

$$\text{Average cost per inspection} = \frac{\text{Total cost of VSP}}{\text{Weighted number of annual inspections}}$$

The average cost per inspection is multiplied by size and cost factors to determine the fee for vessels in each size category. The size and cost factors were established in the fee schedule published in the **Federal Register** on July 17, 1987 (52 FR 27060). The fee schedule was most recently published in the **Federal Register** on August 21, 2012 (77 FR 50511). The size and cost factors for FY 2014 are presented in Appendix A.

Fee

The fee schedule (Appendix A) will be effective October 1, 2013, through September 30, 2014. The fee schedule (Appendix A) will be effective October 1, 2013, through September 30, 2014. The increase in fees is required due to administrative structure support costs within HHS/CDC. The last change in VSP inspection fees was October 1, 2006.

If travel expenses or other charges to VSP change, the fee schedule may need to be adjusted before September 30, 2014. If a fee adjustment is necessary, HHS/CDC will publish a notice in the **Federal Register** with the amended fee schedule (Appendix A) as soon as possible and at least 30 days before the effective date.

Applicability

The fees will apply to all passenger cruise vessels for which inspections are conducted as part of HHS/CDC's VSP.

Dated: August 15, 2013.

J. Ronald Campbell

Director, Division of Executive Secretariat, Centers for Disease Control and Prevention.

comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. This is necessary to ensure compliance with an initiative of the Administration. We are requesting an emergency review under 5 CFR Part 1320(a)(2)(i) because public harm is reasonably likely to result if the normal clearance procedures are followed. The approval of this data collection process is essential to ensuring that Information Security (IS) incidents, which also include Personally Identifiable Information (PII) and Protected Health Information (PHI), are captured within the specified timeframe. In absence of this change, a significant number of incidents will not be detected; therefore causing harm and potential risk to the public's identity with identity fraud.

L. 111-148), as amended by the Health Care and Education Reconciliation Act (Pub. L. 111-152), which are referred to collectively as the Affordable Care Act (ACA), amendments to the Social Security Act made by the ACA, and the implementing regulations. The AEs, which are state entities administering Insurance Affordability Programs, will use the data, accessed through the CMS Data Services Hub (Hub), to make Eligibility Determinations for Insurance

Affordability Programs and certificates of exemption.

The AEs shall report suspected or confirmed incidents affecting loss or suspected loss of PII within one hour of discovery to their designated Center for Consumer Information and Insurance Oversight State Officer who will then notify the affected Federal agency data sources, i.e., Internal Revenue Service, Department of Defense, Department of Homeland Security, Social Security Administration, Peace Corps, Office of Personnel Management and Veterans Health Administration. Additionally, AEs shall contact the office of the appropriate Special Agent-in-Charge, Treasury Inspector General for Tax Administration (TIGTA), and the IRS Office of Safeguards within 24 hours of discovery of any potential breach, loss, or misuse of Return Information. *Form Number:* CMS-10496 (OCN: 0938-New); *Frequency:* Occasionally; *Affected Public:* State, Local or Tribal governments; *Number of Respondents:* 18; *Total Annual Responses:* 936; *Total Annual Hours:* 234.

We are requesting OMB review and approval of this collection by *September 25, 2013*, with a 180-day approval period. Written comments and recommendation will be considered from the public if received by the individuals designated below by the noted deadline below.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS's Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995> or Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.
