Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Trade Adjustment Assistance for Firms Division, Room 71030, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice.

Please follow the requirements set forth in EDA’s regulations at 13 CFR 315.9 for procedures to request a public hearing. The Catalog of Federal Domestic Assistance official number and title for the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance for Firms.

Dated: August 21, 2013.

Michael DeVillo, Eligibility Examiner.

Agenda
Public Session
1. Opening remarks by the Chairman.
3. Export Enforcement update.
4. Regulations update.
5. Working group reports.
6. Automated Export System (AES) update.
7. Presentation of papers or comments by the Public.

Closed Session
8. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 10(a)(1) and 10(a)(3).

The open session will be accessible via teleconference to 25 participants on a first come, first serve basis. To join the conference, submit inquiries to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov no later than September 3, 2013.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate the distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer via email.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on February 4, 2013, pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. app. 2 10(d)), that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 10(a)(1) and 10(a)(3).

Dated: August 19, 2013.

Yvette Springer, Committee Liaison Officer.

Transportation and Related Equipment Technical Advisory Committee; Notice of Partially Closed Meeting

The Transportation and Related Equipment Technical Advisory Committee will meet on September 11, 2013, 9:30 a.m., in the Herbert C. Hoover Building, Room 3884, 14th Street between Constitution & Pennsylvania Avenues NW., Washington, DC The Committee advises the Office of the Assistant Secretary for Export Administration with respect to technical questions that affect the level of export controls applicable to transportation and related equipment or technology.

Agenda
Public Session
1. Welcome and Introductions.
2. Status reports by working group chairs.
3. Public comments and Proposals.
Closed Session

4. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)(1) and 10(a)(3). The meeting will be accessible via teleconference to 20 participants on a first come, first serve basis. To join the conference, submit inquiries to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov no later than September 4, 2013.

A limited number of seats will be available during the public session of the meeting. Reservations are not accepted. To the extent time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate distribution of public presentation materials to Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer via email.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on October 19, 2012, pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. app. 2 § (10)(d)), that the portion of this meeting dealing with pre-decisional changes to the Commerce Control List and U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)(1) and 10(a)(3). The remaining portions of the meeting will be open to the public.

For more information, call Yvette Springer at (202) 482–2813.

Yvette Springer,
Committee Liaison Officer.

Low Enriched Uranium From France: Initiation of Expedited Changed Circumstances Review, and Preliminary Results of Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216 and 351.221(c)(3), the Department of Commerce (Department) is initiating a changed circumstances review (CCR) of the antidumping duty order on low-enriched uranium from France with respect to Eurodif S.A. and AREVA NP Inc. (collectively, AREVA). Moreover, the Department has determined that it is appropriate to conduct this CCR on an expedited basis. Thus, the Department has preliminarily determined to extend the deadline for the re-exportation of one specified entry of LEU until November 1, 2015. The Department has also preliminarily determined that this will be the final extension. We invite interested parties to comment on these preliminary results.

DATES: Effective Date: August 27, 2013.

FOR FURTHER INFORMATION CONTACT: Andrew Huston or Dana Memmelstein, AD/ CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4261 or (202) 482–1391, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 13, 2002, the Department published an order on low-enriched uranium from France.1 The order contains a provision to exclude from the scope low-enriched uranium owned by a:

foreign utility end-user and imported into the United States by or for such end-user solely for purposes of conversion by a U.S. fabricator into uranium dioxide (UO2) and/or fabrication into fuel assemblies so long as the uranium dioxide and/or fuel assemblies deemed to incorporate such imported LEU (i) remain in the possession and control of the U.S. fabricator, (ii) are shipped by the foreign end-user, or their designated transporter(s) while in U.S. customs territory, and (ii) are re-exported within eighteen (18) months of entry of the LEU for consumption by the end-user in a nuclear reactor outside the United States. Such entries must be accompanied by the certifications of the importer and end-user.

On December 5, 2011, AREVA requested that the Department initiate and conduct an expedited CCR to amend the scope of the order to extend by 18 months the deadline for re-exporting an entry of low-enriched uranium for which AREVA reported it would not be able to meet the deadline for re-exportation.3 At the time of entry, the low-enriched uranium at issue met the requirements for exclusion from the scope outlined above. On April 2, 2012, the Department published the final results of the CCR, extending the deadline for re-exportation of this sole entry by 18 months, to no later than November 1, 2013.4

On July 8, 2013, AREVA requested that the Department initiate a CCR in order to further extend the period for the re-exportation this sole entry of low-enriched uranium from November 1, 2013, until November 1, 2015. AREVA also requested that the Department conduct the review on an expedited basis. On August 7, 2013, USEC, Inc., and its subsidiary, United States Enrichment Corporation (collectively, USEC), filed a letter indicating that it does not object to a further extension of the deadline, as requested by AREVA, for the re-exportation of this one shipment.

Scope of the Order

The product covered by the order is all low-enriched uranium. Low-enriched uranium is enriched uranium hexafluoride (UF6) with a U235 product assay of less than 20 percent that has not been converted into another chemical form, such as UO2, or fabricated into nuclear fuel assemblies, regardless of the means by which the LEU is produced (including low-enriched uranium produced through the down-blending of highly enriched uranium).

Certain merchandise is outside the scope of the order. Specifically, the order does not cover enriched uranium hexafluoride with a U235 assay of 20 percent or greater, also known as highly-enriched uranium. In addition, fabricated low-enriched uranium is not covered by the scope of the order. For purposes of the order, fabricated uranium is defined as enriched uranium dioxide (UO2), whether or not contained in nuclear fuel rods or assemblies. Natural uranium concentrates (U3O8) with a U235 concentration of no greater than 0.711 percent and natural uranium concentrates converted into uranium hexafluoride with a U235 concentration of no greater than 0.711 percent are not covered by the scope of the order.

Also excluded from the order is low-enriched uranium owned by a foreign utility end-user and imported into the United States by or for such end-user solely for purposes of conversion by a U.S. fabricator into uranium dioxide (UO2) and/or fabrication into fuel assemblies so long as the uranium dioxide and/or fuel assemblies deemed to incorporate such imported LEU (i) remain in the possession and control of the U.S. fabricator, (ii) are shipped by the foreign end-user, or their designated transporter(s) while in U.S. customs territory, and (ii) are re-exported within eighteen (18) months of entry of the LEU for consumption by the end-user in a nuclear reactor outside the United States. Such entries must be accompanied by the certifications of the importer and end-user.
