#### **Polyethylene Retail Carrier Bags From the People’s Republic of China: Rescission of Antidumping Duty Administrative Review; 2013–2014**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* January 30, 2015.

**FOR FURTHER INFORMATION CONTACT:** Jerrold Freeman or Minoo Hatten AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0180 and (202) 482–1690, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On August 1, 2014, the Department of Commerce (the Department) published a notice of opportunity to request an administrative review of the antidumping duty order on polyethylene retail carrier bags (PRCBs) from the People’s Republic of China (PRC) for the period of review (POR) August 1, 2013, through July 31, 2014.<sup>1</sup> On August 29, 2014, the petitioners, the Polyethylene Retail Carrier Bag Committee and its individual members,

Hilex Poly Co., LLC, and Superbag Corporation, requested an administrative review of the order with respect to Dongguan Nozawa Plastics Products Co., Ltd. and United Power Packaging, Ltd. (collectively, Nozawa).<sup>2</sup> On September 30, 2014, in accordance with section 751(a) of the Tariff Act of 1930, as amended (Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on PRCBs from the PRC with respect to Nozawa.<sup>3</sup> On December 16, 2014, the petitioners timely withdrew their request for an administrative review of Nozawa.<sup>4</sup>

#### **Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, “in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review.” The petitioners withdrew their request for review within the 90-day time limit. Because we received no other requests for review of Nozawa and no other requests for the review of the order on PRCBs from the PRC with respect to other companies subject to the order, we are rescinding the administrative review of the order in full in accordance with 19 CFR 351.213(d)(1).

#### **Assessment**

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of PRCBs from the PRC during the POR at rates equal to the cash deposit or bonding rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

#### **Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement

of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### **Notification Regarding Administrative Protective Order**

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### **Pure Magnesium From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2013–2014**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (“Department”) is conducting an administrative review of the antidumping duty order on pure magnesium from the People’s Republic of China (“PRC”). The period of review (“POR”) is May 1, 2013, through April 30, 2014. This review covers one PRC company, Tianjin Magnesium International, Co., Ltd. (“TMI”) and Tianjin Magnesium Metal Co., Ltd. (“TMM”) (collectively “TMI/TMM”).<sup>1</sup>

<sup>1</sup> The Department initiated the instant review on both TMM and TMI. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 79 FR 36462 (June 27, 2014) (“*Initiation Notice*”). In the 2011–2012 review of the order, the Department

<sup>1</sup> See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 79 FR 44740 (August 1, 2014).

The Department preliminarily finds that TMI/TMM did not have reviewable entries during the POR. The Department invites interested parties to comment on these preliminary results.

**DATES:** *Effective Date:* January 30, 2015.

**FOR FURTHER INFORMATION CONTACT:**

Brendan Quinn, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5848.

**Scope of the Order**

Merchandise covered by the order is pure magnesium regardless of chemistry, form or size, unless expressly excluded from the scope of the order. Pure magnesium is a metal or alloy containing by weight primarily the element magnesium and produced by decomposing raw materials into magnesium metal. Pure primary magnesium is used primarily as a chemical in the aluminum alloying, desulfurization, and chemical reduction industries. In addition, pure magnesium is used as an input in producing magnesium alloy. Pure magnesium encompasses products (including, but not limited to, butt ends, stubs, crowns and crystals) with the following primary magnesium contents:

- (1) Products that contain at least 99.95% primary magnesium, by weight (generally referred to as “ultra pure” magnesium);
- (2) Products that contain less than 99.95% but not less than 99.8% primary magnesium, by weight (generally referred to as “pure” magnesium); and
- (3) Products that contain 50% or greater, but less than 99.8% primary magnesium, by weight, and that do not conform to ASTM specifications for alloy magnesium (generally referred to as “off-specification pure” magnesium).

“Off-specification pure” magnesium is pure primary magnesium containing magnesium scrap, secondary magnesium, oxidized magnesium or impurities (whether or not intentionally added) that cause the primary

determined TMM and TMI to be collapsed and treated as a single company for purposes of the proceeding. See *Pure Magnesium From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2011–2012*, 79 FR 94 (January 2, 2014) and accompanying Issues and Decision Memorandum at Comment 5. As this collapsing determination remains unchallenged in this review, the instant preliminary results of this review cover the single TMM/TMI company. This is consistent with the Department's treatment of the single TMM/TMI company under identical circumstance in the prior 2012–2013 no shipments review (see *Pure Magnesium from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012–2013*, 79 FR 29416 (May 22, 2014)).

magnesium content to fall below 99.8% by weight. It generally does not contain, individually or in combination, 1.5% or more, by weight, of the following alloying elements: Aluminum, manganese, zinc, silicon, thorium, zirconium and rare earths.

