

than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.⁹ Further, HLD Clark Steel Pipe Co., Inc., requested to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a six-month period. The suspension of liquidation described above will be extended accordingly.

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our preliminary affirmative determination of sales at LTFV. Because the preliminary determination in this proceeding is affirmative, section 735(b)(2) of the Act requires that the ITC make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports OCTG from the Philippines before the later of 120 days after the date of this preliminary determination or 45 days after our final determination. Because we are postponing the deadline for our final determination to 135 days from the date of publication of this preliminary determination, as discussed above, the ITC will make its final determination no later than 45 days after our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: February 14, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Certain Oil Country Tubular Goods From India: Preliminary Determination of Sales at Less Than Fair Value, Preliminary Affirmative Determination of Critical Circumstances, in Part, and Postponement of Final Determination

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) preliminarily determines that certain oil country tubular goods (OCTG) from India are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733(b) of the Tariff Act of 1930, as amended (the Act). The period of investigation is July 1, 2012, through June 30, 2013. The estimated weighted-average dumping margins of sales at LTFV are shown in the "Preliminary Determination" section of this notice. We invite interested parties to comment on this preliminary determination. The final determination will be issued 135 days after publication of this preliminary determination in the **Federal Register**.

DATES: *Effective Date:* February 25, 2014.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The merchandise covered by this investigation is certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (*e.g.*, whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG

products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the investigation also covers OCTG coupling stock. For a complete description of the scope of the investigation, *see* Appendix I to this notice.

Scope Comments

On August 12, 2013, WSP Pipe Co., Ltd. (the sole mandatory respondent in the concurrent LTFV investigation of OCTG from Thailand) submitted scope comments to the Department regarding "pierced billets" and asked that the Department determine that such merchandise was outside of the scope of this and other OCTG investigations. The petitioners¹ filed rebuttal comments on August 22, 2013. We made no modifications to the scope of the investigations. For more information, *see* the Preliminary Decision Memorandum.²

Tolling of Deadlines for Preliminary Determination

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.³ Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department's practice, the deadline will become the next business day.⁴ The revised deadline for the preliminary determination of this investigation is now February 14, 2014.⁵

Methodology

The Department conducted this investigation in accordance with section 731 of the Act. Export price (EP) and constructed export price (CEP) are calculated in accordance with section 772 of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <https://iaaccess.trade.gov>, and is available to all parties in the Department's Central Records Unit, located at room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Affirmative Determination of Critical Circumstances, in Part

On December 18, 2013, petitioners filed a timely critical circumstances allegation, pursuant to section 773(e)(1) of the Act and 19 CFR 351.206(c)(1), alleging that critical circumstances exist with respect to imports of the merchandise under consideration.⁶ Based on our analysis, we preliminarily find that critical circumstances exist for Jindal SAW, but not for GVN Fuels Limited (GVN) or for all other producers and exporters.⁷

Preliminary Determination

The Department preliminarily determines that the following weighted-average dumping margins exist:

Exporter or producer	Weighted-average dumping margin
Jindal SAW Ltd	55.29
GVN Fuels Limited, Maharashtra Seamless Limited and Jindal Pipe Limited	0.0
All Others	55.29

⁶ See Letter from petitioners, "Amendment to Petition for the Imposition of Antidumping and Countervailing Duties: Oil Country Tubular Goods from India," December 18, 2013.

⁷ For a full description of the methodology and results of our analysis, see the Preliminary Decision Memorandum.

Section 735(c)(5)(A) of the Act provides that the estimated "all others" rate shall be an amount equal to the weighted average of the weighted-average dumping margins calculated for the or producers or exporters individually examined, excluding rates that are zero, *de minimis* or determined entirely under section 776 of the Act. Since we calculated a weighted-average dumping margin for only one of the mandatory respondents (Jindal SAW) that was not zero, *de minimis* or determined entirely under section 776 of the Act, we assigned to all other producers and exporters the rate calculated for Jindal SAW.

Disclosure and Public Comment

We will disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁸ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and, (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate in a hearing if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using IA ACCESS. An electronically filed request must be received successfully in its entirety by IA ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.⁹ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and

⁸ See 19 CFR 351.309.

⁹ See 19 CFR 351.310(c).

location of the hearing two days before the scheduled date.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of OCTG from India as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, except for Jindal SAW and GVN, as described below. Section 733(e)(2) of the Act provides that, given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which notice of initiation of the investigation was published. As discussed above, we preliminarily find that critical circumstances exist for imports produced or exported by Jindal SAW. For Jindal SAW, in accordance with section 733(e)(2)(A) of the Act, suspension of liquidation of OCTG from India, as described in the "Scope of the Investigation" section, shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice, the date suspension of liquidation is first ordered. Because we find critical circumstances do not exist for all other producers and exporters, we will begin suspension of liquidation for such firms on the date of publication of this notice in the **Federal Register**. Further, because we reached a negative preliminary determination for GVN, we will not instruct CBP to suspend liquidation of entries for this company.

Pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit¹⁰ equal to the preliminary weighted-average amount by which NV exceeds U.S. price, as indicated in the chart above, as follows: (1) The rate for Jindal SAW will be the weighted-average dumping margin we determine in this preliminary determination; (2) if the exporter is not a firm identified in this investigation, but the producer is, then the rate will be the rate established for the producer of the subject merchandise; (3) the rate for

¹⁰ See *Modification of Regulations Regarding the Practice of Accepting Bonds During the Provisional Measures Period in Antidumping and Countervailing Duty Investigations*, 76 FR 61042 (October 3, 2011).

all other producers or exporters will be 55.29 percent. There will be no cash deposit requirement for GVN, since, as noted above, there will be no suspension of liquidation. These suspension of liquidation instructions will remain in effect until further notice.

Postponement of Final Determination and Extension of Provisional Measures

Pursuant to a request from Jindal SAW, a respondent in this investigation, we are postponing the final determination. Accordingly, we will make our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.¹¹ Further, Jindal SAW requested to extend the application of the provisional measures prescribed under section 733(d) of the Act and 19 CFR 351.210(e)(2), from a four-month period to a six-month period. Suspension of liquidation will be extended accordingly.

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we notified the ITC of our preliminary affirmative determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: February 14, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
