DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Meeting of the Community Preventive Services Task Force (Task Force)

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting; correction.

SUMMARY: The Centers for Disease Control and Prevention (CDC) published a document in the Federal Register of September 17, 2013, announcing the next meeting of the Community Preventive Services Task Force (Task Force). The document did not contain the registration information.

Correction

In the Federal Register of September 17, 2013, in FR Doc. 2013–22581, on page 57161, in the third column, correct the FOR FURTHER INFORMATION CONTACT caption to read:

FOR FURTHER INFORMATION AND TO RSVP CONTACT: Andrea Baeder, The Community Guide Branch, Division of Epidemiology, Analysis, and Library Services (proposed), Center for Surveillance, Epidemiology and Laboratory Services (proposed), Office of Public Health Scientific Services (proposed), Centers for Disease Control and Prevention, 1600 Clifton Road, MS–E–69, Atlanta, GA 30333, phone: (404) 498–498–6876, email: CPSTF@cdc.gov.

In the Federal Register of September 17, 2013, in FR Doc. 2013–22581, on page 57161, in the third column, and on page 57162, in the first column, correct the SUPPLEMENTARY INFORMATION caption to read:

SUPPLEMENTARY INFORMATION:

Purpose: The purpose of the meeting is for the Task Force to consider the findings of systematic reviews and issue findings and recommendations to help inform decision making about policy, practice, and research in a wide range of U.S. settings.

Matters to be discussed: Cancer prevention and control, cardiovascular disease prevention and control, diabetes prevention and control, motor vehicle-related injury prevention, and promoting physical activity.

Meeting Accessibility: This meeting is open to the public, limited only by space availability. All meeting attendees must RSVP to ensure the required security procedures are completed to gain access to the CDC’s Global Communications Center.

Non-U.S. citizens must RSVP by 10/2/2013 due to additional security steps that must be completed.

Failure to RSVP by the dates identified could result in an inability to attend the Task Force meeting due to the strict security regulations on federal facilities.

Roybal Campus Security Guidelines

The Edward R. Roybal Campus is the headquarters of the U.S. Centers for Disease Control and Prevention and is located at 1600 Clifton Road, NE., Atlanta, Georgia. The meeting is being held in a Federal government building; therefore, Federal security measures are applicable.

All meeting attendees must RSVP by the dates outlined under MEETING ACCESSIBILITY. In planning your arrival time, please take into account the need to park and clear security. All visitors must enter the Roybal Campus through the entrance on Clifton Road; the guard force will direct visitors to the designated parking area. Upon arrival at the facility, visitors must present government issued photo identification (e.g., a valid federal identification badge, state driver’s license, state non-driver’s identification card, or passport). Non-United States citizens must complete the required security paperwork prior to the meeting date and must present a valid passport, visa, Permanent Resident Card, or other type of work authorization document upon arrival at the facility. All persons entering the building must pass through a metal detector. Visitors will be issued a visitor’s ID badge at the entrance to Building 19 and will be escorted in groups of 5–10 persons to the meeting room. All items brought to HHS/CDC are subject to inspection.

Dated: September 24, 2013.

Tanja Popovic, Deputy Associate Director for Science, Centers for Disease Control and Prevention.

Subject of Challenge Competition

The 2009 H1N1 outbreak yielded a widespread acknowledgement of the need for respiratory protection as an essential line of defense for workers. Confusion among stakeholders and respirator users of important facts relative to respiratory protection was the main driver that led to the development of the NIOSH Respirator Trusted-Source Web page.

The NIOSH Respirator Trusted-Source Web page is the one stop resource to get reliable respirator information. The Web site is: http://knowits.niosh.gov. The Web site includes content to address three specific sections of information as follows: (1) Information on understanding the various types of respirators, how to identify approved models, and outlets for purchase; (2) Information on how to implement the use of respirators in the workplace and use them appropriately; (3) Ancillary respirator information, such as, commonly asked questions and answers, respirator myths, science of respirator function and performance, and respiratory protective devices not approved by NIOSH.

In this challenge, CDC/NIOSH is seeking an app that will be used by the public to query the NIOSH trusted source site http://knowits.niosh.gov for specific criteria and display all relevant information on the Web page in an easy to view format on a mobile device. The app should be capable of conducting searches of all information on the Web site and providing all the info relevant to the criteria selected for display. The purpose of this app is to query the site for specific criteria and display it in an easy view format.

