##### I. Federal Award Description

The funds available for FY 2014 for Off-Farm Labor Housing are as follows: for Section 514 Loans \$23,854,913.53, for Section 516 grants \$8,336,000 and for FLH Rental Assistance \$1,500,000.

Applications will only be accepted through the date and time listed in this Notice. All awards are subject to availability of funding. Individual requests may not exceed \$3 million (total loan and grant).

No State may receive more than 30 percent of available FLH funding available in FY 2014. If there are insufficient applications from around the country to exhaust Sections 514 and 516 funds available, the Agency may then exceed the 30 percent cap per State. Section 516 off-farm FLH grants may not exceed 90 percent of the total development cost (TDC) of the housing as defined in 7 CFR 3560.11.

If leveraged funds are going to be used and are in the form of tax credits, the applicant must include in its pre-application written evidence that a tax credit application has been submitted and accepted by the Housing Finance Agency (HFA). All applications that will receive any leveraged funds must have firm commitments in place within 12 months of the issuance of a "Notice of Pre-application Review Action," Handbook Letter 103 (3560). Applicants without written evidence that a tax credit application has been submitted and accepted by the HFA must certify in writing they will apply for tax credits to the HFA and obtain a firm commitment within 12 months of the issuance of a "Notice of Pre-application Review Action."

Rental Assistance (RA) and operating assistance will be available for new construction in FY 2014. Operating assistance is explained at 7 CFR 3560.574 and may be used in lieu of tenant-specific RA in off-farm labor housing projects that serve migrant farm workers as defined in 7 CFR 3560.11, that are financed under Section 514 or section 516 (h) of the Housing Act of 1949, as amended (42 U.S.C. 1484 and 1486(h) respectively), and otherwise meet the requirements of 7 CFR 3560.574.

Please note that grant applicants must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number and maintain registration in the Central Contractor Registration Central Contractor Registration (CCR) prior to submitting a pre-application pursuant to 2 CFR 25.200(b). In addition, an entity applicant must maintain registration in the CCR database at all times during which it has an active Federal award or an application or plan under construction by the Agency. Similarly, all recipients of Federal financial assistance are required to report information about first-tier sub-awards and executive compensation in accordance with 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

### III. Application and Submission Information

#### 1. Pre-Application Submission

The application process will be in two phases: The initial pre-application (or proposal) and the submission of a final application. Only those pre-applications or proposals that are selected for further processing will be invited to submit final applications. In the event that a proposal is selected for further processing and the applicant declines, the next highest ranked unfunded pre-application may be selected for further processing. All pre-applications for Sections 514 and 516 funds must be filed with the appropriate Rural Development State Office and must meet the requirements of this Notice. Incomplete pre-applications will not be reviewed and will be returned to the applicant. No pre-application will be accepted after the deadline unless date and time are extended by another Notice published in the **Federal Register**.

Pre-applications can be submitted either electronically using the FLH Pre-application form found at: [[http://](http://www.rurdev.usda.gov/HAD-Farm_Labor_Grants.html)

[www.rurdev.usda.gov/HAD-Farm\\_Labor\\_Grants.html](http://www.rurdev.usda.gov/HAD-Farm_Labor_Grants.html)] or in hard copy obtained from and submitted to the appropriate Rural Development Office where the project will be located. Follow the link for the Rural Development Office address for requesting and submitting pre-application at: <http://www.rurdev.usda.gov/StateofficeAddresses.html>. Applicants are strongly encouraged, but not required, to submit the pre-application electronically. The electronic form contains a button labeled "Send Form." By clicking on the button, the applicant will see an email message window with an attachment that includes the electronic form the applicant filled out as a data file with a PDF extension. In addition, an auto-reply acknowledgement will be sent to the applicant when the electronic Loan Proposal form is received by the Agency unless the sender has software that will block the receipt of the auto-reply email. The State Office will record pre-applications received electronically by the actual date and time when all attachments are received at the State Office.

Submission of the electronic Section 514 Loan Proposal form *does not* constitute submission of the entire proposal package which requires additional forms and supporting documentation as listed within this Notice. You may use one of the following three options for submitting the entire proposal package comprising of all required forms and documents. On the Loan Proposal form you can indicate the option you will be using to submit each required form and document.

a. **Electronic Media Option.** Submit all forms and documents as read-only Adobe Acrobat files on electronic media such as CDs, DVDs, or USB drives. For each electronic device submitted, the applicant should include a Table of Contents of all documents and forms on that device. The electronic media should be submitted to the Rural Development State Office listed in this Notice where the property is located. Any forms and documents that are not sent electronically, including the check for credit reports, must be mailed to the Rural Development State Office.

