DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2013–0562]

Drawbridge Operation Regulation; Inner Harbor Navigational Canal, New Orleans, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations; request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedules that govern the US 90 (Danzinger) Bridge across the Inner Harbor Navigational Canal (IHNC), mile 3.1, and the Senator Ted Hickey (Leon C. Simon Blvd./Seabrook) bridge across the IHNC, mile 4.6, both at New Orleans, LA. This deviation will test changes to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed. These changes would allow for the safe navigation of vessels while reflecting the low volume of vessel traffic through the bridges thereby increasing efficiency of operations. The changes will allow the bridges to operate in a manner that will align the two operating schedules so the bridge owner will be able to use the same bridge crew personnel to operate both bridges with little to no affect on navigation through the bridges.

DATES: This deviation is effective from 12:01 a.m. on November 6, 2013 through 11:59 p.m. on December 6, 2013.

Comments and related material must be received by the Coast Guard on December 23, 2013.

ADDRESSES: You may submit comments identified by docket number USCG–2013–0562 using any one of the following methods:

B. Basis and Purpose
On June 05, 2013 the Coast Guard District Eight Commander received a request from Louisiana Department of Transportation and Development (LDOTD), on behalf of the Orleans Levee District, to modify the operating regulations of the U.S. 90 (Danziger) and the Senator Ted Hickey (Leon C. Simon Blvd./Seabrook) bridges on the Inner Harbor Navigational Canal (IHNC) past the Gulf Intra-Coastal Waterway (GIWW). Under 33 CFR 117.458(c), the draw of the US 90 (Danzinger) Bridge, mile 3.1, shall open on signal; except that from 8 p.m. to 7 a.m. the draw shall open on signal if at least four hours notice is given, and the draw need not be opened from 7 a.m. to 8:30 a.m. and 5 p.m. to 6:30 p.m. Monday through Friday. Under 33 CFR 117.458(b), the draw of the Senator Ted Hickey (Leon C. Simon Blvd./Seabrook) Bridge, mile 4.6, shall open on signal; except that from 7 a.m. to 8:30 a.m. and 5 p.m. to 6:30 p.m. Monday through Friday, the draw need not be opened. This operating regulation has been in effect since 2003.

This regulation would allow LDOTD to improve the systematic efficiency of bridge operations for vessels using the portions of the IHNC that are not associated with the GIWW. The changes will do this by allowing bridge operations to be accomplished with the same personnel and allowing the regulations to work with one another thereby allowing for faster response times for openings and more efficient use of the waterway and ultimately more fiscal responsibility on behalf of the owner. This test will allow for comments on a current notice of proposed rule making (NPRM) that is being run in conjunction with this test. Comments on this test and the NPRM with the same docket number will be evaluated at the same time. The bridges will return to normal operations upon completion of the test to allow for evaluation of any and all comments.

Currently, there is minimal vessel traffic (nine per month and 32 per month, respectively) in this area and land traffic would not be adversely impacted by this test as the opening times would be minimized.

The test deviation will begin at 12:01 a.m. on the date 15 days after publication in the Federal Register. It will end at 11:59 p.m. 30 days later. During this 30 day period, the US 90 (Danzinger) Bridge will open if two hours notice is given 24 hours a day; except the bridge need not open from 7 a.m. to 8:30 a.m. and 5 p.m. to 6:30 p.m. Monday through Friday. The Senator Ted Hickey (Leon C. Simon Blvd./Seabrook) Bridge will open on signal from 8 a.m. to 8 p.m. and from 8 p.m. to 8 a.m. if two hours notice is given; except the bridge need not open from 7 a.m. to 8:30 a.m. and 5 p.m. to 6:30 p.m. Monday through Friday. During this time, vessels that do not require an opening can still pass through the bridge. There are alternate routes available. Waterway users are encouraged to comment on the test.
deviation and the NPRM as described above.

In accordance with 33 CFR 117.35(e), the drawbridges must return to their regular operating schedules immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

David M. Frank,
Bridge Administrator.

FOR FURTHER INFORMATION CONTACT:
Kristin Cunningham, Director, Business Policy, Chief Business Office (10NB), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420; (202) 461–1599. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: This rule amends 38 CFR 17.169 to add language to clarify the limited preemptive effect of certain criteria in the VA Dental Insurance Program (VADIP), a pilot program to offer premium-based dental insurance to enrolled veterans and certain survivors and dependents of veterans. Under VADIP, VA contracts with private insurers through the Federal contracting process to offer dental insurance, and the private insurer is then responsible for the administration of the dental insurance plan. VA’s role under VADIP is primarily to form the contract with the private insurer and verify the eligibility of veterans, survivors, and dependents. VADIP is authorized, and its implementing regulations are required, by section 510 of the Caregivers and Veterans Omnibus Health Services Act of 2010, Public Law 111–163 (2010) (section 510).

“Preemption” refers to the general principle that Federal law supersedes conflicting State law. U.S. Const. art. VI, cl. 2; Gade v. Nat’l Solid Wastes Mgmt. Ass’n, 505 U.S. 88, 98 (1992); M’Culloch v. Maryland, 17 U.S. 316, 317 (1819). However, the subject of insurance regulation is unique. Under 15 U.S.C. 1012, no Act of Congress may be construed to invalidate, impair, or supersede any law enacted by any State for the purpose of regulating the business of insurance, unless such Act specifically relates to the business of insurance. Although section 510 does not include express preemption language, Congress intended to legislate about the business of insurance in several subsections of section 510, hence preempting conflicting State and local laws. See Swanco Ins. Co.-Arizona v. Hager, 879 F.2d 353, 359 (8th Cir. 1989) (“Instead of total preemption, Congress ‘selected particularized means to [an] end in conscious recognition that a considerable area of state regulation would remain intact.’ ”) (quoting Ins. Co. of the State of Pa. v. Corcoran, 850 F.2d 88, 93 (2nd Cir. 1988)).

Applying these principles here, Congress specifically intended to legislate on the business of insurance under certain subsections of section 510. The following chart lists these subsections and their corresponding regulatory paragraphs:
