Federal Motor Carrier Safety Administration

49 CFR Part 390
[Docket No. FMCSA–1997–2349]
RIN 2126–AA22

Unified Registration System; Correction

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Final rule; correction.

SUMMARY: FMCSA makes corrections to its August 23, 2013, final rule regarding the Unified Registration System. This document makes four minor revisions to the URS final rule to be consistent with the Agency’s “General Technical, Organizational and Conforming Amendments to the Federal Motor Carrier Safety Regulations” final rule published on September 24, 2013.

DATES: Effective October 23, 2013.

FOR FURTHER INFORMATION CONTACT: Mr. Jeffrey S. Loftus, (202) 385–2363; or by email at jeff.loftus@dot.gov. Business hours are from 8 a.m. to 4:30 p.m. ET, Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: In FR Doc. 2013–20446, beginning on page 78 FR 52608 in the Federal Register of Friday, August 23, 2013, the following corrections are made:

§ 390.19 [Corrected]
2. On page 52653, at the top of the second column, under amendment number 55, in § 390.19, the section heading “Motor carrier, hazardous material shipper, and intermodal equipment provider identification reports.” is corrected to read “Motor carrier, hazardous materials safety permit applicant/holder, and intermodal equipment provider identification reports.”

Larry Minor,
Associate Administrator for Policy.

RIN 1018–AY20

Endangered and Threatened Wildlife and Plants; Revised Critical Habitat for the Comal Springs Dryopid Beetle, Comal Springs Riffle Beetle, and Peck’s Cave Amphipod

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), revise the critical habitat for the Comal Springs dryopid beetle (Stygoparnus comalienus), Comal Springs riffle beetle (Heterelmis comalienus), and Peck’s cave amphipod (Stygobromus pecki), under the Endangered Species Act of 1973, as amended (Act), any species that is determined to be an endangered or threatened species requires critical habitat to be designated, to the maximum extent prudent and determinable. Designations and revisions of critical habitat can only be completed by issuing a rule.

The areas we are designating as revised critical habitat in this rule constitute our current best assessment of the areas that meet the definition of critical habitat for the Comal Springs dryopid beetle, Comal Springs riffle beetle, and Peck’s cave amphipod. Here, we are designating:
• Comal Springs dryopid beetle: 39.4 acres (ac) (15.9 hectares (ha)) of surface and 139 ac (56 ha) of subsurface critical habitat. The original designation was http://www.regulations.gov. All of the comments, materials, and documentation that we considered in this rulemaking are available by appointment, during normal business hours at: U.S. Fish and Wildlife Service, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, TX 78758; telephone 512–490–0057; facsimile 512–490–0974.

The coordinates or plot points or both from which the maps are generated are included in the administrative record for this revised critical habitat designation and are available at http://www.fws.gov/southwest/es/austintexas/.

Any additional tools or supporting information that we may develop for this critical habitat designation will also be available at the Fish and Wildlife Service web site and field office set out above, and may also appear at http://www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Adam Zerrenner, Field Supervisor, U.S. Fish and Wildlife Service, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, TX 78758; telephone at 512–490–0057, extension 248; or facsimile at 512–490–0974. If you use a telecommunications device for the deaf (TDD), call the Federal Information Relay Service (FIRS) at 800–877–8339.

SUPPLEMENTARY INFORMATION:

Executive Summary

Why we need to publish a rule. This is a final rule to designate revised critical habitat for the Comal Springs dryopid beetle, Comal Springs riffle beetle, and Peck’s cave amphipod. Under the Endangered Species Act of 1973, as amended (Act), any species that is determined to be an endangered or threatened species requires critical habitat to be designated, to the maximum extent prudent and determinable. Designations and revisions of critical habitat can only be completed by issuing a rule.

The areas we are designating as revised critical habitat in this rule constitute our current best assessment of the areas that meet the definition of critical habitat for the Comal Springs dryopid beetle, Comal Springs riffle beetle, and Peck’s cave amphipod. Here, we are designating:
