Background

On October 22, 2012, OFAC published a final rule in the Federal Register (77 FR 64664) changing the heading of the Iranian Transactions Regulations, 31 CFR part 560, to the Iranian Transactions and Sanctions Regulations, 31 CFR part 560 (the “ITSR”), amending the renamed ITSR, and reissuing them in their entirety, to implement Executive Order 13599 of February 5, 2012 (“E.O. 13599”), and sections 1245(c) and (d)(1)(B) of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112–81). As part of those revisions, OFAC amended section 560.530 to add a general license, in new paragraph (a)(3), authorizing the exportation or reexportation of medicine and basic medical supplies to Iran. The term basic medical supplies is defined in paragraph (a)(3)(ii) to mean those medical devices, as defined in paragraph (e)(3) of section 560.530, that are included on the List of Basic Medical Supplies on the OFAC Web site (www.treasury.gov/ofac) on the Iran Sanctions page, but not including replacement parts.

As highlighted in the note to paragraph (a)(3)(ii) of section 560.530 of the ITSR, the List of Basic Medical Supplies is maintained on OFAC’s Web site and will be published in the Federal Register, as will any changes to the list. On October 22, 2012, OFAC posted the following List of Basic Medical Supplies on its Web site: Adhesive, surgical Bandages (all)/Gauze/First aid dressings Beds, hospital Bed pans Blood lancets Blood collecting tubes Burn dressings Canes Cannulae Carts, all Casts Catheters, all Chair, dental Clips, surgical Coils, guidewire Contact Lenses, corrective Cotton swabs Crutches Forceps Glasses, corrective Gloves, medical exam, surgical Guidewires, all Limb prosthetics Medicine cup holder Meter, portable (temperature/pH) Monitor, glucose management Needles, all Padding, under cast Pads, elbow & foot Patient gowns, underpads, under garments Pouches, urostomy Scale, chair Scalpels, disposable Scrubs Splints Staples, surgical Stents, all Suture removal kits Syringes Thermometers, mercury for measuring human body temperature Tongue depressors Tube, drainage Walker Wash basin, plastic Wound drainage tubes Wrist band, patient I.D.
