

Disabilities Act for transportation vehicles that operate on fixed guideway systems (e.g., rapid rail, light rail, commuter rail, intercity rail, and high speed rail). See 78 FR 30828 (May 23, 2013).

The Committee will hold its third meeting on April 10, 2014, from 10 a.m. to 5 p.m. and on April 11, 2014, from 9:30 a.m. to 3 p.m. The agenda for the April meeting includes: Educational presentations; deliberation of committee member concerns pertaining to the accessibility of rail vehicles; consideration of process-related matters; and subcommittee meetings. On April 10, the Communications subcommittee will meet during the afternoon. On April 11, the On-Board Circulation subcommittee will meet in the morning and the Boarding and Alighting subcommittee will meet in the afternoon. Subcommittee meetings will occur in the same meeting room as the Committee meeting. The preliminary meeting agenda, along with information about the Committee, is available on our Web site (www.access-board.gov/rvaac).

Committee meetings will be open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have opportunities to address the Committee on issues of interest to them during a public comment period scheduled for the first day. Members of groups or individuals who are not members of the Committee may also have the opportunity to participate in subcommittees.

The meetings will be accessible to persons with disabilities. An assistive listening system, communication access real-time translation (CART), and sign language interpreters will be provided. Persons attending the meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/the-board/policies/fragrance-free-environment for more information).

Persons wishing to provide handouts or other written information to the Committee are requested to provide electronic formats to Paul Beatty via email at least five business days prior to the meetings so that alternate formats can be distributed to Committee members.

David M. Capozzi,
Executive Director.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Panel Member Survey to Develop Indicators of Resilient Coastal Tourism.

OMB Control Number: 0648-xxxx.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 29.

Average Hours per Response: Webinars, 60 minutes; surveys, 30 minutes.

Burden Hours: 116.

Needs and Uses: This request is for a new information collection.

The purpose of this survey is to better understand the factors that shape the tourism industry's ability to adapt to or bounce back from external shocks such as natural disasters, climate change, and economic downturns (i.e., resiliency) in order to develop a set of indicators to measure the resiliency of coastal tourism. To help gather this information, NOAA will conduct a multi-round, iterative survey process based on the Delphi Method, which is a structured method for eliciting and combining expert opinion. The method requires indirect interaction among experts through a moderator. Experts make individual judgments, and these judgments are shared anonymously with the whole group. After viewing other experts' judgments, each expert is then given the opportunity to revise his or her own judgments, and the process is repeated. Theoretically, the goal of the Delphi study is to reach a consensus after a few rounds. In reality this rarely happens; thus, at the end of the Delphi rounds, the experts' final judgments are typically combined mathematically.

NOAA will apply the Delphi Method to a multi-round survey of panels of individuals with experience and insight into tourism resiliency and/or the tourism industry in two geographic areas: (1) The Central North Carolina Coast, and (2) the San Francisco Bay Area (inner and outer coast). Data to be collected through the survey include factors that may prevent or facilitate tourism resiliency as well as ranking or rating of those factors; suggested resiliency indicators; relevance and usefulness of resiliency indicators; and levels of respondent certainty with regard to their responses.

Affected Public: Business or other for-profit organizations; not-for-profit organizations; state, local or tribal governments.

Frequency: One time.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this
