**FOR FURTHER INFORMATION CONTACT:** Malcolm Mohead, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** Permit No. 16436 was issued April 6, 2012 (77 FR 21754) to the Permit Holder to capture Atlantic sturgeon life stages in the Hudson River estuary to assess juvenile abundance, characterize the adult spawning stock, and generate population estimates. Atlantic sturgeon were authorized captured with gill nets, trammel nets, and trawls; measured, weighed, tissue sampled, fin clipped for aging, PIT tagged and Floy tagged, internally and externally acoustic tagged, anesthetized with 150 ppm MS-222, and gastric lavaged.

The permit modification (Permit No. 16436-01) now consolidates takes of shortnose sturgeon issued in Permit No 16439 with those Atlantic sturgeon authorized in Permit No. 16436. Permit No. 16439 was terminated upon issuance of the modification. The takes of both Atlantic and shortnose sturgeon were increased in the modification to meet further objectives, including understanding impacts on each species from (1) construction of the Tappan Zee Bridge; (2) laying high voltage cable in the Hudson River; and (3) measuring contaminants levels in the Hudson River. New methods authorized in the modification include contaminant research sampling by performing laparoscopic liver biopsy, and anesthetizing animals with 250 mg/l MS-222 and electro-narcosis. A total of three incidental mortalities of shortnose and Atlantic sturgeon are now authorized annually as a result of increased research activity. The modification would be valid through the original expiration date of Permit No. 16436 on April 5, 2017.

Issuance of this permit modification, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered or threatened species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

The Proposed Policy Statement

provided a 30-day comment period that will end on August 22, 2014. To allow interested persons additional time to consider and submit their responses, the Bureau has determined that an extension of the comment period until September 22, 2014, is appropriate.

**DATES:** The comment period for the Disclosure of Consumer Complaint Narrative Data Proposed Policy Statement published July 23, 2014, at 79 FR 42765, is extended. Responses must now be received on or before September 22, 2014.

**FOR FURTHER INFORMATION CONTACT:** For general inquiries, submission process questions, or any additional information, please contact Monica Jackson, Office of the Executive Secretary, 202-435-7275.

**SUPPLEMENTARY INFORMATION:** On July 17, 2014, the Bureau issued the Proposed Policy Statement. The Proposed Policy Statement was published in the *Federal Register* on July 23, 2014. The Proposed Policy

Statement seeks comment, data and information from the public on the Bureau's proposal to include narratives in the Consumer Complaint Database.

On December 8, 2011, the Bureau published in the *Federal Register* a proposed policy statement describing its plans to disclose certain data about the credit card complaints that consumers submit to the Bureau (December 2011 Proposed Policy Statement).<sup>1</sup> After receiving and considering a number of comments, the Bureau finalized its plans for publically disclosing data from consumer credit card complaints and published the final policy statement on June 22, 2012 (June 2012 Policy Statement).<sup>2</sup>

Also on June 22, 2012, the Bureau concurrently published in the *Federal Register* a proposed policy statement describing its plans to disclose data from consumer complaints about financial products and services other than credit cards (June 2012 Proposed Policy Statement).<sup>3</sup> After receiving and considering a number of comments, the Bureau published the final policy statement on March 25, 2013 (March 2013 Policy Statement).<sup>4</sup> In the June 2012 Proposed Policy Statement, the Bureau did not propose including narratives in the Consumer Complaint Database.

Notwithstanding this, the Bureau received a significant number of comments specific to narrative disclosure. Consumer, civil rights, and open government groups supported disclosure on the grounds that disclosing narratives would provide consumers with more useful information on which to base financial decisions and would allow reviewers to assess the validity of the complaints.

Two privacy groups, while acknowledging privacy risk stemming from publication of "non-identifiable" data and calling for further study, supported disclosure on an opt-in basis. Trade groups and industry commenters nearly uniformly opposed disclosure of consumer complaint narratives.

The Bureau believes that the utility of the overall Consumer Complaint Database would greatly increase with the inclusion of narratives. This could lead to increased use by advocates, academics, the press, and entrepreneurs, which itself would lead to increased consumer contacts with the Bureau.

The Bureau believes that the aforementioned increase in benefits and utility would lead to an increase in

consumer contacts, which would have a positive effect on Bureau operations. As a critical mass of complaint data is achieved and exceeded, the representativeness of Bureau complaint data increases. Thus, narratives would not only enhance the above consumer benefits but also the many Bureau functions that rely, in part, on complaint data to perform their respective missions including the Offices of Supervision, Enforcement, and Fair Lending, Consumer Education and Engagement, and Research, Markets, and Rulemaking.

The Bureau balances interested parties' desire to have additional time to consider the issues raised in the Proposed Policy Statement, gather data, and prepare their responses, with the need to proceed expeditiously to consider comments and determine whether to issue a final policy statement. The Bureau believes that a 60-day extension is appropriate. The comment period therefore will close on September 22, 2014.

Dated: July 29, 2014.