In addition to providing the app or a link to the app, contestants should:

(1) Upload a brief slide presentation that describes your entry. Slide decks should be in .PDF format, and contain a maximum of 10 slides. We strongly recommend you explain how you addressed the evaluation criteria and the key features of the product as they relate to the challenge.

(a) Narrative: One of the slides in the presentation should be a narrative explaining how the app is intended to work.

(2) Provide a link to a 4-minute demo video showing your application in action. Post videos to video-sharing sites like YouTube.

(3) Mobile application must be Section 508-compliant. For information on Section 508-compliance, and tools for implementation, visit: www.section508.gov.

(4) App must be accessible on a mobile hand-held device.

(5) Neither the CDC name nor CDC logo will be used in the app or the icon for the app.

(6) The first place prize winner will provide paths to download the app from app stores as a free app.

(7) The first place prize winner will provide technical support for 1 year after the award at no cost to HHS/CDC/NIOSH. The scope of the technical support is to fix any malfunctions that may come up during the app being used by stakeholders.

(8) All videos and presentations must be submitted in English.

(9) Videos should not include endorsements of private products, services, or enterprises.

(10) Videos containing profane language, violence, weapons, sexually explicit content, or personal attacks on people or organizations will not be considered and will be disqualified.

Eligibility Rules for Participating in the Competition

To be eligible to win a prize under this challenge, an individual or entity—

(1) Shall have registered to participate in the competition under the rules promulgated by HHS/CDC;

(2) Shall have complied with all the requirements under this section;

(3) In the case of a private entity, shall be incorporated in and maintain a primary place of business in the United States, and in the case of an individual, whether participating singly or in a group, shall be a citizen or permanent resident of the United States; and

(4) May not be a Federal entity or Federal employee acting within the scope of their employment.

(5) Shall not be an HHS employee working on their applications or submissions during assigned duty hours.

(6) Shall not be an employee or contractor of NIOSH, judges of the challenge, or any other party involved with the design, production, execution, or distribution of the challenge or their immediate family (spouse, parents or step-parents, siblings and step-siblings, and children and step-children).

(7) Federal grantees may not use Federal funds to develop COMPETES Act challenge applications unless consistent with the purpose of their grant award.

(8) Federal contractors may not use Federal funds from a contract to develop COMPETES Act challenge applications or to fund efforts in support of a COMPETES Act challenge submission. An individual or entity shall not be deemed ineligible because the individual or entity used Federal facilities or consulted with Federal employees during a competition if the facilities and employees are made available to all individuals and entities participating in the competition on an equitable basis.

By participating in this competition, contestants agree to assume any and all risks and waive claims against the Federal Government and its related entities, except in the case of willful misconduct, for any injury, death, damage or loss of property, revenue or profits, whether direct, indirect, or consequential, arising from participation in this contest, whether the injury, death, damage, or loss arises through negligence or otherwise. By participating in this competition, contestants agree to indemnify the Federal Government against third party claims for damages arising from or related to contest activities.

Contestants must obtain liability insurance or demonstrate financial responsibility in the amount of $0.00 for claims by: (1) A third party for death, bodily injury, or property damage, or loss resulting from an activity carried out in connection with participation in a competition, with the Federal Government named as an additional insured under the registered contestant’s insurance policy and registered contestants agreeing to indemnify the Federal Government against third party claims for damages arising from or related to competition activities; and (2) the Federal Government for damage or loss to Government property resulting from such an activity. Contestants participating within a group must obtain insurance or demonstrate financial responsibility for all members of the group.

Registration Process for Participants

Interested persons should read the official rules posted on https://www.challenge.gov. Contestants must submit their content through the https://www.challenge.gov Web site. All submissions will be reviewed by HHS/CDC to confirm eligibility. Registration is free and can be completed anytime during the submission period, September 30, 2013 through December 23, 2013.

Amount of the Prize

There will be one $8,000 first place prize and two $1,000 honorable mention prizes, for a total of $10,000.

Payment of the Prize

Prizes awarded under this competition will be paid by electronic funds transfer and may be subject to Federal income taxes. HHS will comply
with the Internal Revenue Service withholding and reporting requirements, where applicable.

