17.00.24, 0306.17.00.27, 0306.17.00.40, 1605.21.10.30 and 1605.29.10.10. brine-frozen shrimp.4 We have addressed this request and comments thereon in the Memorandum to Paul Piquado, Assistant Secretary for Import Administration, “Certain Frozen Warmwater Shrimp from Ecuador, India, Indonesia, Malaysia, People’s Republic of China, Thailand, and Socialist Republic of Vietnam—Final Scope Memorandum Regarding Onboard Brine-Frozen Shrimp,” which is hereby adopted by this notice.

Scope of the Investigation

This investigation covers certain frozen warmwater shrimp and prawns, whether wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off, deveined or not deveined, cooked or raw, or otherwise processed in frozen form, regardless of size. See Appendix I for a complete description of the scope of this investigation.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs by parties in this investigation are discussed in the Decision Memorandum. A list of subsidy programs and the issues that parties have raised, and to which we responded in the Decision Memorandum, is attached to this notice as Appendix II. The Decision Memorandum is a public document and on file electronically via IA ACCESS. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/ia/. The signed and the electronic versions of this memorandum are identical in content.

Use of Facts Otherwise Available, Including Adverse Inferences

For purposes of this final determination, we have relied on facts available and in certain instances have applied an adverse inference (AFA) in accordance with sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), with regard to: (1) Provision of Commercial Concessions for Less Than Adequate Remuneration; (2) GOE Forgiveness of Land-Use Fees; (3) Preferential Loans from the National Finance Corporation and the National Development Bank; and, (4) Export Restraints on Raw and Unprocessed Shrimp. A full discussion of our decision to rely on facts available and AFA is presented in the Decision Memorandum under the section “Use of Facts Otherwise Available and Adverse Inferences.”

Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i) of the Act, we have calculated a rate for each company respondent. Section 705(c)(5)(A)(i) of the Act states that for companies not individually investigated, we will determine an “all others” rate equal to the weighted average countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero and de minimis countervailable subsidy rates, and any rates determined entirely under section 776 of the Act.

For companies not individually investigated, we have calculated an average rate as described in the Final Calculation Memoranda. See Memoranda to the File, “Final Determination Calculation Memorandum for Promarisco S.A.” and “Final Determination Calculation Memorandum for Sociedad Nacional de Galapagos C.A.” (Final Calculation Memoranda), which are hereby adopted by this notice.

We determine the total estimated net countervailable subsidy rates to be:

<tr>

<tbody>
<tr>
<td>Promarisco</td>
<td>13.51</td>

In accordance with section 705(c)(1)(C) of the Act, we are directing United States Customs and Border Protection (CBP) to suspend liquidation of all imports of the subject merchandise from Ecuador that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register, and to require a cash deposit for such entries of merchandise in the amounts indicated above. The suspension of liquidation will remain in effect until further notice.

We will issue a countervailing duty order if the United States International Trade Commission (ITC) issues a final affirmative injury determination and we will instruct CBP to require a cash deposit of estimated countervailing duties for such entries of merchandise in the amounts indicated above. The ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business propriety information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Import Administration.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby required. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act.