Excluded from the scope of the order are alloy primary magnesium (that meets specifications for alloy magnesium), primary magnesium anodes, granular primary magnesium (including turnings, chips and powder) having a maximum physical dimension (*i.e.*, length or diameter) of one inch or less, secondary magnesium (which has pure primary magnesium content of less than 50% by weight), and remelted magnesium whose pure primary magnesium content is less than 50% by weight.

Pure magnesium products covered by the order are currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 8104.11.00, 8104.19.00, 8104.20.00, 8104.30.00, 8104.90.00, 3824.90.11, 3824.90.19 and 9817.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

**Background**

On May 1, 2014, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on pure magnesium from the PRC for the period May 1, 2013 through April 30, 2014.<sup>2</sup> On June 2, 2014, U.S. Magnesium LLC (“U.S. Magnesium”), a domestic producer and Petitioner in the underlying investigation of this case, made a timely request that the Department conduct an administrative review of TMI and TMM.<sup>3</sup> On June 27, 2014, in accordance with section 751(a) of the Tariff Act of 1930, as amended (“the Act”), the Department published in the **Federal Register** a notice of initiation of this antidumping duty administrative review.<sup>4</sup> On July 22 and 23, 2014, TMM and TMI separately submitted letters to the Department certifying that they did not export pure magnesium for consumption in the United States during the POR.<sup>5</sup>

<sup>2</sup> See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 79 FR 24670, 24671 (May 1, 2014).

<sup>4</sup> See *Initiation Notice*.

<sup>5</sup> See letter from TMM, “Pure Magnesium from the People's Republic of China; A-570–832; Certification of No Sales by Tianjin Magnesium

On December 17, 2014, the Department placed on the record information obtained in response to a query to U.S. Customs and Border Protection (“CBP”) concerning imports into the United States of subject merchandise during the POR.<sup>6</sup> This information indicates that there were no entries of subject merchandise during the POR exported by TMI or TMM. In addition, on November 4, 2014, the Department notified CBP that it was in receipt of a no-shipment certification from TMI and TMM and requested CBP to report any contrary information within 10 days.<sup>7</sup> CBP did not report any contrary information.

**Preliminary Determination of No Shipments**

As noted in the “Background” section above, TMI and TMM each submitted timely-filed certifications indicating that it had no shipments of subject merchandise to the United States during the POR. The Department's review of CBP data supports this certification,<sup>8</sup> CBP did not provide any evidence that contradicts TMI or TMM's claim of no shipments,<sup>9</sup> and no interested party provided comment concerning the results of the CBP query.

Therefore, based on TMI and TMM's certification and analysis information of the record, the Department preliminarily determines that TMI/TMM did not have any reviewable entries during the POR. In addition, the Department finds that consistent with its recently announced refinement to its assessment practice in non-market economy (“NME”) cases, it is appropriate not to rescind the review in part in this circumstance but, rather, to complete the review with respect to TMI/TMM and to issue appropriate instructions to CBP based on the final results of the review.<sup>10</sup>

## Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. Additionally, pursuant to a recently announced refinement to its assessment practice in NME cases, if the Department continues to determine that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.<sup>13</sup>

## Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For TMI/TMM, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to TMI/TMM in the most recently completed review of the company; (2) for previously investigated or reviewed PRC and non-PRC exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 141.49 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

## Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period. Failure to comply with this requirement could result in the

### Countervailing Duty Investigation of Boltless Steel Shelving Units Prepackaged for Sale from the People's Republic of China: Preliminary Determination and Alignment of Final Determination With Final Antidumping Duty Determination

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the "Department") preliminarily determines that countervailable subsidies are being provided to producers and exporters of boltless steel shelving units prepackaged for sale ("boltless steel shelves") from the People's Republic of China (the "PRC"). We invite interested parties to comment on this preliminary determination.

**DATES:** *Effective Date:* January 30, 2015.

**FOR FURTHER INFORMATION CONTACT:** Susan Pulongbarit or Paul Walker, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone 202.482.4031 or 202.482.0413, respectively.

### SUPPLEMENTARY INFORMATION:

### Scope of the Investigation

The scope of the investigation covers boltless steel shelving units prepackaged for sale, with or without decks. The term "prepackaged for sale" means that, at a minimum, the steel vertical supports (*i.e.*, uprights and posts) and steel horizontal supports (*i.e.*, beams, braces) necessary to assemble a completed shelving unit (with or without decks) are packaged together for ultimate purchase by the end-user. The scope also includes add-on kits. Add-on kits include, but are not limited to, kits
