

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)¹¹ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange notes that waiving the 30-day operative delay would allow more TPHs to start quoting on Twitter immediately, thereby providing greater volume and more trading activity in that product. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow CBOE to respond without delay to what it has identified to be current market demand for increased quoting capacity in options overlying Twitter stock and thereby will help accommodate current market interest. Further, the Exchange has represented that it has the systems capacity to accommodate the additional quotation activity. Accordingly, the Commission designates the proposed rule change to be operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-70935; File No. SR-OCC-2013-20]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Clarify OCC's Existing Policy Regarding Use of Clearing Fund Assets in Anticipation of a Clearing Member Default

November 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on November 15, 2013, The Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared primarily by OCC. OCC filed the proposed rule change pursuant to Section 19(b)(3)(A)(i)³ of the Act and Rule 19b-4(f)(4)(1)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the rule change from interested parties.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of this proposed rule change is to clarify OCC's existing policy regarding use of clearing fund assets in anticipation of a clearing member default. Specifically, OCC proposes to add an interpretation and policy to Article VIII, Section 5 of OCC's By-Laws to make clear that OCC has the authority to use cash or securities deposited by clearing members in OCC's clearing fund to borrow, or to otherwise obtain, funds from third parties in anticipation of a potential default by, or suspension of, a clearing member.

¹⁴ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(1) Purpose

The purpose of this proposed rule change is to clarify OCC's existing policy regarding use of clearing fund assets in anticipation of a clearing member default. Specifically, OCC is proposing to add an interpretation and policy to Article VIII, Section 5 of its By-Laws to provide greater transparency for clearing members and others regarding an existing by-law and to clarify its authority to use cash or securities deposited by clearing members in OCC's clearing fund to borrow, or otherwise obtain, funds from third parties in anticipation of a clearing member default.⁵

Article VIII, Section 5 of OCC's By-Laws concerns application of OCC's clearing fund. Section 5(e)(i) permits OCC to use assets in the clearing fund to borrow, or otherwise obtain, funds from third parties in the event that OCC deems it necessary or advisable to meet obligations arising out of the default or suspension of a Clearing Member or any action taken by OCC pursuant to Chapter XI of the Rules or otherwise.⁶ OCC has interpreted Article VIII, Section 5(e)(i) to provide OCC with the authority to use clearing fund assets to borrow, or otherwise obtain, funds from third parties in anticipation of a clearing member default or suspension should OCC deem such use of assets necessary or advisable to meet obligations that may arise from such potential clearing member default or suspension.⁷

⁵ OCC, in connection with the renewal of its credit facility, represented to the Commission that it will add such a clarification to its By-Laws. See Exchange Act Release No. 34-70596 (October 2, 2013), 78 FR 62719 (October 22, 2013), (SR-OCC-2013-806).

⁶ Chapter XI sets out rules pertaining to suspension of OCC Clearing Members.

⁷ OCC has long believed that it should not have to make the decision to suspend a clearing member as a precondition to borrowing against the clearing fund. Accordingly, in 2004, OCC amended Article VIII, Section 5(e) to clarify that OCC may use

However, OCC believes that it would be helpful to clarify such authority and, accordingly, proposes to add Interpretation and Policy .06 to Article VIII, Section 5. Interpretation and Policy .06 will clarify that OCC's authority under Section 5(e)(i) of Article VIII applies to both situations in which a clearing member default or suspension that has already occurred, and in anticipation of potential default or suspension of a clearing member.

(2) Statutory Basis

OCC believes the proposed rule change is consistent with Section 17A(b)(3)(F) of the Act⁸ and the rules and regulations thereunder because it will increase the protection of investors and the public interest by allowing OCC to use clearing fund assets to borrow or otherwise obtain funds from third parties in anticipation of a clearing member default or suspension, in addition to a default or suspension that actually occurred, and thereby limit systemic risk. In addition, OCC believes that the proposed rule is consistent with Rule 17Ad-22(b)(3)⁹ because by providing additional flexibility with respect to the timing of borrowings it will enhance OCC's ability to maintain sufficient financial resources to withstand a significant clearing member default. The proposed rule change is not inconsistent with the existing rules of OCC, including any other rules proposed to be amended.

