Endangered and Threatened Wildlife and Plants; Designation of Critical Habitat for the Northwest Atlantic Ocean Distinct Population Segment of the Loggerhead Sea Turtle; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule; technical amendment.

SUMMARY: We, the U.S. Fish and Wildlife Service, published a final rule in the Federal Register on July 10, 2014, that designated specific areas in the terrestrial environment of the U.S. Atlantic and Gulf of Mexico coasts as critical habitat for the Northwest Atlantic Ocean distinct population segment of the loggerhead sea turtle under the Endangered Species Act of 1973, as amended. On July 23, 2014, we published another final rule that set forth additions, removals, updates, and corrections to the List of Endangered and Threatened Wildlife for marine and anadromous taxa, including the loggerhead sea turtle. Neither the July 10, 2014, final rule nor the July 23, 2014, final rule presented a complete and accurate entry for the loggerhead sea turtle in the List of Endangered and Threatened Wildlife; the complete and accurate entry is a combination of the
The July 10 and July 23 rules were developed simultaneously for different purposes, and both rules amended the entry on the List for the Northwest Atlantic Ocean DPS of the loggerhead sea turtle for different reasons.

The entry in the List for the Northwest Atlantic DPS of the loggerhead sea turtle in the July 10, 2014, final rule did not incorporate the uniform language adopted in the July 23, 2014, final rule for all DPSs of loggerhead sea turtle for the following columns: (1) Common name, and (2) Vertebrate population where endangered or threatened. The July 10, 2014, final rule also did not list the applicable citations for NMFS protective regulations in the “Special rules” column of the List for the DPS. Lastly, it did not cite NMFS’ designation of critical habitat in the marine environment for the DPS.

We regret the errors presented in the differing List entries for this species and any confusion they have caused. In this document, we are publishing this correction. In this document, we are also correcting the heading (title) of our (terrestrial environment) critical habitat entry for the Northwest Atlantic DPS of the loggerhead sea turtle so that it includes “DPS” in order to match the information in the DPS’s entry in the List. This document does not increase, decrease, or otherwise revise in any way the threatened species status or critical habitat designation for the Northwest Atlantic DPS of the loggerhead sea turtle.