b. **Email Option.** On the Loan Proposal form you will be asked for a Submission Email Address. This email address will be used to establish a folder on the USDA server with your unique email address. Once the Loan Proposal form is processed, you will receive an additional email notifying you of the email address that you can use to email your forms and documents. **Please Note:** All forms and documents must be

emailed from the same Submission Email Address. This will ensure that all forms and documents that you send will be stored in the folder assigned to that email address. Any forms and documents that are not sent in via the email option must be submitted on an electronic media or in hard copy form to the Rural Development State Office.

c. Hard Copy Submission to the Rural Development State Office. If you are unable to send the proposal package electronically using either of the options listed above, you may send a hard copy of all forms and documents to the USDA Rural Development State Office where the property is located. Hard copy pre-applications received on or before the deadline date will receive the close of business time of the day received as the receipt time. Hard copy pre-applications must be received by the submission deadline and no later than 5:00 p.m., local time, September 2, 2014. Assistance for filing electronic and hard copy pre-applications can be obtained from any Rural Development State Office.

For electronic submissions, there is a time delay between the time it is sent and the time it is received depending on network traffic. As a result, last-minute submissions sent before the deadline date and time could well be received after the deadline date and time because of the increased network traffic. Applicants are reminded that all submissions received after the deadline date and time will be rejected, regardless of when they were sent.

If a pre-application is accepted for further processing, the applicant must submit a complete, final application, acceptable to Rural Development prior to the obligation of Rural Development funds. If the pre-application is not accepted for further processing the applicant will be notified of appeal rights under 7 CFR part 11.

Documentation must be provided to justify a need within the intended market area for the housing of

"domestic farm laborers," as defined in 7 CFR 3560.11. The documentation must take into account disabled and retired farm workers. The preliminary survey should address or include the following items:

(a) The annual income level of farmworker families in the area and the probable income of the farm workers who will likely occupy the proposed housing;

(b) A realistic estimate of the number of farm workers who remain in the area where they harvest and the number of farm workers who normally migrate into the area. Information on migratory

workers should indicate the average number of months the migrants reside in the area and an indication of what type of family groups are represented by the migrants (*i.e.*, single individuals as opposed to families);

(c) General information concerning the type of labor intensive crops grown in the area and prospects for continued demand for farm laborers;

The plan will reflect that occupancy is open to all qualified “domestic farm laborers,” regardless of which farming operation they work, and that they will not discriminate on the basis of race, color, sex, age, disability, marital or familial status or National origin in regard to the occupancy or use of the units. The form can be found at: <http://portal.hud.gov/hudportal/documents/huddoc?id=935-2a.PDF>.

#### IV. Pre-Application Review Information

*Selection Criteria.* Section 514 loan funds and Section 516 grant funds will be distributed to States based on a national competition, as follows:

Rural Development State Office will accept, review, and score pre-applications in accordance with this Notice. The scoring factors are:

1. The presence of construction cost savings, including donated land and construction leverage assistance, for the units that will serve program-eligible tenants. The savings will be calculated as a percentage of the Rural Development TDC. The percentage calculation excludes any costs prohibited by Rural Development as loan expenses, such as a developer’s fee. Construction cost savings includes, but is not limited to, funds for hard construction costs, and State or Federal

funds which are applicable to construction costs. A minimum of 10 percent cost savings is required to earn points; however, if the total percentage of cost savings is less than 10 percent and the proposal includes donated land, two points will be awarded for the donated land. To count as cost savings for purposes of the selection criteria, the applicant must submit written evidence from the third-party funder that an application for those funds has been submitted and accepted points will be awarded in accordance with the following table using rounding to the nearest whole number.

Percentage	Points
75 or more .....	20
60–74 .....	18
50–59 .....	16
40–49 .....	12
30–39 .....	10
20–29 .....	8
10–19 .....	5
0–9 .....	0

2. The presence of operational cost savings, such as tax abatements, non-Rural Development tenant subsidies or donated services are calculated on a per-unit cost savings for the sum of the savings. Savings must be available for at least 5 years and documentation must be provided with the application demonstrating the availability of savings for 5 years. To calculate the savings, take the total amount of savings and divide it by the number of units in the project that will benefit from the savings to obtain the per unit cost savings. For non-Rural Development tenant subsidy, if the value changes during the 5 year calculation, the applicant must use the lower of the non-Rural Development tenant subsidy to calculate per unit cost savings. For example, a 10 unit property with 100 percent designated farm labor housing units receiving \$20,000 per year non-Rural Development subsidy yields a cost savings of \$100,000 (\$20,000 × 5 years); resulting to a \$10,000 per-unit cost savings (\$100,000/10 units).