Basis Upon Which Winner Will Be Selected

A panel of judges will evaluate each submission on the following four criteria:

User Interface—30%
- Were the user instructions easy to follow and comprehend?
- Is the display and color scheme of the information appealing?

Ease of Use—20%
- Are you able to search for information easily?
- Is the requested information, both text and graphics, easy to read when displayed?

Innovation in Design—20%
- Is the application original?
- Is the application creative?
- Is the design engaging (i.e. pleasant and satisfying to use)?

Functionality and Accuracy—30%
- Application has been tested on intended platforms?
- Can the application be accessed by the end user?
- Does the application return the correct information?

Additional Information

Participation in this contest constitutes a contestants’ full and unconditional agreement to abide by the contest’s official rules found at https://www.challenge.gov.

If contestants choose to provide HHS/CDC with personal information by registering or filling out the submission form through the Challenge.gov Web site, that information is used to respond to contestants in matters regarding their submission, announcements of entrants, finalists, and winners of the contest. Information is not collected for commercial marketing. Winners are permitted to cite that they won this contest.

Contestant(s) warrants that he or she is the sole author and owner of the contest submission, and that the contest submission completely originates with the contestant, that it does not infringe upon any copyright or any other rights of any third party of which contestant(s) is aware, and is free of malware. The contestant cannot submit material that he or she did not create and is not the owner of; the contestant cannot take material from any other source.

All materials submitted to the Respirator Trusted-Source Mobile App challenge remain the intellectual property of the individuals who developed them. However, HHS, CDC, and NIOSH maintain a non-exclusive, royalty-free license to use, reproduce, publish, distribute and exhibit the submission/winning challenge in any and all formats or manner for educational, training and other public health purposes consistent with HHS, CDC and/or NIOSH’s mission. The contestant will be acknowledged in any NIOSH actions conducted under this license.

HHS/CDC reserves the right to cancel, suspend, and/or modify the contest, or any part of it, for any reason, at HHS/CDC’s sole discretion.

Dated: September 24, 2013.

Tanja Popovic,
Deputy Associate Director for Science, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Health Resources and Services Administration (HRSA) has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received within 30 days of this notice.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to OIRA submission@omb.eop.gov or by fax to 202–395–5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email the HRSA Information Collection Clearance Officer at paperwork@hrsa.gov or call (301) 443–1984.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: National Hospital Organ Donation Campaign’s Activity Scorecard
OMB No.: 0915–xxxx—NEW
Need and Proposed Use of the Information: HRSA’s Healthcare Systems Bureau, Division of Transplantation, administers the Workplace Partnership for Life program under the authority of Section 377A(a) of the Public Health Service (PHS) Act, (42 U.S.C. 274f–1). The Workplace Partnership for Life program seeks to increase the number of registered organ, eye, and tissue donors and to increase awareness about organ donation. HRSA launched a challenge to hospitals nationwide to assist in this effort by conducting donor education and donor registry enrollment events in their hospitals and communities. The nation’s 58 organ procurement organizations (OPOs), who already work with hospitals on clinical aspects of transplantation, are invited to participate in HRSA’s National Hospital Organ Donation Campaign to increase the number of enrollments in state donor registries. The Campaign supports OPOs by providing communications materials, facilitating the sharing of best practices, leveraging the influence of national associations and organizations related to hospitals and organ donation, and offering the additional incentive of national-level recognition to hospitals.

The National Hospital Organ Donation Campaign’s Activity Scorecard is one piece of this campaign. A campaign leadership committee comprised of representatives from OPOs, Donate Life America (DLA) affiliates, and hospitals helped conceptualize the Activity Scorecard, which is based on the committee’s experience of hospital receptivity to competition and the opportunity to be recognized among their peers. The Activity Scorecard provides hospitals, which wish to participate in the campaign, with ideas for outreach activities. Each activity on the programmable PDF is assigned a particular number of points based on the activity’s potential for generating registrations.

Hospitals can complete the Activity Scorecard and submit it via email or fax to HRSA or to their OPO or DLA. This is a voluntary activity. Hospitals may participate in the campaign without using the Activity Scorecard. HRSA anticipates that most hospitals enrolled in the campaign (currently 802) will submit a completed Activity Scorecard once a year.
