Special Inspector General for Iraq Reconstruction

Final Listing of Audit and Other Reports Issued by SIGIR on Reconstruction Spending in Iraq

Agency: Special Inspector General for Iraq Reconstruction.

Action: Notice.

Summary: Final listing of Audits and other reports issued by the Special Inspector General for Iraq Reconstruction (SIGIR) between 2004 and 2013.

Dates: September 24, 2013.

Supplementary Information: In November 2003, the U.S. Congress passed and the President signed into law the Emergency Supplemental Appropriations Act for Defense and for the Reconstruction of Iraq and Afghanistan, 2004 (Pub. L. 108–106). In addition to providing $18.4 billion for Iraq relief and reconstruction, the law also established the Inspector General of the Coalition Provisional Authority (CPA–IG) to oversee the handling and treatment of these funds. When the CPA–IG began work in early 2004, it was the only IG office within the U.S. government with oversight responsibilities encompassing several federal agencies.

1. Conduct and supervise audits and investigations relating to the programs and operations funded with amounts appropriated or otherwise made available for the reconstruction of Iraq.

2. Provide advice and recommendations on policies designed to (A) promote economy, efficiency, and effectiveness in the administration of such programs and operations; and (B) prevent and detect waste, fraud, and abuse in such programs and operations.

3. Keep the Secretary of State and the Secretary of Defense fully and currently informed about problems and deficiencies relating to the administration of such programs and operations and the necessity for and progress for corrective action.

By the end of fiscal year 2012, SIGIR’s oversight jurisdiction had grown to more than $60 billion in U.S. funds appropriated or otherwise made available for Iraq relief and reconstruction. These taxpayer dollars flowed to a wide spectrum of initiatives, ranging from training Iraq’s army and police to building large electrical, oil, and water projects; from supporting democracy-building efforts to strengthening budget execution by provincial councils; and from funding rule-of-law reforms to ensuring that the Iraqi government sustains what the U.S. program provided.

During most of its almost decade-long lifespan, SIGIR maintained the largest on-the-ground presence of any U.S. auditing or investigative agency operating in Iraq, with nearly 50 personnel working in country during peak operations. Three operational directorates accomplished the oversight work: Audits, Inspections, and Investigations. As of September 2013, SIGIR had issued 220 audit reports, issued 170 project assessments, and initiated 639 criminal investigations. SIGIR also issued 37 Quarterly Reports as well as 9 Lessons Learned reports, 3 special reports, and 1 evaluation report. SIGIR’s audits made 487 recommendations, questioned about $641 million in costs, and identified an additional $974 million in funds to be put to better use—a combined potential financial benefit of $1.61 billion. As of September 2013, the actual savings to the government from renegotiated contracts, refunds, and operational savings resulting from SIGIR findings had reached nearly $645 million. SIGIR’s investigations led to 112 indictments, 90 convictions, and more than $192 million in court-ordered fines, forfeitures, restitution payments, and other monetary penalties. SIGIR’s investigative work also led to 139 debarments and 106 suspensions of contractors and government personnel for fraud or other corrupt practices.

Members of the public may attend
this meeting up to the seating capacity
of the room. To facilitate the building
security process, and to request
reasonable accommodation, those who
plan to attend should contact the
meeting coordinator, LCDR Matt Frazee,
by email at matthew.p.frazee@uscg.mil,
or by phone at (202) 372–1376, not later
than October 30, 7 days prior to the
meeting. Requests made after October
30, 2013 might not be able to be
accommodated. Please note that due to
security considerations, two valid,
government issued photo identifications
must be presented to gain entrance to
the Headquarters building. The
Headquarters building is accessible by
taxi and privately owned conveyance
(public transportation is not generally
available). However, parking in the
vicinity of the building is extremely
limited. Additional information
regarding this and other IMO SHC
public meetings may be found at:

Dated: September 17, 2013.
