Spring Pygmy Sunfish Candidate Conservation Agreement With Assurances; Receipt of Applications for Enhancement of Survival Permits; Beaverdam Springs, Limestone County, AL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the Fish and Wildlife Service (Service), have received applications from Mr. Albert C. McDonald of Greenbrier Enterprises LLC (applicant McDonald Farm) and Ms. Katherine H. Garrett of Greenbrier Enterprises LLC (applicant Horton Farm) (collectively, applicants) for enhancement of survival permits (permit or permits) under the Endangered Species Act of 1973, as amended (Act). Each permit application includes a proposed candidate conservation agreement with assurances (CCAA) between the applicant and the Service as parties and the Land Trust of North Alabama as a cooperator for the conservation of the spring pygmy sunfish. Each Applicant is a limited liability company, created and existing under the laws of the State of Alabama. The CCAAs would be implemented at the Beaverdam Spring Complex within Limestone County, Alabama.

We have made a preliminary determination that each permit application, including the proposed CCAA, is eligible for categorical exclusion under the National Environmental Policy Act of 1969 (NEPA). The basis for this preliminary determination is contained in the draft environmental action statement (EAS) prepared by the Service on each application. We are accepting comments on each permit application and the associated proposed CCAA, as well as on the draft EAS.

DATES: We must receive comments no later than October 31, 2013.

ADDRESSES: Persons wishing to review either or both applications, including the draft CCAA, and the draft EAS may obtain copies upon request to Daniel Drennen, Mississippi Field Office, by phone at 601–321–1127, or via mail or email (see below). The applications and related documents will also be available for public inspection, by appointment only, during normal business hours (8 a.m. to 4:30 p.m.) at the Jackson, Mississippi, Field Office (address listed below) or on our Web site at http://www.fws.gov/mississippiES/endsp.html.

Comments concerning either or both applications, proposed CCAAs, and draft EASs should be submitted in writing, by one of the following methods:

Email: daniel_drennen@fws.gov.
Fax: 601–965–4340.
U.S. mail: Daniel Drennen, Mississippi Field Office, U.S. Fish and Wildlife Service, 6578 Dogwood View Parkway, Jackson, MS 39213.

When submitting comments, please specify the application or applications on which you are commenting. Please refer to Permit number TE–155500B–0 when commenting on the McDonald Farm application, and to Permit number TE–15501B–0 for comments on the Horton Farm application.

SUPPLEMENTARY INFORMATION: We furnish this notice to provide the public, other State and Federal agencies, and interested Tribes an opportunity to review and comment on the permit applications, including the draft CCAAs, and the associated EASs. We specifically request information, views, and opinions from the public on the proposed Federal actions of issuing each permit. Further, we solicit information regarding the adequacy of each permit application, including the proposed CCAA, as measured against our permit issuance criteria found in the Code of Federal Regulations (CFR) at 50 CFR 17.22(d) and 17.32(d).

Background
Private and other non-Federal property owners are encouraged to enter into CCAAs, in which they voluntarily undertake management activities and conservation efforts on their properties to enhance, restore, or maintain habitat
