Application Details

Activity for Which Permit Is Requested
Waste: The applicants wish to fly a small, battery operated, remotely controlled copter equipped with a camera to take scenic photos of the Antarctic. The copter would not be flown over concentrations of birds or mammals or over Antarctic Specially Protected Areas. The copter would only be flown by Thomas Kokta who has trained for more than 40 hours using the copter. Several measures would be taken to prevent against loss of the copter including painting the copter a highly visible color, only flying it when the wind is calm, flying the copter for only 10 minutes at a time to preserve battery life, and ensuring that the separation between the operator and copter does not exceed its “operational range” of 500 meters. The applicants are seeking a Waste Permit to cover any accidental releases that may result from flying the copter.

Location
Western Antarctic Peninsula Region.

Dates
November 1, 2013 to December 31, 2013.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

I. Introduction
The Postal Service seeks to include a new International Business Reply Service (IBRS) agreement (Agreement) within the IBRS Competitive Contract 3 (MC2011–21) product. This Notice informs the public of the filing and addresses other administrative steps.

II. Postal Service Filing

Background. The Postal Service filed its Notice, along with four attachments, pursuant to 39 CFR 3015.5. The attachments consist of:

Attachment 1—a redacted version of the Agreement;
Attachment 2—a redacted version of the certified statement required by 39 CFR 3015.5(c)(2);
Attachment 3—a redacted version of Governors’ Decision No. 08–24; and
Attachment 4—an Application for Non-Public Treatment of material filed under seal (unredacted versions of Attachments 1 through 3 and supporting financial workpapers).

The Postal Service describes the Agreement as a successor to an existing contract with the same customer identified in Docket No. CP2012–54. Notice at 3. It also identifies several differences between the new contract and the IBRS 3 baseline contract, but maintains the differences are minor and do not affect the fundamental service the Postal Service is offering or the fundamental structure of the contract. Id. at 5–6.

The Agreement is to take effect September 15, 2013, the day after the Docket No. CP2012–54 contract expires. Notice at 3. It is scheduled to expire one year after its effective date or the last day of the month that falls one calendar year from the effective date, whichever is later, unless termination occurs earlier. Id. at 4.

Postal Service representations. The Postal Service asserts that the instant contract is in compliance with 39 U.S.C. 3633; is functionally equivalent to other IBRS agreements; and fits within the Mail Classification Schedule language for IBRS contracts. Id. at 4–5.

Accordingly, it asserts that the contract should be included within IBRS Competitive Contracts 3 (MC2011–21). Id. at 6.

III. Commission Action

Interested persons may submit comments on whether the Agreement is consistent with the policies of 39 U.S.C. 3632, 3633, or 3642, 39 CFR 3015.5, and 39 CFR part 3020, subpart B. Comments are due no later than September 10, 2013. The public portions of these filings can be accessed via the Commission’s Web site (http://www.prc.gov). Information on how to obtain access to sealed material appears in 39 CFR part 3007.

IV. Ordering Paragraphs

It is ordered:

2. Pursuant to 39 U.S.C. 505, the Commission appoints Kenneth R. Moeller to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this docket.

3. Comments are due no later September 10, 2013.

4. The Secretary shall arrange for publication of this order in the Federal Register.

By the Commission.

Shoshana M. Grove, Secretary.