(B) Clearing Agency's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.¹⁰ This proposed rule change clarifies long standing policy regarding the conditions under which OCC may use securities or cash that clearing members deposit in OCC's clearing fund, and will apply to all clearing members. Accordingly, OCC believes that the proposed modifications would not disadvantage or favor any

clearing fund assets as collateral for loans whenever OCC deems such borrowings to be necessary or advisable in order to meet obligations arising out of the default or suspension of a clearing member or any action taken by OCC in connection therewith pursuant to Chapter XI of its Rules or otherwise (emphasis added). OCC has consistently interpreted the "or otherwise" language in the preceding sentence that was added to the By-Laws in 2004 to allow OCC to borrow against the clearing fund prior to a clearing member default or suspension. See Securities Exchange Act Release No. 34-50526 (October 13, 2004), 69 FR 61701 (October 20, 2004), (SR-OCC-2004-13).

particular user in relationship to another user.

For the foregoing reasons, OCC believes that the proposed rule change is in the public interest, would be consistent with the requirements of the Act applicable to clearing agencies, and would not impose a burden on competition that not necessary or appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were not and are not intended to be solicited with respect to the proposed rule change and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(i) of the Act¹¹ and Rule 19b-4(f)(1)¹² thereunder, the proposed rule change is filed for immediate effectiveness because it constitutes a stated policy, practice or interpretation with respect to the meaning, administration or enforcement of an existing rule. Notwithstanding the foregoing, implementation of this rule change will be delayed until it is deemed certified under CFTC Regulation § 40.6. At any time within 60 days of the filing of such rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹³

[Release No. 34-70943; File No. SR-CBOE-2013-115]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the CBSX Fees Schedule

November 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 21, 2013, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Fees Schedule of its CBOE Stock Exchange. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBSX proposes to amend its Maker fees for transactions in all other securities (securities other than the "Select Symbols", of which there currently are none) priced \$1 or greater. Currently, such fees are assessed on the following scale:³

| | |
|---|--------------------|
| Maker (adds less than 0.08% of TCV of liquidity in one day) (1)(5) | \$0.0018 per share |
| Maker (adds at least 0.08% but less than 0.16% of TCV of liquidity in one day) (1)(5) | \$0.0017 per share |
| Maker (adds at least 0.16% but less than 0.24% of TCV of liquidity in one day) (1)(5) | \$0.0016 per share |
| Maker (adds at least 0.24% but less than 0.42% of TCV of liquidity in one day) (1)(5) | \$0.0015 per share |
| Maker (adds 0.42% or more of TCV of liquidity in one day) (1)(5) | \$0.0014 per share |

The Exchange proposes to break up the 0.24%–0.42% tier into two separate tiers at 0.33%, with Maker transactions in the 0.33%–0.42% tier being assessed a lower fee of \$0.0014 per share (currently, Maker transactions in such tier would be assessed the same fee as

in the 0.24%–0.33% tier, which is \$0.0015 per share). The Exchange also proposes to add a 0.42%–0.52% tier, with Maker transactions in that tier being assessed a fee of \$0.0013 per share (which is lower than the \$0.0014 per share fee that Maker transactions in that

tier currently are assessed). Finally, the Exchange proposes to add a tier for Makers who add 0.52% of TCV of liquidity in one day or more, with such transactions being assessed a lower fee of \$0.0012 per share (which is lower than the \$0.0014 per share fee that

² 17 CFR 240.19b-4.

³ The parentheticals (1) and (5) in the scale refer to footnotes in the CBSX Fees Schedule. Footnote (1) reads:

These rates apply to all transactions in securities priced \$1 or greater made by the same market participant in any day in which such participant adds (for Makers) or removes (for Takers) the

established amount of shares (or percentage of TCV, as applicable) or more of liquidity that is determined in the chart above for each tier. Market participants who share a trading acronym or MPID may aggregate their trading activity for purposes of these rates. Qualification for these rates will require that a market participant appropriately indicate his trading acronym and/or MPID in the appropriate field on the order.

Footnote (5) reads:

"TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan. Volume from Maker executions in the Select Symbols (priced \$1 or greater) will count towards a market participant's % of TCV.

The Exchange does not propose to amend either Footnotes (1) or (5).
