The FAA is taking this action to enhance the safety and management of Instrument Flight Rules (IFR) operations at the airport. Geographic coordinates are also updated.

DATES: Effective date: 0901 UTC, February 6, 2014. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

On August 26, 2013, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to amend Class E airspace for the Del Rio, TX, area, creating additional controlled airspace at Laughlin AFB (78 FR 52716) Docket No. FAA–2013–0658. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6003 of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by amending Class E airspace designated as an extension to a Class C surface area at Laughlin AFB, Del Rio, TX. An additional segment to the north is needed to contain approach category E military aircraft conducting circling approaches to the airport, to retain the safety and management of IFR aircraft in Class E airspace to/from the en route environment. Geographic coordinates are also updated to coincide with the FAA’s aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes additional controlled airspace at Laughlin AFB, Del Rio, TX.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures.” Paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Floodplain Management and Protection of Wetlands; Correction

AGENCY: Office of the General Counsel, HUD.

ACTION: Final rule; correction.

SUMMARY: HUD is correcting a final rule published in the Federal Register on November 15, 2013. The November 15, 2013, final rule revised HUD's regulations governing the protection of wetlands and floodplains. Upon publication, HUD discovered that it inadvertently duplicated an activity that the final rule exempts from the 8 Step Process for floodplains and wetlands management compliance. As a result, this document corrects this duplication by removing the duplication.

DATES: Effective Date: December 16, 2013.

FOR FURTHER INFORMATION CONTACT: Aaron Santa Anna, Assistant General Counsel for Regulations, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW., Room 10276, Washington, DC 20410–0500; telephone number 202–708–3055 (this is not a toll-free number). Persons with hearing or speech impairments may access this number through TTY by calling the Federal Relay Service at 800–877–8339 (this is a toll-free number).

SUPPLEMENTARY INFORMATION: On November 15, 2013 (78 FR 68719), HUD published a final rule that revised its regulations governing the protection of wetlands and floodplains codified at 24 CFR part 55. Section 55.12(c) of the rule lists activities exempt from the applicability of 24 CFR part 55. Among other things, the final rule added to the list of exempted activities the approval of financial assistance for restoring and preserving the functions and values of floodplains and wetlands. Upon review of the published final rule, HUD discovered that this exemption was added at §§ 55.12(c)(3) and (c)(12). These duplicated paragraphs are identical. As a result, HUD is correcting this final rule by deleting § 55.12(c)(12).

In FR Doc. 2013–27427 appearing on page 68719 in the Federal Register of Friday, November 15, 2013, the following correction is made:

§ 55.12 [Corrected]

1. On page 68732, in the second column, remove § 55.12(c)(12).
