NUCLEAR REGULATORY COMMISSION
[Docket No. 52–037; NRC–2008–0556]
Ameren Missouri; Combined License Application for Callaway Plant, Unit 2, Exemption

1.0 Background

Union Electric Company, doing business as Ameren UE, submitted to the U.S. Nuclear Regulatory Commission (NRC) a Combined License (COL) Application for a single unit of AREVA NP’s U.S. EPR in accordance with the requirements in part 52, of Title 10 of the Code of Federal Regulations (10 CFR), subpart C, “Licenses, Certifications, and Approvals for Nuclear Power Plants.” This reactor is to be identified as Callaway Plant (Callaway), Unit 2, and located at the current Callaway County, Missouri, site of the Callaway Power Plant. The Callaway, Unit 2, COL application is based upon and linked to the U.S. EPR reference COL (RCOL) application for UniStar’s Calvert Cliffs Nuclear Power Plant, Unit 3 (CCNPP3). The NRC docketed the Callaway, Unit 2, COL application on December 12, 2008. On February 25, 2009, Ameren submitted Revision 1 to the COL application, including updates to the Final Safety Analysis Report (FSAR). In its letter to the NRC dated April 28, 2009, Ameren informed the NRC that it was suspending its efforts to build a nuclear power plant in Missouri. Subsequently, by letter dated June 23, 2009, Ameren requested the NRC to suspend all review activities relating to the Callaway, Unit 2, COL application. The NRC informed Ameren by letter dated June 29, 2009, that it had suspended all review activities relating to the Callaway, Unit 2, COL application (Agencywide Documents Access and Management System (ADAMS) Accession No. ML091750065). By letter to the NRC dated October 26, 2010, Ameren requested a one-time exemption from the 10 CFR 50.71(e)(3)(iii) requirements to submit the COL application FSAR update, and proposed for approval of a new submittal deadline of December 31, 2012, for the next FSAR update. The NRC granted the exemption as described in the Federal Register notice published on January 21, 2011 (76 FR 3927). Prior to expiration of the exemption, while the COL application remained suspended, Ameren, on October 15, 2012, requested a second one-time exemption from the 10 CFR 50.71(e)(3)(iii) requirements to submit the COL application FSAR update, and proposed for approval of a new submittal deadline of December 31, 2014, for the next FSAR update. The NRC granted the exemption as described in the Federal Register notice published on December 28, 2012 (77 FR 76539). The NRC is currently performing a detailed review of the CCNPP3 RCOL application, as well as AREVA NP’s application for design certification of the U.S. EPR. On October 3, 2013 (ADAMS Accession No. ML13282A311), Ameren requested an exemption from the requirements of 10 CFR part 50, appendix E, section I.5, as referenced by 10 CFR 52.79(a)(21), to submit an update by December 31, 2013, to the COL application, addressing the enhancements to Emergency Preparedness (EP) rules.

2.0 Request/Action

In part 50, appendix E, section I.5 requires that an applicant for a COL under subpart C of 10 CFR part 52 whose application was docketed prior to December 23, 2011, must revise their COL application to comply with the EP rules published in the Federal Register on November 23, 2011 (76 FR 72560). An applicant that does not receive a COL before December 31, 2013, shall revise its COL application to comply with these changes no later than December 31, 2013.

Since Ameren will not hold a COL prior to December 31, 2013, it is therefore, required to revise its application to be compliant with the new EP rules by December 31, 2013. By letter dated June 23, 2009, Ameren requested the NRC to suspend all review activities relating to the Callaway, Unit 2, COL application. The NRC informed Ameren by letter dated June 29, 2009, that it had suspended all review activities relating to the Callaway, Unit 2, COL application (ADAMS Accession No. ML091750065). In a letter dated, October 3, 2013 (ADAMS Accession No. ML13282A311), Ameren requested an exemption from the requirements of 10 CFR part 50, appendix E, section I.5 until a request for revocation of the Callaway, Unit 2, COL application review is made by Ameren.
