[MB Docket No. 15–2, RM–11744; DA 15–15]

Television Broadcasting Services; Lansing, Michigan

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by WL AJ–TV LLC, the licensee of station WL AJ–TV, channel 51, Lansing, Michigan, requesting the substitution of channel 25 for channel 51 at Lansing. While the Commission instituted a freeze on the acceptance of full power television rulemaking petitions requesting channel substitutions in May 2011, it subsequently announced that it would lift the freeze to accept such petitions for rulemaking seeking to relocate from channel 51 pursuant to a voluntary relocation agreement with Lower 700 MHz A Block licensees. WL AJ–TV LLC has entered into such a voluntary relocation agreement with T-Mobile USA, Inc. and states that operation on channel 25 would eliminate potential interference to and from wireless operations in the adjacent Lower 700 MHz A Block.

DATES: Comments must be filed on or before January 30, 2015, and reply comments on or before February 9, 2015.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 445 12th Street SW., Washington, DC 20554. Promoting Innovation and Competition in the Provision of Multichannel Video Programming Distribution Services

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Commission proposes new rules designed to better reflect the fact that video services are being provided increasingly over the Internet. Specifically, we propose to modernize our interpretation of the term “multichannel video programming distributor” (“MVPD”) by including within its scope services that make available for purchase, by subscribers or customers, multiple linear streams of video programming, regardless of the technology used to distribute the programming. Such an approach will ensure both that incumbent providers will continue to be subject to the pro-competitive, consumer-focused regulations that apply to MVPDs as they transition their services to the Internet and that nascent, Internet-based video programming services will have access to the tools they need to compete with established providers.

DATES: Comments are due on or before February 17, 2015, and reply comments are due on or before March 2, 2015.

ADDRESSES: You may submit comments, identified by MB Docket No. 14–261, by any of the following methods:

• Federal Communications Commission’s Web Site: http://fjallfoss.fcc.gov/ecfs2/. Follow the instructions for submitting comments.

• People with Disabilities: Contact the FCC to request reasonable accommodations (accessible format documents, sign language interpreters, CART, etc.) by email: FCC504@fcc.gov or phone: 202–418–0530 or TTY: 202–418–0432.

For detailed instructions for submitting comments and additional information on the rulemaking process, see the SUPPLEMENTARY INFORMATION section of this document.

Executive Summary

In the Notice of Proposed Rulemaking (“NPRM”), we propose to update our rules to better reflect the fact that video services are being provided increasingly over the Internet.