Use the following table to apply points:

Per-unit cost savings	Points
Above \$15,000 .....	50
\$10,001–\$15,000 .....	35
\$7,501–\$10,000 .....	20
\$5,001–\$7,500 .....	15
\$3,501–\$5,000 .....	10
\$2,001–\$3,500 .....	5
\$1,000–\$2,000 .....	2

3. Percent of units for seasonal, temporary, migrant housing. (10 points for up to and including 50 percent of the units; 20 points for 51 percent or more

units used for seasonal, temporary, or migrant housing.)

4. Additional 10 points will be awarded to projects in persistent poverty counties. A persistent poverty county is a classification for counties in the United States that have had a relatively high rate of poverty over a long period. The Economic Research Service (ERS) (<http://ers.usda.gov/>) is the main source of economic information and research from the U.S. Department of Agriculture and a principal agency of the U.S. Federal Statistical System Located in Washington, DC

ERS of the U.S. Department of Agriculture has defined counties as being persistently poor if 20 percent or more of their populations were living in poverty over the last 30 years (measured by the 1980, 1990, and 2000 decennial censuses and 2007–2011 American Community Survey 5-year estimates).

5. Presence of tenant services.

a. Up to 25 points will be awarded based on the presence of and extent to which a tenant services plan exists that clearly outlines services that will be provided to the residents of the proposed project. These services may include, but are not limited to, transportation related services, on-site English as a Second Language (ESL) classes, move-in funds, emergency assistance funds, homeownership counseling, food pantries, after school tutoring, and computer learning centers.

b. Two points will be awarded for each resident service included in the tenant services plan up to a maximum of 10 points. Plans must detail how the services are to be administered, who will administer them, and where they will be administered. All tenant service plans must include letters of intent that clearly state the service that will be provided at the project for the benefit of the residents from any party administering each service, including the applicant.

6. Energy Initiative Properties.

a. *Energy Initiatives: Properties may receive a total maximum of 67 points for energy initiatives in the categories of energy conservation, energy generation, and green property management. Depending on the scope of work, properties may earn “energy initiative” points in one of two categories: (1) New Construction or (2) Purchase and Rehabilitation of an Existing Non-Farm Labor Housing Building. Projects will be eligible for one category of the two, but not both. The project architect’s affidavit should specify which category is applicable.*

*Energy programs including LEED for Homes, Green Communities, etc., will*

*each have an initial checklist indicating prerequisites for participation in its energy program. The applicable energy program checklist will establish whether prerequisites for the energy program’s participation will be met. All checklists must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable. In addition, projects that apply for points under the energy generation category must include calculations of savings of energy. Compare property energy usage of three scenarios: (1) Property built to required code of state with no renewables, (2) property as-designed with commitments to stated energy conservation programs without the use of renewables, and (3) property as-designed with commitments to stated energy conservation programs and the use of proposed renewables. Use local average metrics for weather and utility costs and detail savings in kWh and dollars. Provide payback calculations. These calculations must be done by a licensed engineer or credentialed renewable energy provider. Include with application, the provider/engineer’s credentials including qualifications, recommendations, and proof of previous work. Again, the certification must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable. Points will be award as follows:

- Participation in the Green Communities program by the Enterprise Community Partners. (53 points) <http://www.enterprisecommunity.com/solutions-and-innovation/enterprise-green-communities>. At least 30 percent of the points needed to qualify for the Green Communities program must be earned under the Energy Efficiency section of Green Communities.

AND

- Participation in local green/energy efficient building standards; Applicants who participate in a city, county or

An additional (2) points will be awarded for off-grid systems, or elements of systems, provided that at least 5 percent of on-site renewable system is off-grid. See [www.dsireusa.org](http://www.dsireusa.org) for State and local specific incentives and regulations of energy initiatives.

iv. Property Management Credentials (5 points). Projects may be awarded an additional 5 points if the designated property management company or individuals that will assume maintenance and operations responsibilities upon completion of construction work have a Credential for

Green Property Management. Credentialing can be obtained from the National Apartment Association (NAA), National Affordable Housing Management Association, The Institute for Real Estate Management, U.S. Green Building Council's Leadership in Energy and Environmental Design for Operations and Maintenance (LEED OM), or another source with a certifiable credentialing program. If there are two or more applications that have the same score and both cannot be funded, a lottery in accordance with 7 CFR 3560.56(c)(2)(ii) will be used to break the tie. If insufficient funds or RA remain for the next ranked proposal, that applicant will be given a chance to modify their pre-application to bring it within remaining funding levels. This will be repeated for each next ranked eligible proposal until an award can be made or the list is exhausted.

Rural Development will notify all applicants whether their applications have been accepted or rejected and provide appeal rights under 7 CFR part 11, as appropriate.

## DEPARTMENT OF COMMERCE

### Economic Development Administration

#### Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

**AGENCY:** Economic Development Administration, Department of Commerce.

**ACTION:** Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 et seq.), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.
