RIN 9000–AM78
Federal Acquisition Regulation; Incorporating Section K in Contracts
AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule.

SUMMARY: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to standardize the incorporation by reference of representations and certifications in contracts.

I. Background

DoD, GSA, and NASA are proposing to revise the language at FAR subpart 4.12, Representations and Certifications, and add a new clause at FAR 52.204–X to standardize the incorporation by reference of representations and certifications in contracts. The Uniform Contract Format, section K is the “Representations, certifications, and other statements of offerors or respondents”. Currently, FAR 15.204–1 requires incorporation by reference of section K into the contract.

Additionally, the standard contract award forms are inconsistent regarding the reference to Section K. Standard Forms (SF) 26 and 33, and Optional Forms 30a and 30b each have a block for the page numbers where Section K is located in the contract, whereas, the other solicitation/award forms (SFs 252, 1442, 1447, and 1449) are silent.

This case revises the language at FAR subpart 4.12, Representations and Certifications, and adds a new clause at FAR 52.204–X to standardize the incorporation by reference of representations and certifications in contracts regardless of which contract award form is used. The commercial items clause 52.212–4 will have a new paragraph (v) to cover this issue for commercial items.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because it only standardizes the incorporation by reference of representations and certifications in contracts.

However, an Initial Regulatory Flexibility Analysis has been performed and is summarized as follows:

The standard process is for the offeror to submit the representations and certifications with each proposal to demonstrate compliance with a variety of statutes and regulations. The proposed rule does not revise, change or impact the existing representations and certifications submissions done by small entities; therefore, this proposed rule will have no significant impact on a substantial number of small entities. There are no recordkeeping, reporting, or other compliance requirements associated with the proposed rule. The rule does not duplicate, overlap, or conflict with any other Federal rules.

The Regulatory Secretariat has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat. DoD, GSA, and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2014–001), in correspondence.

IV. Paperwork Reduction Act

The proposed rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
